WHY TAKE CHANCES

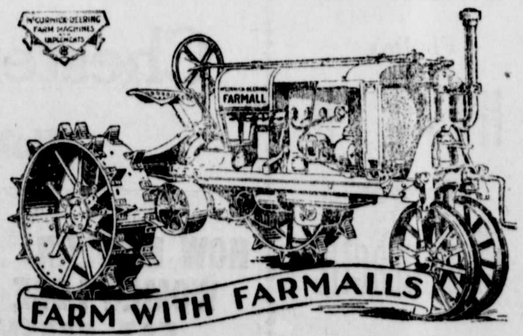

Most people are very particular as to who cleans, oils and repairs their $25.00 watch and only skilled men with proper equipment are permitted to handle it.

Shouldn't the same be true of your automobile worth hundreds of dollars. Let only skilled men with proper equipment and who use approved products handle your car.

FARMING IS MUCH EASIER AND CHEAPER WHEN A FARMALL DOES THE WORK

SPEED and flexibility are brought to the row-crop farm by the Farmall Tractor. It is so far ahead of horses when it comes to planting, cultivating, and doing other row-crop and general farming work that there is no comparison. And most important of all, Farmall farming means lower-cost farming.

Until you own and operate a Farmall you cannot appreciate the benefits and advantages of it. But just ask any Farmall owner about it. He is the man who is enthusiastic about the Farmall. He **knows.** He has farmed with horses and with the Farmall and you can bet that he isn't going back to horses.

If you want a real demonstration of the Farmall, call us up and we will arrange one for you.

A radically new principle in watch construction is used in the Gruen CURVEX. Its handsome case is *curved* to fit your wrist, but more important, its 17 jewel Precision movement is actually *curved* to fit the case. This permits of full size, sturdy working parts . . . makes possible a sleek, wrist-form watch of uncanny accuracy. The CURVEX principle is exclusively Gruen.

To be sure of obtaining the genuine CURVEX, look for the name "GRUEN" on the dial.
