GIVE HIM THE TIE THAT IS

A STEP AHEAD

IN STYLE AND STAMINA

THESE TWIN FLEX TIES have been styled to set the pace in cravat smartness this holiday season. They're hand-tailored from notably fine fabrics that have the official nod of approval from the most exalted style authorities. But there's more to these ties than just what meet your eyes. You'll choose them because they are strikingly smart but the lucky chap who gets them will wear them longer than ordinarily because they're made with a double lining. That additional lining gives them extra stamina to withstand the strain of continual tying. It keeps them "COMING BACK" as smooth and smart as ever.

Hundreds of patterns to select from in plain or fancy patterns.
Silk and wool in spaced figures, stripes or jacquard patterns.
These very unusual and distinct designs in exact reproductions of Cathedral windows, such as Notre Dame, and Rheims, Paris, Choir Window from Milano and Doges Palace, Venice.
Others designed from rare hand-tooled Italian Book Bindings.
All attractively boxed and wrapped for Christmas giving.
