GLIMPES FROM SHORE COUNTIES

Announcement has been made by the Claiborne-Annapolis Ferry Company that a modern ferry boat will provide a shuttle service between Claiborne and Kent Island the first of the year. This means that automobilists on the lower part of the Shore will be able to avoid the round-about route through Caroline, Kent and Queen Anne's to Annapolis and Baltimore.

The report of the Easton Hospital for November shows 40 paiens who paid, 39 who paid in par and 80 free, a total of 159. Talbot county had 22 paid, 15 part paid and 31 free; Queen Anne county had 7 paid 10 part paid and 21 free. Caroline county had 6 paid, 9 part paid and 20 free; and Kent had 2 paid, 2 part paid and 4 free. There were 136 dispensary cases, 94 operations, 9 accidents, and 18 births.

Senator Millard E. Tydings, sponsor of legislation dealing with claims of former residents of Aberdeen Proving Ground, has announced that a public hearing before a sub-committee of the Senate Committee has been canceled.

Senator Logan (Dem., Ky.), chairman of the sub-comhmittee, informed Senator Tydings he would favorably report the bill to the full committee and that the hearing set for claimants would be unnecessary.

The claims are based on the losses to owners of farms and other places when the government took over the area at the outbreak of the World War.

Judge John A. Robinson, in the Harford County Circuit Court has signed an order for a mortgage foreclosure against the Harford Pure Rye Distillers, Inc., of Havre de Grace.

The petition to foreclose was made by Samuel S. Levin, of Baltimore, an attorney, and hsi wife, Rose Levin, who hold mortgages for $35,000 on the property. The mortgages were assigned to them by the National Central Bank of Baltimore.

Within the next month or so the electric wires now in the business section of Easton will be placed under ground. Already these between Washington and Harrison Streets, on Goldsborough Street, have been so placed. The improvement will cost about thirty thousand dollars. The Easton electric plant is owned by the town.

Citizens of Havre de Grace met with telephone officials in the City Council room on the evening of December 10 to discuss a petition requesting The Chesapeake and Potomac Telephone Co. to eliminate the five-cent toll charge on calls between Havre de Grace and Perryville.

Mr. Raymond C. Dryden, of Pocomoke City suffered quite a serious loss by fire which destroyed 6000 chickens and chicken houses.

The blaze occurred on Tuesday morning, about 3 o'clock and there was nothing to prevent its complete razing of the buildings. The fire was on the farm near Stockton, on the George Island Road. The origin is not definitely determined but is supposed to have been caused by sparks from the chimney falling on the roof.

Attorney-General Herbert O'Conor's opinion as to a referendum on the law regulating the distribution of the liquor profits in Worcester County, did not mean anything to the Circuit Court of Anne Arundel County.

Mr. O'Conor judged that the bill enactde in the recent extra session of the Maryland General Assembly, was not referable. The County Commissioners as plaintiffs in the case appealed in the court above mentioned.

Judge Linwood L. Clark, in the Anne Arundel county court ruled that the parts of two local laws affecting the distribution of profits of the Worcester county liquor dispensaries should be submitted to the county voters at the 1938 election.

In reply to Congressman T. Allan Goldsborough's request for the completion and further improvement of the Federalsburg, Maryland, Baseball Park, Harry D. Williar, Jr., Esq., Deputy Administrator, Works Progress Administration, Baltimore, Maryland, stated:

"As you know, we have recently started the Public Park Improvement Project near Federalsburg, and this will absorb all of the available labor in this area for the next several months. This work wil be pushed to completion as rapidly as possible and the men transferred to the Baseball Park Project as soon as practicable.

"I am reasonably hopeful that the Baseball project will be started in sufficient time to be completed before the opening of the 1938 baseball season.

Duck shooting showed some improvement in the rivers and bay during the past week. Hunters say the sport has been more like old times since the weather has turned colder.

According to reports plenty of ducks remain on the upper bay and tributaries all along both sides of the bay, with black heads being particularly in evidence. Even the hordes of canvasbacks and red heads are still to be seen on the Susquehanna Flats.

