THE TRANSCRIPT

MONDAY THE VOTERS of Chestertown, numbering four hundred and sixteen people, will have the opportunity to vote for or against an issue to bond that town for $10,000 for the purpose of building a new fire house. Facts that should be considered by the voters before going to the polls are:

1. Officials of the fire company state that the present space for housing the fire equipment is inadequate to efficiently and safely render voluntary fire protection.

2. The Mayor and Council have stated on numerous occasions that the bond issue will be financed so as not to increase the town tax rate; that the town will spend that amount and no more on the fire house and that if the fire house is not approved as a W. P. A. project and is not built the bond issue will not be carried out.

3. The proposed fire house would house the offices of the Council and Water Board whcih would make an annual saving in rent to pay interest on $5,000 of the $10,000 bond issue.

4. The new building includes a large community hall for community purposes.

The lounge and game rooms would assure a crew of fire fighters being in the fire house practically at all times.

6. Comfortable quarters would further build up the morale of the firemen which is so essential in a voluntary organization.

After a thorough consideration of these undeniable facts there should be no question but that the bond issue will be passed by a large majority. It is essential, however, that those entitled to vote go to the polls on Monday which are located in the offices of the Mayor and Council, and vote as to what affects those who twenty-four hours a day keep a vigilence against the ravages of fire, affects every tax payer in Chestertown.

WILBERT L. MERRIKEN, Attorney.
