IT IS VERY apparent that the residents of Crisfield are determined to keep the C. I. O. out of that town as evidenced by the complete destruction of an automobile owned by a representative of that union last week. No doubt the result of the recent union activities at Cambridge is fresh in the minds of residents of the southern part of the Eastern Shore and they are trying to avoid a recurence of the closing of industrial plants.

The crab factories are an important industry at Crisfield, not only due to the labor employed but the fact that they afford a ready market for the products of Chesapeake Bay. Packers have threatened to move to other localities due to the labor situation and the people of that town are endeavoring to iron out the difficulties and don't want any outside interference. With the small proportion of the population employed in the factories this should not be a very difficult task. Labor troubles on the Eastern Shore of Maryland is something new and the action at Crisfield may help prevent its spread. Labor agitators will always be unwelcome visitors in this section of Maryland and any inroads they make will be due to the indifference of the large majority.

THE QUESTION HAS arisen as to the tabulation of votes for Governor in the September primaries if the present six condidates remain in the field. According to the election laws of Maryland, if there is more than two candidates for Governor each voter will be given an opportunity to vote for first and second choice and this affords an opportunity for a dark horse to come into the picture. In case no one candidate should receive a majority of the first choice votes cast, then the election officials shall eliminate the candidate receiving the least number of first choice votes and the votes cast for him for first choice shall be distributed among the candidates still remaining according to the way the voters marking said dropped candidate for first choice have indicated their second choice. This process continues until some one candidate receives the majority of first choice votes. The second choice candidate shall be selected the same way who still has a chance at the convention where the nomination is conducted in the same way. This means that after the final vote is counted a lot of figuring may be required before the first choice candidate is selected. Then again the final analysis may not be worked out until the convention when a lot more figuring may be required. It is on this basis that some of the candidates in the field who appear not to have a chance hope for the nomination.

To the Editor of the Transcript:
Dear Sir:

The recent attack on our minister, the Reverend F. C. Louhoff, Jr., by one of our county papers, is no more than a person can expect, because when a person is accomplishing good things Satan is ever present. . . .But I am glad to say, most of our ministers are good soldiers. They take lots of hard blows for the cause in which they are enlisted. We have just about started on our third year under the ministry of Reverend Louhoff, I want to say as one of his Churchmen, the past two years of his ministry, have been two of the most successful years I have ever known The Rock Hall M. E. Church to have both spiritually and financially. Quite a few new members have been added to the Church Roll and every cent paid on all demands made on the church by the Conference. Mr. Louhoff mixes with all classes of people, I believe he loves everybody and most everybody loves him. Of course, there are exceptions. We have a few people who do not like any preacher. I have been connected with the Rock Hall Church for quite awhile, during my time we have had seven ministers about as good as there is in the Conference, several of them stayed here five years and this is the first any one of them has been attacked through the press for preaching the Gospel. I for one am glad we have got a man who is not afraid of his meal ticket, and is willing to preach the unadulterated Gospel of Jesus Christ, even if it hurts . . . it cuts me as well as others, but I grin and bear it knowing he is right. I am still with him one-hundred percent.

Old Timer Comments On Politics

Dear Mr. Editor:

Local politicks is as dead as a door nail en if enybody knows enything they are certainly keeping it to themselves. Some of the boys started an argument about this first and second choice for governor and after two hours of conflab everybody listening decided that nobody didn't know any more than anybody else which was nothing. Maybe it would be a good idea of they could vote for 1st, 2nd, 3rd, 4th, 5th and 6th choice so when it was all over everybody could say they voted for the one who finally got the nomination. A stranger dropped in the store this week and said that most of the counties are pretty well lined up for one candidate or the other except Kent and it might be the battleground. Well I ain't caring if it is if they are going to use cigars, etc., for bullets.

It looks to me like there won't be no lineup for Governor here until they get the local situation straightened out and at the present time there ain't no activity atal along that line. The Republicans ain't even saying enything although they seem a little worried about there being no real fighting among the Democrats up to now.

Some of the boys went down to Salisbury last Saturday for the hand out and they say that Senator Tyding was there which kinder upset the dope that he was tied up with the Mayor. It looks as how the State lineup is getting a little mixed up too and nobody knows what anybody else is doing. Aside from the Baltimore candidates saying mean things about each other I can't get no information about nothing so I think I am again to start the boys talking about the situation in Europe because they might as well start talking about one thing they don't know nothing about as another. Thats all,

UNCLE JAKE.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.
