CHURCH NOTES

RADIANT LIVING

On The Wings Of Thought

By Rev. C. M. Griffeth
Pastor Calvary M. E. Church
Sudlersville, Md.

It is by thought that we commune with God. We open the Scriptures and read of His thoughts to usward. We kneel and pray and tell Him of our love and dependence. And while we are yet speaking, He speaks to our souls in the thoughts that He sends us.

How significant of Divine communion is the experience that Jacob had when he lay asleep under the brilliant stars and dreamed of a ladder reaching to heaven, upon which the angels of God were ascending and descending between him and the Lord who stood above.

Those angels were heavenly messengers that bore back and forth the thoughts of that communion between God and Jacob, as though those fast fleeting white-winged angels were the very thoughts themselves.

For after all, our thoughts are as angels, especially when they take on the breath of prayer. They fly forth from our minds as do white-winged angels from before the Throne of God, hastening forth upon their mission of love and blessing. It may be that they are hurrying on wing to some precious soul far up in the mountains to whom they have been sent to minister blessings.

Or it may be that they are rushing forth to turn about an unfavorable wind for some distressed mariner, far out upon the sea.

And is it not by these ascending thoughts, as on the wings of angels, that we ourselves are carried into the presence of the invisible King?

Christ M. P. Church, Chestertown
W. P. Roberts, minister.
April 24, 1938.

The speaker of the evening will be Rev. Paul E. Reynolds of the M E. Church, Chestertown. A full attendance of the members is desired.

The public is cordially invited. Come and join in this worthy cause.

AUTO FATALTIES SHOW DECREASE

Kent Again Has Clean Slate For March

The first three (3) months of this year show ffity-seven (57) less deaths than the coresponding period of (1937) as the tabulation below will show, a decrease of thirty-eight (38) percent.

	1937	1938
January	67	36
February	37	26
March	45	30
Total	149	92

It is indeed gratifying to know what these statistics reveal, and I trust during the spring season that this record will continue, and the percentage of decrease will be greater.

According to our summary, twenty-one (21) or seventy (70) percent of the persons killed for the month of March were pedestrians, five (5) or seventeen (17) percent were passengers, and four (4) or thirteen (13) percent were the operators themselves. Most of the accidents continue to occur on dry, straight roads between intersections, on clear days and during the hours of darkness, and Friday and the highest number of ten (10). Passengers cars with no defects head the list, with operating too fast for conditions by the operators, who in a majority of the cases were White, in normal condition, between the ages of thirty (30) to thirty-nine (39) with five (5) years or more experience, and a resident of the Counties. Most of the pedestrians met their death "Crossing between intersections", and Walking in road left side against traffic." It seems that the pedestrian who is walking facing traffic, even though, he may see the car approaching, prefers walking out of the way of the approaching, prefers walking on the shoulder, where he considers he belongs, instead of moving out of the way of the approaching car. There were two Hit and Run cases during the month of March.

Jay Walkers, crossing between intersections, were the heaviest list of victims, and of the drivers 17 were operating too fast for conditions. 13 drivers were credited with no improper driving. 1 driver had been drinking and 30 were reported to be in a normal condition.

Baltimore City is charged with eight (8) deaths, with twenty-two (22) deaths occurring in the Counties.

WORTON

Mr. and Mrs. Norman Solloway, of Roanoke, Va., spent several days last week with his parents, Mr. and Mrs. Wm. Solloway.

HELP KIDNEYS
To Get Rid of Acid and Poisonous Waste
Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.
Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.
You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.
In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use *Doan's Pills*. A multitude of grateful people recommend *Doan's. Ask your neighbor!*
