Old Timer Comments On Politics

I guess I don't know how to sum up people these days cause I thought that all was needed in Kent County to start the ball arolling along the politikal line was for somebody to shoot off a fire cracker and the force of the explosion would start everybody's tongue wagging. I thought that the Wesley Chapel supper last week with hte honorable Mayor taking part would be that fire cracker but as far as I can find this week everybody's forgot all about it and are more concerned with keeping the weeds out of the crops. It looks like it is a case of weeds vs politicks and anything that is up against a weed has got a tough job particularly due to the fact that weeds come up themselves without no help and it looks like those who have an eye on feeding at the public trough are waiting for somebody to bring them up except the would-be Governors who are thicker than weeds; course I mean in numbers. I do hear as how some of the big State boys are getting ready to announce their full ticket en as I said before they aint going to create no real interest till they do. The leaders around the county are waiting the ohter feller an the other feller is doing the same thing en there you are. Maybe we're getting too civilized cause animals don't wait for nothing if there is good food in site. Corse I said all I know. I'll try to let you know what I hear but the way things are going I guess I am deaf. Thats all

UNCLE JAKE.

P. S. I do hear some of the big boys of the county are riding around together but nobody seems to know where they go or what they do when they get there.

HEALTHMOBILE TO VISIT KENT COUNTY

P. T. A. Council To Essist In Summer Roundup

Eleven counties are included in the itinerary for this season's tour of the Health Trailer of the Bureau of Child Hygiene of the State Department of Health. The trailer started on its rounds on Child Health Day and will remain in the field until the latter part of August, visiting sections of the State not ordinarily reached by the child health conferences held regularly throughout the year. It will be used for informal conferences with mothers about the health needs of their children, and for the examination of babies and young children who are not under medical supervision.

The arrangements for each county are under the direction of the county health officer. The staff includes a physician with special experience in the care of babies and young children, a dentist, and a public health nurse. Dr. Elizabeth Sheran who has been the examining physician for several seasons, is in charge again this year.

Over 3,300 children were examined at the health conferences held in connection with the tour of the health trailer, last summer. The trailer visited nine counties, travelled over 7,000 miles and made stops at nearly 200 places.

The travelling conferences supplement the regular child health conferences that will be held as usual in the rest of the State.

The aim of the conferences is to show mothers how to keep their children well. No medical treatments are given. Children in need of medical care are referred to their own doctors.

The dates for the visit of the health trailer to Kent County are June 27th to July 6th. The Kent County Council of Parent Teachers Associations, at a recent meeting, voted to cooperate by aidng health authorities in making these health conferences a success.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.
