Paul E. Reynolds, Pastor

Nothing speaks better for us than the interest we take in Christ's Church. It should be our supreme delight to do all we can to make His presence and power felt throughout the world and we can best do this through His Church. May our prayers, our presence, and our gifts ever witness before the world our devotion to Him.

9:45 A. M.—Church School, J. S. Kreeger, Supt. Teach this devotion to your children and your neighbor and they will ever be grateful to you.

11:00—Morning worship, sermon by the pastor. There is always a place for those who wish to join with us in fellowship of worship.

7:30—Evening worship, sermon by the pastor. God wishes to use this means of grace to help you; do not neglect what He offers for your good.

7:30—Wednesday evening service at the church for praise, prayer, and Bible study. God can best help those who wish to be helped. Let Him help you.

SHREWSBURY CHURCH
Near Kennedyville, Md.
Rev. Charles L. Atwater, Rector

Sunday, November 22—

2:30 P. M.—Evening Service, with Sermon by the Rector.

Thanksgiving Service, November 26, 9:30 A. M.

What is said above under Emmanuel Church Notices applies to the Shrewsbury Congregation also. The Rector will add that the Children's Home depends on these Thanksgiving Offerings for their maintenance and winter provisions. No better way of expressing our own appreciation to God for His bounty and care can be made than by providing for the children who have lost their parents, or whose parents are unable to take proper care of them. This note only needs go be NOTICED and REMEMBERED, as the generosity of our people is unquestioned.

THE FORD V·8 FOR 1937
The Quality Car in the Low-price Field

V·8 85 HORSEPOWER • Maximum Performance with Good Economy • Bore, 3.062 in. Stroke, 3.75 in. Displacement, 221 cu. in.

V·8 60 HORSEPOWER • Good Performance with Maximum Economy • Bore, 2.6 in. Stroke, 3.2 in. Displacement, 136 cu. in.

Two Engine Sizes - One Wheelbase
AND A NEW LOW PRICE

THE New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your needs.

$25 a month, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

FEATURES

APPEARANCE—A newly designed car. Headlamps recessed in fender aprons. Modern lid-type hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET—A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Poise Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES—New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY—Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.
