## NEWS OF ROCK HALL HIGH SCHOOL

The class of the Rock Hall High School have been in progress for over a month now, and all the pupils have settled down to ten months of hard study. Miss Willis has the job of taming 45 wild freshmen while Miss Ashley takes 30 gay sophomores. Mrs. Strang content herself with 19 Juniors and 20 Seniors, which reminds me those Seniors have some dark, brooding mystery up their sleeve. So far the only information that has leaked out is, "Three one act plays to be presented some time around Thanksgiving." Probably full details will be supplied us later.

At present our most important activities are fieldball and soccer. Miss Ashley has so far coached J. Lussier, I. Whaland, N. Brice, M. Joiner, N. Grant, T. Mench, B. Dowling, N. Lussier, A. Archer-Burton, B. Lussier, and M. Mench, into a successful team. They have won all three of their games with overwhelming odds. The scores were as follows: Chestertown 17-0. Galena 35-0, and Millington 14-0. Incidentally this one point is the only score against the team this season.

The soccer team consisting of, J. Strong, E. Reihl, H. Larrimore, W. Parsons, C. Grant, C. Jacquette, B. Strong, C. Wood, J. Jones, W. Smith, J. Thompson, although not quite so successful have done very well. Their only defeat was to Chestertown 4-0. They came back again to win victories from Galena 10-0 and Millington 3-2.

These victories have been very encouraging as are the bi-weekly pep meetings at which P. Grin, E. Kelly, and R. Rice presidefl There are three more games to be played before the county champions are decided. Our teams are practicing hard and playing harder to be those lucky boys and girls.

Education, as well as entertainment has been given us by the motion picture presented last Thursday in the assembly room. They consisted of two long reels on the life of William Tell. They included some excellent scenes of the revolution in Switzerland and the home life of the Swiss. All the pupils who enjoyed them will be looking forward to the next pictures to be shown here.

## FIRE DESTROYS GARAGE AND AUTOS

*Threatens Residential Section Of Chestertown*

Fire of an unknown origin destroyed the garage and storage room in the rear of the home of Mr. and Mrs. Roland Corey and the garage and plumbing shop in the rear of the home of Mr. and Mrs. Elmer Thomas. The garage of Mrs. A. T. H. Harper was also damaged. All three of these buildings were located within a few feet of each other.

The fire, when discovered by Mr. Iven Culver at 12.45 midnight Sunday, had gained considerable headway and the entire storage room over the Corey garage was in flames which quickly spread to the Thomas and Harper garages. The Chestertown fire company responded to the call and did excellent work in preventing the fire from spreading to other property.

Included in the loss in the Corey garage was three automobiles, the property of Mr. Corey, Lieutenant Harry Derringer and A. J. Crush. The Derirnger car had been setting in the garage for three days the Corey car was put away at 9.30 p. m. that night and the Crush car at 11.30. In the storage room over the garage the contents were a complete loss including a number of chests containing clothing and household effects belonging to Lieutenant Derringer a barrel of china ware and other articles belonging to other people.

Mr. Elmer Thomas succeeded in getting his automobiles and plumbing equipment out of his building and the loss was confined practically to the damage to the building as was the Harper property. It is understood that the loss was covered by insurance.

The firemen, after assembling their equipment, returned to the fire house at 3.30 a. m. where the Ladies Auxiliary had prepared sandwiches and coffee.

## KENT COUNTY MADE DEFENDANT IN SUIT

*John B. Grey, Attorney, Claims Legal Fees Of That Amount*

A suit for $10,000 was entered at the Clerk's office last Saturday against the County Commissioners by John B. Grey, of Prince George County for professional services rendered.

Mr. Grey, an attorney, who was formerly connected with the State Roads Commission, was employed by the County Commissioners to represent them in their effort to bring about a solution of the $197,000 debt which the State Roads Commission claimed Kent County owed. The Commissioners maintained that a large part of the debt was not owed but could gain no headway with the Roads Commission in adjusting the debt. The Commission was demanding a settlement it is understood and was holding back Kent's share of the Federal and State road fund. In other words a solution of the reported debt was necessary. The employment of Mr. Grey was recommended by authorative sources due to his familarity of books of the Roads Commission.

The debt was later canceled through Legislative action engineered by Senator Arthur Brice with the assistance of Delegates Roy Strong and W. R. Hubbard.

