Desert Mountain Sheep

The Desert Mountain sheep lives in the most severe environment of any of the Bighorn sheep of North America. In much of its range, permanent water holes are 30 to 50 miles apart, and about these the life of these hardy animals must center during most of the year. The desert mountain ranges which are their homes are low, rugged, hot, rocky, unforested territory. Vegetation is sparse, and the whole terrain is the most forbidding occupied by any major species of big game. That the animals can find sustenance there, where the annual precipitation may amount to less than three inches, is astonishing.

HOW MODERN WOMEN LOSE FAT SAFELY

Gain Physical Vigor—Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Kruschen will give you a joyous surprise.

Get a bottle of Kruschen Salts—the cost is trifling and it lasts 4 weeks. If you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts.

NOTE—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.

A McCORMICK-DEERING SPREADER MAKES MANURE MORE VALUABLE

Fresh manure does more to build up soil fertility than manure that has stood in a pile for a long time. A McCormick-Deering All-Steel Spreader provides the easy way to get manure onto the land frequently, before it loses valuable soil-building properties.

The McCormick-Deering is an all-steel spreader, sturdy and strong in every detail. The box is made of heavy-gauge galvanized steel containing copper. It is rust-resisting and non-warping. Capacity is 60 to 70 bushels. It is built low to the ground to make loading easy.

Eight roller bearings, steel sides at the rear, five spreading speeds, pressure lubrication, the upper saw-tooth non-wrapping beater, the lower spike-tooth beater, and the wide-spread spiral are other quality features that make the McCormick-Deering the best buy in a manure spreader. Come in and look it over.

Dr. Miles NERVINE "Did the work" says Miss Gilvar

WHY DON'T YOU . TRY IT?

After more than three months of suffering from a nervous ailment, Miss Gilvar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and $1.00.
