## BASKET BALL GAME SATURDAY NIGHT

*Delaware To Be Visitors*

Washington College will play Delaware tonight, Saturday, at the Chestertown Armory and a large crowd of spectators is expected. While this is not a league game, the athletic rivalry that exists between these two peninsula colleges draws large numbers of fans from both sections.

Yesterday, Friday, Washington played Mount St. Mary's at Emmitsburg and the team left here yesterday morning expecting one of the the hardest fights in the League season. It will be remembered that last year these two teams played a three game series to determine the State championship, Washington winning. This game will probably have a decided bearing on the State championship this year.

Mount St. Mary's and Hopkins are leading in the league at this early date the former having defeated Loyola and the latter winning over Washington.

Washington lost to Hopkins last Friday night in a complete upset but the following night, last Saturday, won a one-sided victory over Western Maryland at Chestertown.

## R. CLARK DAVIS REELECTED TO HEAD THE CHESTERTOWN FIRE COMPANY

*Company Answers Sixty Alarms During The Past Year, Thirty-Nine Rural, Twenty-One In Town*

*Herman Blackway Selected As Chief Of Fire Fighters*

Mr. R. Clark Davis was re-elected president of the Chestertown Volunteer Fire Company at the annual meeting of that organization on Monday evening of this week. Mr. Davis was first elected to that office last year and in making his report of the activities during the past year he commented on the efficiency of the fire fighting unit and the complete harmony among the members that has existed during the year. He stated that the Ladies Auxiliary, with its 200 members was one of the most efficient organizations of its kind on the Eastern Shore and that the band organization had practically paid all its expenses for the year through money prizes won in competition. The complete report will be found on page 2 together with the report of the secretary, Mr. William Blackney.

Other officers elected for the coming year were:

1st Vice Pres.—John R. Hadaway.
2nd Vice Pres.—R. H. Collins, Jr.
3rd Vice Pres.—W. F. Malin.
Chief—Herman Blackway.
Secretary—William Blakney.
Treasurer—John R. Hadaway.
Asst. Secy.—L. B. Van Petten.
Fin. Secy.—H. G. Blyman.
Surgeon—H. G. Simpers.
Chaplain—Rev. C. L. Atwater.
Directors—Dell Henderschott, W. R. Hubbard, W. H. Elliott, S. Scott Beck.
House Committee — Richard George, Ben Hessey, Joseph Lewis, John C. Hadaway.
Band Committee—A. L. Sparks, W. L. Fowler, L. B. Van Petten, Earl Capel.

The report of Chief Blackway of the activities of the fire fighting unit during the past year showed that the company answered 60 alarms, 21 of which were in Chestertown and 39 in the rural sections. Of the rural calls 8 were in Queen Anne's county.

The estimated damage by fire in the area served by the Chestertown Company was— Chestertown $1139; rural section $21,322. The large amount of damage by fire in the rural sections was attributed to the time of getting to the fire, lack of water and in a number of instances the fire company was not called until the building was burned down and fear was felt for other property.

During the past year the membership of the fire company was increased, particularly by associate membership in the rural sections.

At the annual meeting it was voted to hold the annual fire company banquet in the near future.

Turn to page 2 for the annual report of the president and secretary which includes many interesting facts about the activities of the fire company.

## MERCHANTS HOLD SALE TAX MEETING

*Will Fight Any Effort To Re-Enact Measure*

At the time of going to press everything was in readiness for a meeting of merchants and business men of Kent County for the purpose of organizing a method of fight to prevent any possibility of the Maryland Legislature re-enacting a sales tax to provide funds for relief in the State.

The meeting was scheduled for Friday night and will be presided over by Mr. Samuel Dorf, anti-sales tax representative for this section.

A gross sales tax was the first measure passed for the purpose of raising funds for relief but at the last general session of the Legislature, sufficient influence was exerted to shift the tax to corporations, liquor and affected by the present tax are expected to wage a fight against repassage of this bill and if the fight is sufficiently strong the tax will probably be shifted to some other commodities.

