LADY KILLED IN AUTO ACCIDENT

Automobiles In Head-On Collision Near Chestertown

Mrs. Ruth Bowers, of near Crumpton, died at the local hospital Thursday morning from injuries received in an automobile accident near the Queen Anne's end of the Chester River bridge Wednesday morning.

She was riding in a car driven by Garny Puckett and was also accompanied by Miss Audry Lee, of Chestertown. The car was in collision with an automobile owned by Miss Sue Ford and driven by Mr. Jack Hyland of New York. The Ford car was enroute from Chestertown and was turning left into the home of Mr. E. R. Anthony when the accident occurred.

Accompaning Mr. Hyland was Miss Fuller who was to become his bride at Elkton that afternoon, a license having been secured.

Mrs. Bowers was riding on the right hand door side of Puckett's single seated coupe which took the brunt of the collison. She was thrown 25 feet from the car and landed on the road. When taken to the hospital it was found that she had a broken arm, broken leg, fractured skull and internal injuries. Mrs. Bowers is the grand daughter, of Mrs. George Carter, of Chestertown.

Miss Audrey Lee, daughter, of Mr. and Mrs. James Lee, of Chestertown, was riding in the middle of the seat of the Puckett coupe, and a report of the accident stated that she was thrown over the windshield to the road. She is at her home suffering from arm and hand injuries. Puckett and the occupants of the Ford car were uninjured.

State Officer Anderson, of Easton, who investigated the case, took Mr. Hyland to Centerville where Magistrate Thompson held him under $1,000 bail. Bail was posted and a hearing will be held at 7.30 p. m. Monday evening at Centerville.

MOVING IN COURT HOUSE THIS WEEK

Register Of Wills And Clerk of Court In New Building Next Week

The office of the Register of Wills was moved on Friday from the temporary quarters in the old post office building into the newly remodeled Court House on Friday and the work of moving the Clerk of Court will start next Monday.

Mr. E. S. Hollinger, manager of construction, expects to have the Court House building completed next week except for a few finishing touches. The new asphalt tile flooring was laid this week over the entire building, the flooring being of one foot square asphalt blocks of alternating colors of maroon and black.

The changes in the Register of Wills and Clerks offices is confined to the vaults with the exception of new walls and floors and the changing of the entrance doors.

Other changes down stairs include:

Construction of a ladies room back of the Register of Wills office.

Enlargement of the Treasurer's office including the construction of a large bricked in vault.

Enlargement of the County Commissioners office to include bricked in vault and a retiring office for the Commissioners office.

Improvements up-stairs include:

Improvements up-stairs include:

Enlargement of the court room including a judges retiring room. The walls of the court room are made of special acoustic material.

Enlarging of the men's room and complete renovation of the walls and floors.

FARM SURVEY MAPS AVAILABLE

To Be Used In Acreage Survey

As a supplement to the Aerial Survey photographs, the Kent Agricultural Conservation Association is arranging to prove farmers' orders for blue line prints to be made from exact tracings of the individual farms. The prints will show the farm as a whole, the farm number and acreage. The separate fields are numbered and the acreage of crop land in each will show. The print will be on 9" x 12" paper and will be similar to, but more accurate than the sketched maps used in checking the 1936 programs.

The Association is using the blue line print as an efficiency and as an efficiency and an economy measure in its own work but offers its members the opportunity to purchase at cost (very nominal) as many prints as the farmer may desire.

Many farmers desire these outline maps to record thereon various records as liming rate year, kind of lime similar fertilizer records, soil analysis data, as to deficiences recommendations, etc., crop rotation data, crop yields etc., manure application, date, amount, portions covered, etc. Some will use the print or the photograph as a guide to changing the farm layout, so as to have fewer fields of better shape for tillage implements, to make possible uniform crop acreages in the rotation possible. The crop acreage in each field, recorded on the print, will also guide many farmers in planning their participation in the Agricultural Conservation program.

Chevrolet Builds 13th Million Car

Another milestone in industry was reached Wednesday, when the 13-millionth Chevrolet rolled off the assembly line in the Flint plant of the Chevrolet Division, General Motors Corporation.

In spite of interrupted production, Chevrolet's 13th millionth car was prdouced in a period of just two days more than 11 months, the second shortest million-unit period in the company's history. Officials stated that the demand for the 1937 models has exceeded anything heretofore known,and that, but for the frequent interruptions of output since Jan. 1, produciton and workers' wages would have shattered all previous records, and the present milestone would have been reached from 60 to 90 days earlier.

Production of No. 13 million was marked by no ceremonies at the factory, but M. E. Coyle, general manager of the division, issued a brief statement from his Detroit office officially announcing the event, which was also the occasion for an informal luncheon, attended by Mr. Coyle, Mr. Holler, and other executives of the company.

When the present management, headed by Mr. Coyle, took over the reins in October, 1933, the company had built 9,000,000 cars and trucks. The 10-millionth was produced Nov. 20, 1934, the 11-millionth Dec. 4, 1935, and the 12-millionth August 5, 1936. Records show that it took 12 years for the company to build its first million units, while the remaining 12 million have been produced in a period of only 14 years. Mr. Coyle has been a member of the Chevrolet organization throughout the production fo all but 120,000 of the 13,000,-

Eastern Shore Coon Club To Picnic

The Eastern Shore Coon Club will hold a picnic on Hopkins shore on the Clothier estate near Kennedyville tomorrow, Sunday, June 18th.