It is understood that a tenative fee was arrived at the time Mr. Grey was employed, dependant upon Court costs, etc. Due to the legislative action Court costs were avoided and the Commissioners mailed Mr. Grey a check for $1,000 in addition to the $250 paid as retainer fee.

The $1,000 check was returned and a suit for $10,000 has been docked by Mr. Gray as the amount of his fee.

Unless settled before hand the case will probbaly come up at the April Court term next year.

*Appropriate Court House Dedication Exercises Held Monday*

The Circuit Court for Kent County convened on Monday with Judges Shehan, Keating and Knotts on the bench.

Following the drawing of the Grand Jury, Judge Shehan charged the Jury in which he pointed out the few criminal cases on the docket which speaks well for Old Kent. He stated that in spite of the small criminal docket it did limit the Grand Jury in their investigation as although there is no organized crime in this section strict vigilance is necessary to keep it out. He spoke of the army of 4,000,000 criminals roaming the country whose lust for ill-gotten gain brings about the sacrifice of life, liberty and property. He also spoke of the number of women criminals who are shileding and aiding the hardened criminals and that the best police force against this type of crime is aroura public opinion.

Mr. Rollison Baxter was selected as Foreman of the Grand Jury and Jurors drawn were.

Rollison Baxter, Forman R. Bradford Johnson, Wm. H. Bonwill, Joseph M. Norris, A. L. Sparks, John A. Hersch, T. H. M. Bramble, Wm. S. Paca, L. R. Vansant, Herbert S. Ford, Isaac Holley, Clinton C. The report fo the Grand Jury, which speaks for itself fellows:

Chestertown, Oct. 19, 1937

To The Honorable Judges of the Circuit Court for Kent County, State of Maryland, October Term 1937.

We, the Grand Jurors of Kent County have solemnly considered all cases brought before us by the Magistrates and officers of Kent County, we have diligently considered the evidence as presented by 19 witnesses and on the face of this testimony have found 4 presentments and 4 true bills.

We recommend proper legislation that would close all places dispensing intoxicating liquors on Sunday.

We have interviewed the Sheriff regarding the condition of general law and order in this county. He reports complaints of sale of beer to minors and we recommend a stronger enforcement of laws against this practice by the County and local officers.

We have examined the jail and find that the improvements recommended by former grand inquests have not been made. We cannot too strongly urge that the wooden floor be replaced at once with concrete and that an inexpensive shower bath be installed on the first floor. At this examination we were also impressed by the necessity of filing and preserving old Kent County records now housed on the third floor of the jail.

We wish to express our appreciation to the proper authorities for the improvements to the Court House.

We wish to express our appreciation to the Court, Clerk of the Court and his Deputy, Sheriff, States Attorney and all other officers for their courtesy in assisting us in our duty.

ROLLISON BAXTER, Foreman.
WM. B. DUKES, Secretary,
W. Dorsey Hines, Asst. Sec'y.

The appeal docket was taken up first with the result that James Miller was sentenced to 1 year in the House of Correction for assault and battery on an officer. Frank Kennard was sentenced to 1 year in the House of Correction for the theft of a turkey hen. The case of Ed. Jackson for drunken driving was squashed.

True bill is brought in by the Grand Jury were Edward Price for manslaughter, Katie Chester for bigamy and Joseph Farr for larceny. These cases, together with the civil docket, will be tried next week starting Monday. Included in the civil docket are Burden vs. J. H. Ahern, Emma Willis vs. Scott Rosin, administrator; Charles Quigley vs. Mary McKee, and Nelson Culley vs. Board of Shell Fish Com., and the Hyland Crew Will case.

*Arranges Appropriate Court House Dedication*

Appropriate and well arranged exercises were held in the Court room at 4 p. m. Monday afternoon in celebration of the completion of the improvements to the Kent County Court House. Mr. Simon W. Westcott, presided and the speakers were the three Circuit Court Judges, Mr. Herbert Perkins and Mr. Brady J. Dayton.

All of the speakers complimented the County offijcials upon the improvements to the Court House.

Mr. Frank A. Morehead, of Philadelphia, surprised the audience by stating that Andrew Hamilton, known as the first great American Lawyer, practiced law in Kent County from 1706 to 1716. He at that time owned a tract of several thousand acres of land near Millington. His ability as a lawyer attracted the attention of William Penn who urged him to go to Philadelphia. While in Philadelphia he donated the land for and designed Independance Hall. He became more famous in his defense in the Zenza Case in New York which established the freedom of the press. Mr. Hamilton came to Kent County from the Eastern Shore of Virginia.

