THE TRANSCRIPT

A SMALL GROUP of local business men have been working for several weeks to make arrangements for the establishing of a silk hosiery plant in Chestertown. Their efforts are partly successful in the fact that with the sale of a few more shares of stock, sufficient money will be raised to build a factory building. This small group of men have not devoted their time in raising money only as every effort has been made to determine the stability of the company which wishes to locate here. They have determined not to bring something to this town that will be a fly-by-night proposition and if a factory building is built with community funds it will only be with the expectation that the factory will be a permanent fixture and an asset to Chestertown. The work of the group has been purely a civic effort as its members will only benefit as the community benefits.

There has long been a demand in Chestertown for a small factory that will bring in a weekly payroll and give limited employment here. Such a thing cannot, however, come about unless all business interests who will benefit by such an industry, cooperate in the effort to establish it.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use *Doan's Pills*. A multitude of grateful people recommend *Doan's. Ask your neighbor!*

Old Timer Comments On Politics

Dear Mr. Editor:

There's so much talkin goin on about politiks that I can't make no heads nor tails out of it. Aside from the store gossip it seems there ain't been nothin that mounts to enything goin on. To year some of the boys talk you'd think the lection was all over en this en that man was already in office. Then one of the boys from another section drop in and upset all what has been said. I often thought I would note down what the boys say at this time of the year so as to call it to their mind when the election is over but then again it ain't no use makin people feel bad so I jest lissen en smile ot myself cause I been around to many years. There don't seem to have been nothing done this week along the line of forming a harmony ticket but that don't mean nothin cause as I said it is goin to take a lot of talkin to fix it up.

Some people are talkin about a Republican ticket but that dont mean nothin to me cause I know that the Republicans aint goin to make no ticket until after the Democrats get thru squabbling en if the Democrats have a primary they think they have got that much more chance. Some of the boys seys some of the Republicnas is so anxious for a Democrat primary that they are talkin more Democrat politicks than Republican politicks. I don't pay no count to what everybody seys but it makes good listening en tha tis what I hang around for. I ain't heard no State politicks mentioned lately en I think it is cause the boys have so much else to talk about. I do see that the Baltimore Mayor is gettin ready to announce his full ticket which will make more talk an since I got en easy chair and a big sand box I'me sitting pretty cause I know I am goin to have plenty of good listening from now till nevt November. Up to the present time I ain't mentioned no names cause everything is so mixed up but I kant hold back much longer. That's all.
