CHURCH NOTES

RADIANT LIVING

ILLUMINED BY VISION

By Rev. C. M. Griffeth
Pastor Calvary M. E. Church
Sudlersville, Md.

Thank God for those revelations which God flashes upon us!

The imprisonment of John the Beloved on the Isle of Patmos was a bitter one to him, yet by a spiritual vision that island was transformed into a place grander than a cathedral, a place where he caught glimpses of the heavenly glory.

Have you ever lain upon your back out in a meadow on a summer's day and idly watched the fleecy white clouds as they came rolling up from the horizon, ever so slowly yet constantly changing their gigantic forms as they mounted up into dizzy heights overhead with their stupenduous white massiveness and lofty grandeur? Have you ever seen those clouds suddenly illumined by a vivid flash of lightning? Did it not seem to you as though beyond the clouds there was a realm of glory which the sudden vivid flash revealed? There have been times when men overwhelmed with the disasters of life, have caught a sudden glimpse of the glory of God, and by the promise which their momentary vision implied, they have endured.

However drear your Patmas Isle may be, there is on it a height of spiritual experience from which you can catch a vision of God. And in the strength of that vision, you will be able to go on.

Emmanuel P. E. Church, Chestertown

Tuberculosis Undiscovered Endangers the Community

One person with tuberculosis may infect many others by spreading germs. It is estimated that in the United States 700,000 people are sick with tuberculosis. A great number of them are spreaders who refuse medical aid or are persons who have tuberculosis and do not know it.

By placing the sick person in the hospital, he or she not only has a chance to get well, but, more important, the community is protected. Every year about 200,000 are admitted to sanatoria in the United States. There is still a shortage of hospital beds in many communities.

When a person has fully recovered from tuberculosis only the scars remain and there is no danger of spreading germs. Other people are safe. The former patient has an opportunity to return to his home and family—a cured and useful person. Protecting one, therefore, protects many.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.
A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.