Following the exercises in the Court Room the meeting adjourned to the outside of the building where little Nancy Wickes Kratzer unveiled a tablet at the Court House door which was donated by the Historical Society. Mr. Harrison W. Vickers accepted the tablet on behalf of the county commissioners.

The Historical Society held its annual banquet that evening at which the principal speakers were: Messrs. S. R. Collins, J. Alexis Shriver and Frank A. Moorehead.

## EDITORIAL

THE SMALL criminal docket at the October term of Court brings out the fact that Kent County is practically free of serious crime although there continues a large number of petit crimes which keeps the Monday evening Magistrates Courts busy and an ample supply of prisoners in the Kent County Jail. These prisoners are serving terms of from thirty days to several months and the fact that many of them are repeaters leads to the belief that a jail term is not dreaded by them as it should. The county costs in these cases are enormous and the apparent remedy might be to make the jail less desirable. Humanity standards rebel against harsh treatment even to prisoners but there can be no objection on the part of the public to subjecting these prisoners to hard work. A act of the Maryland Legislature introduced by the late Ellsworth C. Bowers in 1929 points out a way which would, in our opinion accomplish three purposes. The law reads as follows:

"In addition to any sentence of confinement in the County Jail of Kent County which may be imposed for failure to pay any fine or fines by the Circuit Court for Kent County, or any justice of the peace for Kent County having criminal jurisdiction, said Court or justice shall also in said sentence direct that any prisoner over sixteen years of age who may be so sentenced shall be subject to perform labor for and during the period of his imprisonment on the public roads of Kent County, or on the public streets of any incorporated town, in said county; provided, that during the employment of such prisoner on the public streets of any incorporated town, the town authorities of such town so employing such prisoner shall be charged with the expense which may attend such employment, and provided further, that this Act shall not apply to female prisoners.

The labor provided for in the preceeding section shall be performed, if within the corporate limits of any incorporated town, under the supervision and direction of the Town Commissioners and bailiff of such town, and if on the public roads of Kent County then under the supervision and direction of the County Commissioners, or the road supervisor of any district who may be authorized by the County Commissioners to work the same; and the Sheriff of Kent County, upon the demand of any bailiff, supervisor or other persons duly authorized to make such demand, is hereby authorized and required to deliver such prisoner to the party so making the demand and entitled to receive the same, whenever and at such times as he may be so legally required; and the labor to be performed by such prisoner may include every service necessary for the purpose of draining, grading, paving or repairing such public streets or other highways of Kent County within or without the limits of any incorporated town therein.'

"The officer or other person having such prisoner in charge shall have power and authority to compel such labor, and shall be responsible for the safe keep and return to prison of such prisoner to the custody of the Sheriff at the end of each day's labor, which day's labor shall be within the discretion of the officer or other person so supervising at the time, but shall not exceed ten hours' work or labor for any day he may be so employed; and any prisoner so sentenced who shall refuse to perfrom the labor required of him, shall incur the penalty of two days' additional imprisonment for every day he may so refuse, and this provision shall be included in the sentence of the Court of justice by whom the same may be tendered; but no prisoner shall be compelled to perform such labor whose health is not in a condition to allow the same, and the certificate of the physician to the jail or other physician in said county shall be sufficient to excuse such labor.'

"If any officer or other person having such prisoner in charge for the performance of such work or labor, connive at or by his wilful neglect permit the escape of any such prisoner, he shall be guilty of a misdemeanor, and upon indictment and conviction of such offense in the Circuit Court for Kent County, be fined not less than twenty nor more than fifty dollars, or be confined in the county jail of the county, and be subject to the same penalty of labor, or both in the discretion of the Court."

The three purposes that could be accomplished by carrying out the provision of this law are:

FIRST—It would get the prisoners out of the jail in the day time allowing proper cleaning and airing of the cell blocks.

SECOND—It would accomplish desirable improvements by at least cleaning up the streets in the incorporated towns.

THIRD—It would promise to materially reduce the jail population.

If the cost of handling these prisoners on the county roads would not be justified it certainly could be worked effectively in the incorporated towns, particularly in Chestertown. We suggest that it be given a trial.
