"THE LAST OF MRS. CHEYNEY"

"The Last of Mrs. Cheyney," coming to the New Lyceum Theatre on Monday and Tuesday, March 15 and 16, brings together for the first time the three stars who, singly, have recently contributed to the screen three of the year's most successful and outstanding pictures.

Joan Crawford, direct from "The Gorgeous Hussy";

William Powell, from "After the Thin Man";

Robert Montgomery, whose "Piccadilly Jim" still remains one of the high spots of 1936 screen entertainment.

To this triple-star cast Metro-Goldwyn-Mayer also has added an outstanding supporting cast that includes Frank Morgan, Jessie Ralph, Nigel Bruce, Colleen Clare, Benita Hume, Ralph Forbes, Aileen Pringle and Melville Cooper.

Lawrence Weingarten, who was at the producer's helm on "Libeled Lady," is the producer of the new picture.

Based upon the famous Frederic Lonsdale play of a few years ago, Leon Gordon, Samson Raphaelson and Monckton Hoffe completely modernized the story with a deft adaptation that promises to establish the screen version as an outstanding riot of laughter and complicated situations.

To Miss Crawford falls the title role of the lovely American woman in whose hands gullible English socialites become easy victims of a plot to trick them out of a fortune in jewels.

"MAN OF THE PEOPLE" . . . .

Joseph Calleia not only gets on the side of the law for the first time in his screen career but he also becomes a lawyer in his new motion picture.

For the sinister menace of stage and screen has switchboard characterizations and prosecutes law violators in his lawyer role in Metro-Goldwyn-Mayer's "Man of the People" which comes to the New Lyceum Theatre for a one day's showing on Thursday, March 18.

"HIDEAWAY GIRL" . . . .

Straight from the great hit she scored in "The Big Broadcast of 1937," Martha Raye, madcap comedienne who has captivated America during the past few weeks, returns to the screen with a fresh batch of swing-singing, wisecracks and general hilarity in "Hideaway Girl," the new musical mystery which comes on Friday and Saturday, March 19 and 20 to the New Lyceum Theatre as part of a double feature show.

Shirley Ross, another newcomer who soared to the top rung of popularity with her singing and acting in "The Big Broadcast of 1937," is also in the cast, carrying the feminine romantic lead role. Robert Cummings plays the male romantic lead. Others in the distinguished cast are Monroe Awsley, Louis DaPron, and Ed Brophy.

"Hideaway Girl" is a mystery story, but it is garnished with excellent music and dancing. In lighthearted vein, it tells about a jewel robbery, perpetrated on the scene of a marriage ceremony by a female thief disguised as the bride. The police radio alarm gives the number of an automobile in which the thief escaped, and it is the car in which Miss Ross rides in the opening sequences. She meets Cummings at a gas station and, when a police car comes up, flees with him. She takes refuge on his yacht where they are forced to pose as man and wife until the real thief is revealed. Before that, however, love blooms between them—to the tune of some of the season's sprightliest music.

WHAT EVERY WORK SHOE WEARER SHOULD KNOW

Read the amazing facts listed just below and you will have no trouble at all understanding why millions have found supreme foot comfort — money saving, longer wear in. . .

Wolverine Shell Horsehides

1 — Leather in Wolverine Shoes is Shell Horsehide, just that part taken from over a horse's hips and is tanned in the Wolverine Tanneries.

2 — Shell Horsehide is considered by authorities to be the longest wearing leather known. Wolverines often give from ⅓ to ⅝ longer wear than ordinary shoes.

3 — The shell section of a horse's hide is approximately 1/6 of the entire hide — enough to make only 1 6/10 pairs of Wolverine Shoes.

4 — Wolverine Shell Horsehide is tanned and re-tanned three times, so no matter how wet Wolverines get, they dry soft and stay soft, and are also as near barnyard and acid proof as leather can be made.

5 — The peculiar structure of Shell Horsehide makes Wolverine Shoes actually scuff-proof so they not only wear longer, but also keep their good looks longer.

6 — Wolverine shoes are the only Work Shoes with both soles and uppers made entirely of Shell Horsehide.

When tanned the secret WOLVERINE way, this tough reinforcing center layer found only in Shell horsehide accounts for the remarkable extra wear and greater comfort of WOLVERINE SHOES

You can't go wrong on work shoes that have so many outstanding qualities as are listed above. Try one pair of WOLVERINES and it's 10 to 1 you'll wear WOLVERINES for life. See them — try them on the very first chance you get. We have a full range of sizes in all the popular work shoe styles.