Sportsmen say there is every evidence that the ducks are going to remain htroughout the season, those flocks that take wing for the South are being replaced by new flocks from the North.

Demand for highway improvments on the Eastern Shore was voiced by the Eastern Shore Advisory Board of the Keystone Automobile Club of Maryland at a meeting in the Wicomico Hotel, following the opennig of the Club's branch office in Salisbury recently.

While conceding that Maryland's highway funds are not sufficient to carry out all the projects suggested for the entire State, board members emphasized that the Eastern Shore has not had a fair share of improvements. It was stated that a campaign will be undertaken to obtain for Shore counties highway facilities in keeping with modern needs.

The continued increase in Maryland's State, local and Federal motor taxation was reviewed with concern by the Edvisory Board of the Easton Branch of the Automobile Club of Maryland at its meeting held December 9th at the Avon Hotel.

The Board noted that these taxes last year amounted to $19,052,996 as against $16,984,810, an increase of 12.4 percent. for the previous year.

The State Game Deparmtent has had a fine year on its game farms and in restocking small game throughout the State according to figures recently compiled by Warden E. Lee LeCompte.

A total of $,059 quail have already been distributed so far this year in the State as against a total of 5,035 for all of last year.

There have been placed over the State 1,104 pheasant and some 2,500 are being held at the State game farm for distribution after the present gunning season is over.

The Chukkar partridge is a new undertaking at the State game farm. Three pair were purchased early this year and the game farm now has a flock of 32 which are being held for further propagation purposes.

A total of 12,032 rabbits were distributed throughout the State. This heavy release came about because the year before the Western source of supply closed down due to weather conditions after one small lot had been delivered.

Other disbursements of small game for 1937 were as follows:

Wild ducks, 379; wild geese, 9; Pheasant eggs, 3,395; wild turkeys, 246; wild turkey eggs, 32; fancy pheasants, 3; California quail 12; Chukkar patridge, 3; Racoon 26.

The case of Robert L. Livezey, et al, against the Town of Bel Air, was heard by Judge C. Gus Grason and a jury, in the Circuit Court for Harford County on Monday, Tuesday and Wednesday of this week. Suit was brought by Mr. Livezey for damages from the pollution of Bynum's Run from hte Bel Air sewerage system, Mr. Livezey owning property along the Run below the disposal plant. The jury returned a verdict in favor of the plaintiff for $1,400 and motion for a new trial was filed by Edwin H. W. Harlan, counsel for the Town.

One of the principal witnesses for the plaintiffs was Dr. W. B. D. Penniman, of Baltimore, who testified to the pollution of the water, due, as he stated, to the faulty construction or operation of the disposal plant. It is understood tha tseveral other cases are pending of other property owners along the stream.

Emmenthaler Cheese

Emmenthaler is a hard rennet cheese with a mild, somewhat sweet flavor. It is characterized by large eyes or holes about the size of a penny and several inches apart. The cheese originated in the valley of Emmenthal, Switzerland, probably early in the Fifteenth century.

Fish Look Like Neon Signs

Neon tetras are tiny fish from South America that look like miniature neon signs floating in a tank. They have iridescent blue-green bands extending the length of their bodies and tails tipped in scarlet. They are only about one inch long.

Fear Sharp-Shinned Hawk

The small song and insectivorous birds are more fearful of the sharp-shinned hawk than any other predator. It is lightning fast on the wing and seldom misses its target as it swoops down out of the sky on its unprotected prey.

Bird Lays Polished Eggs

The tinamou, a South American game bird resembling the quail, lays eggs having such a highly polished, glasslike surface that they reflect images like a mirror.—Collier's Weekly.

Britain's Custom of Paying Bills

Bills of exchange and promissory notes in Great Britain and Ireland are payable on the preceding business day when the last day of grace falls on Christmas or Good Friday.

Rat Is Versatile

The common house rat is an expert climber, swimmer and digger. It often adopts a communistic mode of living in building a maze of connecting underground tunnels.