With relief in the State practically necessary due to Federal practices, particularly the old age pension clause, there is little likelihood but that some special taxes will be passed. The new system of taxes will probably fall on those who offer the least resistance and it is with this knowledge that the merchants of the State are determined not to be caught napping.

## Silvester Wallace Gets 12 Months In Cut

Silvester Wallace, colored is in again and will stay in for twelve months having been sentenced for that period of time by Justice W. G. Smyth on Monday of this week. The filling station operated by Mr. Jeff Ayres at Fairlee was robbed of a small quantity of cigarettes, razor blades, and cigars last week. Deputy Sheriff John Bennett, Jr., arrested Wallace after hearing that he had sold some cigarettes.

Wallace tried his own case and his efforts to establish an alibi were equal to make a professioal shyster lawyer look like a school boy. He summoned his Chestertown friends and vainly tried to get statements from them that would help his cause. He asked one if he did not give him (Wallace) the gloves which were being used as evidence. The reply was "I ain't got no gloves myself, why for should I give you a pair."

Justice Smith said twelve months; Wallace said thank you Judge; Judge Smith said I can make it eighteen; Wallace said no boss Ise well satisfied with twelve. Wallace had been out of jail only a few hours after serving a sentence for disorderly conduct when he committed the robbery.

## STEPHEN R. COLLINS WAS ELECTED PRESIDENT *of* FIRST NATIONAL BANK

*Will Continue Law Practice and States Attorney Work*

*W. R. Huey Made Director At Stockholders Meeting*

Mr. Stephen R. Collins, prominent attorney of Chestertown, was elected president of the First National Bank of Chestertown at a organization meeting of the Directors of that bank on Wednesday of this week. He was elected a director at the annual stockholders meeting on Tuesday and the following day was named president to fill the vacancy caused by the death of the late W. B. Copper.

Mr. Collins was born in Chestertown and started his education in the public schools here. He later entered Washington College and graduated from that institution with honors in the class of 1915. Following graduation he entered the employ of the Du Pont Company in Wilmington and resigned to enter the Army in 1917. He was in the service until the conclusion of the war in 1918 after which he returned to Chestertown and became engaged in the real estate business. In 1922 he entered the University of Maryland Law School and passed the Maryland Bar examination after his second year. He however completed his couse of study at that institution, graduating in 1925. While attending law school he was employed in the legal department of the United States Fidelity and Guaranty company. Following his graduation in June of that year he returned to Chestertown and took up the practice of law. In 1926 he was elected States Attorney for Kent County and assumed the duties of that office January 1st, 1927. He has since been elected twice as States Attorney without opposition.

Mr. Collins is the son of Mrs. Elizabeth H. Collins and the late R. T. D. Bowers, P. M. Brooks, R. H. Collins, Jr., S. R. Collins, W. R. Huey, Ellsworth C. Leary, Walter U. Lusby, H. Stockton Startt, W. R. Stavely and Andrew W. Wilson.

## HIGH SPOTS FROM THE HIGH SCHOOL

By EMORY HINES

The inauguration of President Roosevelt next Wednesday will draw most of the Eagle Scouts from Chestertown High. As scouts of this rank have been invited by the government to attend in a body, Washington will probably see Gerson Bonnett, Howard Strong, Jr., Milton Dorf and Francis Mead among the throngs that are expected to attend. The boys only recently attained their present rank, and it is of an interesting keynote to see them participate in public event to readily. (I'll ave to secure an interview with one of them after their journey, for I think it would make a good source of reading matter.)

With the present issuing of the January Reflector, the school's newest innovation was introduced to the student—a moving picture camera with sound attachment. The projector, which recently was used in the "talkies" that have been mentioned last week, has been purchased by the school after several other machines that did not boast of sound equipment were used. The camera naturally showed improvement over the silent ones tried and has certainly favorably impressed all the students who heard and saw its "abilities." Silent operation and clearness in sound were recognized by everyone. The greatest use for this new edition to the school will be in the way of educational purposes that will be closely related to subjects of our curricula. A nominal carge will be made for the present to help pay for the machine with a few free programs possibly to be presented in the future. The students now look forward with enthusiasm to such pictures as "Texas Tornado", "Evolution", "Jesus of Nazareth", "Law and the Lawless", "Gold", and "Via Poney Express".

