During January the annual meetings of the various fire companies of the county are held and at these meetings the reports sum up the activities of the organizations. While the activities of the fire companies are primarily fighting fire, yet they are in fact out-standing civic organizations and interest themselves in all civic endeavors. They with their auxiliaries bring people of their communities closer together and bind them in a work which is for the common good. It brings out in the men and women that quality of aiding those in distress without any thought of personal profit. In noting the officers of the various companies we find the same officials still in harness carrying on at a great sacrifice of time and effort. Then too, those whose names do not appear among the names of the officials do their part which is essential for smooth operaiton. Among the active men who stand the brunt of the strenuous work of fighting fires at all hours of the day and night, little is said and yet they are content to carry on without even what may come from glory. These organizations have and should continue to have the wholehearted support of their communities.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—*life itself*—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use *Doan's Pills*. They have had more than forty years of public approval. Are endorsed the country over. Insist on *Doan's*. Sold at all drug stores.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

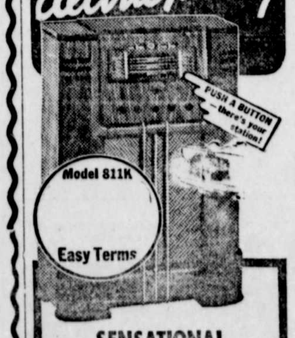

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 14d.
