CHURCH NOTES

METHODIST EPISCOPAL CHURCH
Chestertown, Md.
Paul E. Reynolds, Pastor

Every day in our life is an opportunity for God. The sum total of these days will be the difference between well done thou good and faithful servant and Depart from Me ye that work iniquity. By His grace, let us be faithful.

9:45 A. M.—Church School, J. S. Kreeger, Supt.

To be punctual is a part of faithfulness. Join in the study of His Word each Sabbath with His people.

11:00—Morning worship, sermon by the pastor.

Only those who desire help receive it. Those who ask receive. Those who seek find. Those who know find the door opened.

7:30—Evening worship, sermon by the pastor.

Our revival meetings will continue each evening except Saturday until January 17. We extend an invitation to all to come and take part in these meetings and God will do us good.

ROCK HALL M. E. CHURCH
F. Charles Louhoff, Jr., Pastor

Services Sunday, January 10, 1937:

Bible School at 9:45 A. M., Stanley Grant, Supt.

Let us not neglect our Church School attendance during the New Year, make it a habit to be present every Sunday, as the school needs you and you need the school.

The pastor, The Rev. Charles E. Davis, will preach, presenting a special theme each evening.

The Ladies Aid Society meeting has been postponed this month, owing to the special services being held at this time.

Franklin Popular in Paris

When Benjamin Franklin, the American commissioner, reached Paris in 1776 he was welcomed with wonderful unanimity. His fame as a philosopher, his unfailing good humor, the dignity, self-possession, and ease of his manners, the plainness of his dress, his habit of wearing his straight, thin gray hair without powder, contrary to the fashion of that day in France, acted as a spell. Yet he is credited with saying "Eat to please thyself, but dress to please others."

Phone 2. Chestertown, Md.

THEY GET YOUR NUMBERS

Mabel C. Reid, left, and Mary A. Bond, long distance operators, and the major long distance telephone routes serving the United States. From New York, Miami and San Francisco are shown radio circuits extending to other countries of the world.

Almost instantaneous telephone service prevails on the greater number of the 400 daily long distance calls now being made across the continent. The average time now required to complete a call is generally less than two minutes, while in 1926 about twenty-five minutes was necessary for such a connection.

Transcontinental telephone service was inaugurated twenty years ago in impressive ceremonies of talking between Washington and New York, and San Francisco. President Woodrow Wilson, Dr. Alexander Graham Bell, inventor of the telephone, and the late Thomas A. Watson, who assisted in the early development of telephone communication, took part.

So rapid has been the increase in the use of this transcontinental telephone service that four direct circuits are now operated between the East and West—two between New York and Los Angeles and two to San Francisco. Not only this, but the original transcontinental telephone line has been supplemented by four additional routes.

Requirements for telephone service over the various routes have increased until today, according to the Bell Telephone Quarterly, there are more than 100 through long distance telephone circuits across the western states which connect with the New York-Chicago cable for transcontinental service.

The first successful coast-to-coast telephone circuit marked a very significant stage in a long struggle to extend the distance over which telephone communication could be conducted—a struggle which began with the two-mile line between Boston and Cambridge in 1876 and which, in 1911, had advanced to the 2,200-mile line between New York and Denver. The opening of service between New York and Chicago in 1892 and between New York and Omaha in 1897 had been momentous events in this westward march of the long distance telephone.

Easy Pleasant Way To LOSE FAT

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent hips and abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scale to-day and see how much you weigh—then get a bottle of Kruschen Salts that costs next to nothing and which will last you 4 weeks. Take one half teaspoonful in a glass of hot water in the morning—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends, "One bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

But refuse imitations—safeguard your health—you loose fat SAFELY the Kruschen way.

NOTE—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 65c.
