THE SOCIAL WANDERER

DEAR ROAMER:

Hello! Hope you had a fine Easter and the new bonnet was successful. At any rate there were no showers to ruin it and be thankful for that, even if it did not meet with the family approval. How about you Sire? Was your necktie becoming?

At this writing, we are all set for the Spring Frolic and the gay 90 period. Did you see the invitations? I thought they were terribly cute. Harold Hallett, our local artist, did the little pen and ink sketch across the top. I'll tell you who won the prizes for the best costumes etc., next week. This is one time I really can't write it up ahead, although, by the time you read this, it will be all over. Once, long ago, something terrible happened when I wrote up a garden party ahead. I knew it would be lovely, so I told you so. I knew the lawns and flowers were lovely, so I told you so. I knew the people would look nice, so I told you so. But alas! I didn't count on the sun not shining, nor the party going on. A thunderstorm called the whole thing off. And there you were reading the account of the affair that wasn't. That cured me!

On Tuesday of this week, Mrs. Clara Stacy Solandt and Mrs. J. Thomas Kibler were guests at luncheon of Mrs. Dudley Roe in Sudlersville prior to the talk which Mrs. Solandt gave on Porcelain for the benefit of the local hospital. Due to Mrs. Solandt's increasingly popular lectures, she has been asked to speak in Centreville on Tuesday of next week, at the Little Theatre on the same topic.

The only and last lecture of the series on Silver will be held at Reid Hall Washington College, on May 11.

Wilmington, North Carolina, must be a most attractive place. A number of our residents have been, are there or going lately. The route there lends a nice stop-off at Williamsburg too.

Over the Easter holidays, Mr .and Mrs. William Newnam and their two daughters, Misses Henrietta and Willa Newnam, motored to Wilmington, N. C., where they were guests of Mr. Newnam's brother and family. The first night and day of their trip, they stayed at Williamsburg. They, as everyone, were delighted with its quaint charm.

On Wednesday, of this week, Mrs. Tilden Brice and her daughter, Miss Priscilla Grainger also motored to Wilmington and likewise stayed a night at Williamsburg on the way down. On Saturday, today, Priscilla will be a bridesmaid at the wedding of her cousin, Miss Jean McCoy to Dr. Charles Graham. The ceremony will take place at 6 o'clock, at the Episcopal Church, the name of which, I have forgotten at the minute. Mrs. Brice and Miss Grainger will be away a week.

Mrs. Etta Fountain and Mrs. Herbert Skipper are visiting for two weeks at Far Hills, N. J., where they are guests of their brother, Mr. George Brice. They were accompanied by Mrs. Charles B. Whaland and Mr. Joseph Brice who drove them up. Mrs. Whaland and Mr. Brice will return on Monday.

Miss Emily Sutton spent a few days in Baltimore last week. On Saturday, April 16, she attended the wedding of Miss Thelma Gorsuch and Mr. Thomas Deakins 3rd.

Miss Evelyn Brown, of Baltimore, was the guest of her parents over the Easter holidays.

William M. McCullough, the son of Mrs. J. S. William Jones was home for the week end from Harvard graduate school. He was accompanied by two of his college friends, Jack Ramsey, Dralington, S. C., and Roger Armstrong, Pale Alto, California.

Coming the first part of next week will be Mr. and Mrs. Charles Purlitz of Houston, Texas, to visit Dr. and Mrs. A. C. Dick Mrs. Purlitz, visited her daughter, Mrs. Dick, several weeks last summer in Chestertown and was one of our most popular and much entertained visitors.

Dr. Esther M. Dole has returned from a visit in Washington where she attended the National D. A. R. convention held in that city.

Mr. and Mrs. Eben Jenkins, of Hyattsville, are receiving congratulations on the birth of a daughter born on Wednesday morning. Mrs. Jenkins was formerly Mary Meigs Ingersoll, daughter of Mrs. D. W. Ingersoll.

Speaking of babies, the George Maxwell's infant will be christened at St. Paul's on Sunday. I hear they are expecting a full house over the week-end in honor of the event and incidentally the dance too. Their guests will include Mr. and Mrs. Ellery Wright of New York and Mr. and Mrs. Peter Hall, of Baltimore, Md.

The Bonwill Dukes up on Washington Avenue are also having a house party for the week-end. Among their guests will be Mr. and Mrs. Horace Derreck, of Towson, Md., and Mr. and Mrs. Spencer Michael, of Washington, D. C.

Then, as I told you last week, Miss Helen Hawkins, of Baltimore, has come for the week-end and is the guest of Mr. and Mrs. Harry Deringer.

Mr. and Mrs. Beatty, of Rose Valley Pa., are week-end guests of Mr. and Mrs. Clarke Grieb.

So it looks as if we have goodly out-of-town crowd assembled for the week-end. And now:

Three gongs have sounded and this is station TRANSCRIPT.

