Happenings On The Shore

County tax rates for the Eastern Shore for the next fiscal year will vary from 80 cents per $100 assessable value in Queen Anne's to $1.52 per $100 in Kent, with Worcester, Wicomico, Dorchester, and Queen Anne's showing a decline from the 1936 figures and the others marking their schedules up.

The tax rates announced for the varous counties are: Queen Anne's, 30 cents; Cecil, 83 cents; Worcester, 88 cents; Talbot, $1; Dorchester, $1.12; Caroline, $1.23; Wicomico, $1.28; Somerset, $1.30; and Kent, $1.52. In addition a State tax of 22¼ cents is to be collected in each county.

Cecil's comparatively low rate of 83 cents represents an increase of 5 cents over 1936. One feature of their budget is that no money is assigned for relief purposes, although old age pensions will be cared for. Schools getting nearly $275,000, will account for the bulk of the levy.

Talbot raised is figures 10 cents to the even dollar, the increase representing $20,000 toward paying for the new St. Michaels' high school. A similar amount will be levied for each of the coming four years to raise the $100,000 necessary without resorting to issuance of bonds. Completion of the Easton colored school and Cordova high school will also be paid out of the levy. Nothing was allowed for the proposed Easton library building.

Ten cents was cut off the Dorchester rate to set the mark at $1.12. Good tax collections and careful management were credited with the reduction in Dorchester's tax rate.

Faced with an unusually large increase in county expenses, Kent movd its tax rate up 32 cents to $1.52, the largest declared in a number of years. The increase was made necessary by $9,000 assigned for a reassessment for all real and personal property $30,000 for maintenance of county roads, and a considerable sum needed to retire bonds and pay interest on road bonds.

The Federal Surplus Commodities Corporation has set up an office in the Peninsula Exchange Building, Pocomoke City, in charge of Mr. Saxon D. Clarke. They will purchase car loads of potatoes in barrels or bags, providing they will grade U. S. No. 1. The price will be net to the grower less the inspection fee of $3.50. Farmers in Somerset and Worcester Counties who wish to sell through this agency should get in touch with the office at Pocomoke.

Th increase in acreage in the nineteen early states amounts to 25 per cent over 1936. In North Carolina acreage increased to 43,000 in 1937, a gain of 34 per cent over the 1928-32 acreage. Production is estimated to be 42 per cent above the 1928-1932 average and 108 per cent higher than in 1936.

For the third consecutive year William Mason Shehan, Jr., has won the Elimination series of the Eastern Shore Fleet International Star Class.