State tests occupied all of the English periods last Wednesday when they were given to both upper and lower classmen of the school. The hour test included questions derived from reading on all subjects (such as English, science, mathmatices, social science, etc.) and is the first to be given this school year. The results have not been tabulated as this goes to press, but next week I'll have the high scorers to give to you.

Formed early in December but neglecting to receive its deserving attention in this column was a boys' glee club under the supervision of Mr. Stenger. As yet, only one meeting has been held; in it, Bill Miller was elected president, and Bill Wright, librarian. Joe Weer will act as pianist.

Dragon! I often wonder just what one thinks of when he hears it murmured. Anyway, just now the only thought of the staff is towards a substantial financial basis with the date of February first the "day that tells the story." This month will complete all the campaigns for the yearbooks sales with $225 being required to be in the treasury in order to continue publication. Over fifty per cent of the annual's promised subscribers have lived up to their obligation and paid, but it is essential for those remaining to uphold their end of the bargain.

Temple University again this year presents a novel sort of convention which will convene there this time as a mock Pan-American Congress. Invitations have been received by C. H. S. as have other schools in Maryland, Delaware, New Jersey, and Pennsylvania. Each high school will represent one country, such as Brazil or Peru, with it being assigned in accordance to the school's enrollment. Students are to present their country's views as they themselves see them, after which true consuls will offer the actual points of view. Members of the Debate Club more than likely will make the trip although it has not been definately decided up as yet.

Since the writing of my last week's news, the local high has acquired two more new students on its roll books. Charlotte Jane Curry, hailing from New York City, is now a member of the senior class, following the academic course. The other newster that is among us is Dorothy Riedy from Preston, Maryland, who entered the first yearmen.

The forming of a student council is the newest idea that the Reflector is starting and backing up this month. A long desired objective, the publication sees only its beginning by a stimulated interest of the students themselves. Because of this feeling, a meeting was called in assembly last Friday, the fifteenth, of all pupils interested in forming such a government. However, since this column goes to press Friday, the results and accomplishments cannot be recorded, but success is sincerely hoped for.

Hi-spots this week include: a sudden interest in reading "Reflections" of the school paper—an improvement of part of the school that cannot as yet be announced—whirling heads after just completing a state test that lasted for a little over an hour—issuing of the December reports, thus creating many "oh's and ah's"—the warm weather that has drawn so many students to the athletic field during the noon hour—a party at the school on Friday, the 15th, when meriment reigned supreme—the continuace during noon of the terriffically serious checker games between Neal Truslow, Joe Weer, and Marie Miller—the prospects of beginning mid-year exams on the twenty-fifth of this month—the first trial debate on "Public Utilities owned by the U. S. government" this coming week—and the success of the journalism class in its specially edited edition of the Reflector.

## J. T. KIBLER HEADS BASEBALL LEAGUE

*Made Temporary Chairman To Organize Shore League*

Representatives from eight towns completed tentative organization at Salisbury of a new Eastern Shore baseball league—a Class D professional loop expected to serve as a productive "farming" area for major and Class AA clubs.

Tom Kibler, veteran director of athletics at Washington College, Chestertown, was unanimously elected to serve as temporary president of the new circuit, tentatively composed of Salisbury, Centreville, Crisfield, Dover, Del.; Pocomoke City, Cambridge. Easton and Federalsburg.

Athough Chestertown was not represented at the meeting there may be a possibility of this town to enter the league if sufficient interest and financial backing can be assured.

Joe F. Carr, promotion director for the National Association of Professional Baseball Leagues, presided.

Carr explained the National Association, under which the league would operate, imposes a salary limit of $1,000 a month—with a minimum of $700. No club, he said, will be permitted to exceed this limit.

He said he planed a minimum of six clubs in the loop, which would play between 100 and 120 games a season, to run between three and four months.

Carr estimated each town should figure on a budget of $7,500 a season for expenses. Ogden and Patsy O'Rourke, representing the Phillies estimated a working budget of about $6,000.
