A McCORMICK-DEERING SPREADER MAKES MANURE MORE VALUABLE

Fresh manure does more to build up soil fertility than manure that has stood in a pile for a long time. A McCormick-Deering All-Steel Spreader provides the easy way to get manure onto the land frequently, before it loses valuable soil-building properties.

The McCormick-Deering is an all-steel spreader, sturdy and strong in every detail. The box is made of heavy-gauge galvanized steel containing copper. It is rust-resisting and non-warping. Capacity is 60 to 70 bushels. It is built low to the ground to make loading easy.

Eight roller bearings, steel sides at the rear, five spreading speeds, pressure lubrication, the upper saw-tooth non-wrapping beater, the lower spike-tooth beater, and the wide-spread spiral are other quality features that make the McCormick-Deering the best buy in a manure spreader. Come in and look it over.

Nerves NERVES Nerves

Dr. Miles NERVINE "Did the work" says Miss Glivar

WHY DON'T YOU TRY IT!

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and $1.00.
