67 Killed By Autos In January

The automobile accident fatality rate in the State advanced to 67 persons killed for the month of January, 1937, in contrast to twenty-six (26) persons killed for the same period of 1936, an INCREASE of forty-one (41). This record ranks second for any month during any calendar year, since the records have been complied by this Department from 1922. The highest record was during the preceding month of December, 1936, at which time, seventy-one (71) persons were killed. You can readily see that 1937 has started off with a BANG!!!

Of these persons who met their death on the highways of this State, thirty-eight (38) were pedestrians, an usually high rate, seven (7) of which had been drinking, one (1) had a physical defect, and thirty (30) were apparently normal and in full use of their faculties. A large majority were killed crossing between intersections.

The report continues to show that most deaths occur on clear days, on straight roads, during the hours of darkness, and an item which is worthy of consideration, is that FRIDAY, SATURDAY, and SUNDAY, the proverbial "WEEK END" shows an equal number of deaths.

Thirty seven of the 76 drivers involved were operating too fast for conditions may tell the story although 27 of the drivers came under the class of no improper driving. Seven drivers had been drinking and 66 were apparently normal. 69 drivers were men and only four were women. Approximately forty-five percent of the fatal accidents were in Baltimore County and Baltimore City with the remainder divided among the counties.

There were no fatal accidents in Kent County last month.

ROCK HALL

The minstrell which was to be held by the Boy couts in R. H. High School Tuesday, February 16 has been postponed until Tuesday evening, February 23, 8 p. m. on account of weather.

INSURE YOUR SUCCESS WITH STATE BLOODTESTED
Barred Rock Chicks

Special Reduced Price 9c At Hatchery

To insure the quality of Truslow chicks, we first selected the best breeders obtainable on the Eastrn Shore. Then, Dr. C. R. Davis, of the State Bureau of Animal Industry, officially bloodtested and banded every bird so as to insure health and vitality. Other hatcheries are asking twelve or fifteen dollars per hundred for chicks of this quality. To our neighbors on the Eastern Shore who call at the hatchery, we make the special price of $9.00 and save you as much as $6.00 on each hundred chicks you order. All of our old incubators have been replaced by new Smith Electrics so as to further insure strong, healthy cihcks that will make you money. It will pay you to place your order now because chicks brooded in March are always the most profitable.

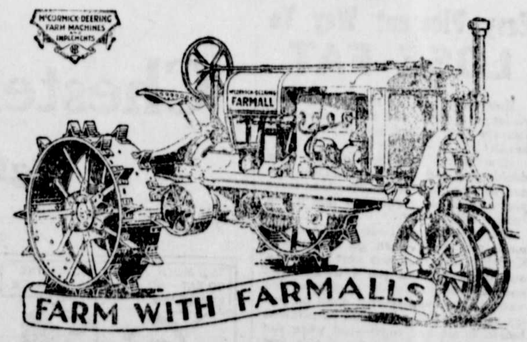

Barred Plymouth Rocks .... $ 9.00 per 100
White Leghorns; Large, High-Producing Strain .... 9.00 per 100
New Hampshire Reds .... 10.00 per 100

TRADE MARK
Nothing better for that rasp or cough than the famous, soothing Smith Brothers Cough Drops. (Black or Menthol—5¢.)
Smith Bros. Cough Drops are the only drops containing VITAMIN A
This is the vitamin that raises the resistance of the mucous membranes of the nose and throat to cold and cough infections.

FARMING IS MUCH EASIER AND CHEAPER WHEN A FARMALL DOES THE WORK

SPEED and flexibility are brought to the row-crop farm by the Farmall Tractor. It is so far ahead of horses when it comes to planting, cultivating, and doing other row-crop and general farming work that there is no comparison. And most important of all, Farmall farming means lower-cost farming.

Until you own and operate a Farmall you cannot appreciate the benefits and advantages of it. But just ask any Farmall owner about it. He is the man who is enthusiastic about the Farmall. He **knows.** He has farmed with horses and with the Farmall and you can bet that he isn't going back to horses.

If you want a real demonstration of the Farmall, call us up and we will arrange one for you.

WHY TAKE CHANCES

Most people are very particular as to who cleans, oils and repairs their $25.00 watch and only skilled men with proper equipment are permitted to handle it.

Shouldn't the same be true of your automobile worth hundreds of dollars. Let only skilled men with proper equipment and who use approved products handle your car.

A radically new principle in watch construction is used in the Gruen CURVEX. Its handsome case is *curved* to fit your wrist, but more important, its 17 jewel Precision movement is actually *curved* to fit the case. This permits of full size, sturdy working parts . . . makes possible a sleek, wrist-form watch of uncanny accuracy. The CURVEX principle is exclusively Gruen.

To be sure of obtaining the genuine CURVEX, look for the name "GRUEN" on the dial.
