CHURCH NOTES

RADIANT LIVING

Possessors of Eternity

By Rev. C. M. Griffeth
Pastor Calvary M. E. Church
Sudlersville, Md.

I had been watching them for several evenings, those two glorious stars in the light blue of the sunset heavens, Venus and Jupiter.

When I first noticed them they were quite a distance apart, but each evening Jupiter had crept up closer and closer to Venus. "A race!" I exclaimed. Would Jupiter pass Venus? Every evening I went out to watch the progress of that race and to mark how much Jupiter had gained since the evening before. And sure enough, one evening he passed just above her.

As I was marking how much progress Jupiter had made in a day's time, it was suddenly impressed upon me that a day's time as we think of it had nothing to do with either Venus or Jupiter. What do they know of "a day's time"?

While there are intervening periods of light and darkness upon these two planets, the concept "day" pertains only to this planet. The word "day", having in it the thought of the rapid flight of time, is a concept that has sprung from a materialistic earth-bound mind.

What does Jupiter care about "time" when he lazily takes twelve years to travel around his orbit?

As I thought of the shortness of human life, I became jealous of the duration of the planets. But I stood rebuked by the remembrance of the words of Jesus: "Because I live, ye shall live also."

With increasing joy I saw that my life is not limited by my physical existence. I shall not always be earth-bound. For in Christ, I am a possessor of eternity!

Speed on through the sky, thou charming Venus; speed on, thou mighty Jupiter, I shall outlast you both for I am an heir of eternity!

THOSE WHO REMAIN

When death visits a nome, the first concern is to perform the last service to the loved one in a becoming manner. What ever is done must express all the reverance and affection that is felt at such a time. But in addition to this a further responsibility rests upon the funeral director. It is his privilege and duty to lessen as far as lies with in his power, the burdens laid upon those who remain. By countless little acts of thoughtfulness he can make the way easier for them.

We consider this part of our work as important as any other. Our highest aim is to have our patrons look upon us as trusted friends, ready and anxious to render sympathetic assistance to those who remain behind.

FARMALL FARMING Is Still 'Way Ahead of Any Other

McCORMICK-DEERING

THE FARMALL way of farming row crops is still the cheapest and best way. There isn't any other that can touch it. FARMALL owners have been able to cut production costs to the very bone—they are in a position to take advantage of any upturn in farm prices and profit by it.

Make the FARMALL investment yourself and enjoy all the advantages that FARMALL power brings to its users. There is a size for every farm now with the addition of the FARMALL 12 for small farms. Other sizes are the FARMALL 20 which handles 2 plows, and the FARMALL 30 for 3-plow work. Remember there is only one true FARMALL—the McCormick-Deering.

Come in and let us tell you about it. Or better yet, call us for a demonstration of the FARMALL that is best suited for your farm.
