Sudlersville Supply Company is building a greater SERVICE TO THE PUBLIC. Or rather, we...and our customers...are building a greater business. For, back of our every success and improvement, stands the confidence of our customers...earned in the only way that it can be earned ...by constantly placing our customers' interests first...by studying how to serve better, year after year...studying how to deserve better, year after year. Since expanding our business two years ago by erecting a large and modern grain elevator, we have been encouraging customer-interest in this business. Fitting it to the times. For twenty-four hours of each day Sudlersville Supply Company builds for still greater service...to deserve still greater CONFIDENCE, the greatest asset any business can have.

Our elevator is new and modern, and our large capacity provides rapid unloading facilities...and saves you time.

Join our ever-increasing list of satisfied customers who are taking advantage of our attractive prices in all lines. "Large Sales and Small Profits"... "A Square Deal for The Farmer" are our mottoes.
