NEWS GATHERED ON THE PENINSULA

Walkathon Ends At Salisbury

The Walkathon ended at the Chatterbox near Salisbury last week and prepared at once to move away. It started on December 15th ,and closed after 65 days of operation, which was of shorter duration than walkathons usually operate. It was said that the lease for the Chatterbox still had more than two weeks to run before expiration.

All told 114 convictions were obtained in Peoples Court, Salisbury, for alleged violations of the Sunday Blue Laws, by contestants, some of the employees and the promoter. Each case represents fine and costs of $8, or a total of $912. An appeal was noted in each case and bonds of $15 was posted in the court for each.

Preparing For Shad Season

The shad and herring fishermen in the Crisfield locality have been busy driving poles and overhauling their boats and other equipment to be ready for the season that opens in the Chesapeake Bay, above Poole's Island, on March 15.

Protest Bridge Site

Citizens of Elkton on Monday protested the proposed fixed bridge plans of the State Roads Commission in the construction of a dual highway from Perryville to the Delaware Line. The hearing was held at the call of the War Department and was conducted by Col. W. A. Johnson of the Engineers staff in the Court House. More than 200 residents attended the hearing.

To Discontinue Love Point Train

The Public Service Commission in Baltimore has authorized the Baltimore and Eastern Railroad to discontinue passenger service between Love Point and Easton. The commission order also authorized discontinuance of the road's bus into Centreville.

Thirty days notice must be given patrons of the line, a Pennsylvania subsidiary, before service actually is halted, the commissioners ruled. The Baltimore and Eastern Railroad told the commission at a recent hearing in the case that passenger revenues were insufficient to justify continuance of the service.

To Open Forest Fire Stations

The state's forest fire towers, from which wardens spot woodland blazes, will be opened two weeks earlier than usual this year because an abnormally dry winter has brought in increasing number of fires.

"Things are beginning to look right bad for this time of the year," he said. "The weather man has been forecasting snow and we have been hoping for it. Now it looks as though we'll have to get organized pretty quick on this fire situation."

Electric Eye Counts Traffic

Unknown to the general public eleven pairs of "magic eyes," one of the important ones of which is located on U. S. Highway 13 between Salisbury and Delmar, staring across Maryland's highways, have counted approximately 7,000,000 motor vehicles during the past year.

Loss Of Eye Was Accident

The investigatoni into an accident at Christiana public school, in Cecil county, February 2, through which Frank S. Webb, 14, a student, lost the sight of his left eye, was closed last night by the school board after a private session with the parents of the child and several teachers in the school.

The student, a son of Mr. and Mrs. Frank C. Webb of Glasgow, is said to have been struck accidentally by a teacher at the school with a pointer, injuring his eyeball. Last Friday the eye was removed at the Delaware Hospital in an attempt to save the sight of the other eye.

Store Burns

A fiercely-burning fire nearly trapped four persons as it destroyed the general merchandise store owned by Elmer Bowdle, a thirty-year-old business, in Marydel, at 2 o'clock last Wednesday morning. Residents in an apartment above the store had a narrow escape.

Three fire companies from Hartly, Dover and Greensboro fought for two-and-a-half hours to bring the blaze under control.

Damage was estimated at $20,000, three-fourths of it to the stock in the general store. Nothing was saved.

Baseball Rumor Unfounded

Pocomoke base ball fans were somewhat worried on Wednesday last, when the headlines of the Baltimore press blazed forth the information that the club franchise might be sold, and that Crisfield might be the purchaser. Assurance was later given that there was no truth to the rumor.

Fined For Slot Machines

At a hearing, held on Wednesday last, Magistrate Marion Merrill placed fines on four operators of illegal slot machines, in Pocomoke City.

The fines in each case was $25. One of the offenders was unable to pay his fine, and Justice Merrill gave him a suspended sentence of thirty days in jail.

Government Aids In Mad Dog Epidemic

The U. S. Department of Agriculture is lending a hand in the hydrophobia outbreak in Cecil County which is menacing livestock as well as the dog population of the county. 40 or more stray dogs have been killed.

Some dog owners got the mistaken idea that the federal agent was acting direct from Washington and were reported much upset by the wholesale killing of animals. However, it has been explained that Dr. Hoffman has "been loaned" by the government to the state agencies to aid in their fight against the spread of hydrophobia.

Last week, notice was given that a quarantine had been placed on dogs in several sections of the county, lasting until May.

To Test Farm Plan In Queen Annes

Designation of ueen Anne's County for operation of the Farm Tenant Purchase program in Maryland was announced today by the Farm Security Administration. This county was selected by Secretary of Agriculture Henry A. Wallace, on the advice of the State Farm Security Advisory Committee, and will be the first in the State in which loans will be made to farm tenants for purchase of their own farms, under the provisions of the Bankhead-Jones Farm Tenant Act.