The picnic will be for club members and their families.

Local Wheat Price $1.18

The price of wheat on the local market at the time of going to press Friday afternoon was $1.18 which represented a 4c increase over Thursday's price. The crop in the county is averaging approximately 16 bushels to the acre to-date although many yields have been around 18 to 20 bushels.

Among the outstanding yields on small fields was 36½ bushel off a former tomato patch on the farm of Sheriff John Bennett, tenanted by Mr. Wilson Bedwell and 24 bushels off a field on the farm of Mr. Lewis Everett.

NEW FIRE HOUSE GO ORDER READY

Property Sale To Be Ratified Today

It is reported from reliable sources that the go-order for Chestertown's new fire house has been issued at Washington and is now in the hands of W. P. A. Officials in the Salisbury office. This means that the actual issuance of the order is being withheld until necessary details preliminary to construction are completed.

The ratification of the sale of the Stafford property on Cross Street is expected to be completed today, Saturday, which lapse of time was necessary due to the fact that the property was purchased at Mortgagee sale.

With the completion next week of the Court House, sufficient W. P. A. labor will be availbale for the fire house project and the go order is expected to be issued at that time.

The new $30,000 fire house will house the offices of the Mayor and Council and the Water Board, provide ample engine-room space for all equipment, a large meeting and banquet hall, housing facilities for resident firemen and club rooms.

The new fire house will be one of the outstanding buildings in Chestertown and will be financed with a $10,000 bond issue, sale of the present fire house and W. P. A. funds.

POISON SPRAY FOR JAPANESE BEETLE

Will Answer Many Calls For Information

County Agent, McVean, from reports received from various points in the county, notes a spread of Japanese Beetle to points never before reporting their presence. Galena and Millington report infestation.

Numerous calls for advice are received. The best information is as follows:

If only a few beetles are found, handpick them and destroy in oil or boiling water.

To protect grape vines or fruit trees white wash is quite effective as a deterrent. One pound of hydrated lime in three gallons water.

Baited traps are an attractive lure which will destroy large numbers of beetles.

Poison spray such as arsenate of lead is effective on non-food crops—or a 4 per cent rotenone dust in combination with a sticker such as rosin residue emulsion may be used.

The hand picking or the use of whitewash deterrent are the cheapest means.

Japanese Beetle Tour To Elkton

In order that the people of Maryland may learn at first hand the ravages of the Japanese Beetle. Dr. Corey, State Entomologist has arranged to conduct a tour in Cecil County on Thursday, July 22nd.

A Kent County delegation will attend. Any who want to make the tour should get in touch with the County Agent.

The tour will leave the Court House at Elkton at 10.30 a. m.

Stewart Price Honored By Rural Carriers

Mr. Stewart Price, carrier of rural route No. 3 out of the Chestertown postoffice was elected vice president of the State Rural Carrier's Association at the annual two day session in Cumberland this week.

Mr. Price has served as secretary of the association for a number of years. Mrs. Price accompanied him to Cumberland for the convention.

The 1938 annual convention will be held at Ocean City.

John Hough Gooding Dies In Baltimore

Mr. John Hough Gooding, son of the Eugene and Hannah Gooding and formerly of Kent County, died at his home in Mt. Washington, Baltimore, last Saturday, in his sixty seventh year. He has been in failing health for a number of yars but has been active until a few weeks before his death.

Mr. Gooding was a retired sergeant of the Baltimore Police Department.

The funeral service was held from his late home in Mt. Washington, Monday afternoon with Rev. H. Clifton Owens, officiating. Six members of the retired Police Veterans acted as honorary bearers and Messrs. Josiah, Jr., Rawlings, and John Evans Massey, Eugene and Harvey Gooding, and Edward Jendrick were the active bearers. Interment was in Woodlawn Cemetery. He is survived by his wife, Mrs. Ruth North Gooding, a son, Philip, two granddaughters and a sister, Mrs. Harvey B. Moore, of Betterton.

CLUB ANNOUNCES REGATTA PROGRAM

Event To Be Held At Chestertown July 30 and 31

The regatta committee of the Chester River Yacht and Country Club has annuonced the program for the ninth annual regatta to be held at the club Friday and Saturday, August 30th and 31st.

The dates this year do not conflict with any other regatta on the Chesapeake Bay and the motor boat events are sanctioned by the American Power Boat Asscoiation. The sailing events are sanctioned by the Chesapeake Bay Yacht Racing Association.

Friday's races will be confined to sailing races while on Saturday the races will be both sailing and power boat. The sailing race course will be moved down below the club pier on Sautrday so as not to interfere with the power boat race course.

Mr. A. S. Turner, Jr., chairman of the trophy committee, stated this week that his committee has secured an unusual large number of valuable trophies, practically all of which were donated by individuals, organizations and business firms.
