CHURCH NOTES

RADIANT LIVING

The Cathedral of Silence

By Rev. C. M. Griffeth
Pastor Calvary M. E. Church
Sudlersville, Md.

In the Spanish cities of South America the travelor generally finds facing the central public square an imposing Cathedral of considerable antiquity.

There is a deep significance in the Cathedral being located in the center of the city. It proclaims tha fact that religion should be central in one's life.

As one steps into such an imposing edifice he feels that he has, indeed, entered into another world. The thick walls, richly decorated, excluding all the noise and glare of the material life without, enables one to feel within the subdued hush of the sacred candle-lit interior the deep serenity of the realm of the Spirit.

Although one may be too distant to enter the quietness of a city's cathedral, there is, however, a place of holy hush for each of us. This place of sacred quietness is within you.

Closing your eyes and focusing your attention upon a point central within your mind, you will enter into that inner Cathedral which the Psalmist describes as "the secret of His tabernacle."

Although the city of your mind may be filled with the noise and confusion of the traffic of life, yet here, in the very center of your mental city there stands the Cathedral of Silence.

And as you linger within quietly, patiently, passively, God will bless you. He may give you the solution of that problem that perplexes you. He may give you a vision that shall inspire you to renewed efforts. He may infuse you with a strength that shall enable you to become triumphant.