LOOKING AROUND

By Jog Trotter

SPRING PLOWING is well under way, the fresh turned turf, the budding trees and the smell of bursting flowers herald the end of the rainy cold. It is hard to believe that nations are throwing their troops at each other with unbridled fury, but let's forget the unpleasant things for the time and enjoy the beauties at hand. Kent County is never more lovely than in the spring. Its rolling fields and wooded background is a symphony in green. New life in on every hand, the new born lambs and foals are out-doing each other in frolicing. (NOTE to the neurotic—Arise at 6 A. M.; walk a mile, preferably but not necessarily, in the country, breathe deeply, look at the budding trees and flowers, listen to the birds. If you aren't too careful, you'll forget yourself.)

COOPERS' LANE, which leads to the nerly completed estate of Wayne Johnson, will soon be one of KENT'S better boulevards. The W. P. A. workers are on hand and have already marked off the widened road which will give a right of way approximately twenty feet wider than the present lane.

The Wayne Johnson estate is one of the 'show spots' of the Shore. It is about a thousand acres in size and lies on an elevation between Turners and Still Pond Creek. Let us hope that Mr. Johnson refrains posting the usual "Private Road—No Admittance" sign and allows us to view the beauties which are our heritage.

THE CROSS WORD PUZZLE can no longer be classed as a fad but is indeed an institution. Miniature golf disappeared with the 'golden age' of Hoover, the younger generation barely remembers Mah Jong, Pick-up-sticks vanished overnight, but the cross word puzzle goes on and on and gains more addicts as it ages. The uninitiate probably doesn't notice but every daily paper has a puzzle tucked away in some secluded corner. Day after day you will find it in the same place and many readers turn to it before going to the comic sheet. It is a truly fascinating diversion but watch out, for once the bug has bitten you, the day won't seem complete until you have worked one or more cross word puzzles.

BETTERTON'S newly acquired fire engine is to be the nucleus of a well organized fire fighting unit. This new company will protect a territory that here to fore had to depend on the Chestertown Company. In the past in case of fire, Betterton has been in the unenviable position of having plenty of water but not in the right place. With the new pumper they will be able to throw water from the wharves to any of the bay side hotels. Plans call for acquring enough hose to run from the bay to any point in the town. The fire engine will carry a large water tank for where a water supply isn't available. The Betterton Fire Company fills an urgent need and should receive the support of Kent Countians.

Income taxes, gasoline taxes,
Nuisance taxes, rent.
Hidden taxes, liquor taxes,
Down to the last red cent.

Income falling, margins, calling,
Can I last another day?
Congress meeting, the same proceeding,
More taxes—the usual way.

Chestertown, via Tolchester, is closer to Baltimore by water route than any other large town on the Shore and yet, except during the summer, we are more distant in actual time of travel and expense than Centreville or Easton. Apparently the Baltimore merchants are unaware (perhaps they are indifferent) that a considerable number of their potential customers are seeking markets that are more easily available. Wilmington and Philadelphia are rapidly becoming the 'big cities' for the people of the Shore. The Baltimore merchants should get wise to themselves and help do something about it. They should use their influence to get a convenient, one round trip a day schedule between Tolchester and Baltimore. If they went so far as to subsidize a boat line, the increased business and good will engendered would more than take care of their investment.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.

ODDS AND ENDS FROM C. H. S.

By Helen Marie Culver

The much enjoyed Easter vacation is over and everybody is back with happy spirits.

Tuesday 19, Prof. R. B Criswell of College Park gave a very interesting demonstration of the causes and preventions of fires. He showed many causes of fire just around the home and one of his slogans which he used, if you smoke, was "Chaperon your cigarette; don't let it go out alone." This if practiced could help prevent many fires.

Skinners Neck P. T. A. Entertains Children

At their April meeting on Wednesday the P. T. A. of Skinner's Neck School was entertained, in the Church Hall, by the children of the school.

The entertainment was in the form of a movie show followed by an egg hunt.

Franklin Higgins and Phillis Elburn won first and second prize in the primary group while Otto Nordhoff and Eleanor Ashley were the lucky winners in the large group.

The table was a surprise for the children. It was lovely being decorated in pink and green with nests of eggs, rabbits and chickens as the center of attraction. Each child found its place by the chocolate rabbit bearing its name.

At least fifty friends and members were present and spent an enjoyable afternoon. Their next meeting will be on May 13th.

"If Cigarettets Could Talk"

they would tell a story of a great American industry . . . In 1492 upon reaching America the Columbus crew noticed natives smoking rolls of dried tobaccc. When the Spaniards landed in Mexico in 1519 natives were cultivating tobacco with great care and skill. Cartier, upon discovering Canada, found Indians drying leaves in the sun.

John Rolfe, at Jamestown in 1612, is credited with the culture of tobacco, but it actually did not begin in Maryland until 1631.

Tobacco manufacturers have spent millions in scientific research to improve their products. Utmost care has been taken in the selection of the right crops. Tobacco industry for many years has used newspaper advertising to increase sales and put out a better product at lower cost.

Cigarettes and tobacco are no exception to the rule of nationally advertised brands. The national brand with the manufacturer's name and trade mark is his guarantee that the product is the best that can be produced for the money.
