THE EFFORTS TO reorganize the Chestertown Volunteer Fire Company Band is worthy of community reorganition as the band is a decided community asset. This band in past years has proved itself to be exceptionally well trained and has made a name for itself in all parts of the State. The reorganization efforts will be of no avail unless the people of Chestertown show that they want it and are willing to lend it their support. This support is not necessarily financial but it from a standpoint of recognition, attendance at concerts and showing appreciation of the efforts made by the band members.

THE COMMISSIONERS of Kent County yesterday struck the tax rate for Kent County at $1.35 which although seventeen cents lower than last year, is certainly not a political rate. In checking over the levy we find that it includes every visable county expense for next year which is the policy of the present Board of get the county on a cash basis. Too often in past years the tax rate has been dropped to a very low figure in years when elections are held as a political boost which has only meant the issuance of a great many certificates the following year causing the rate again to be greatly increased. This fluctuating tax rate can only be stopped when the county is placed on a cash basis, that is, when the Commissioners levy so as to pay the running expenses of the county as they become due. With a reduction of seventeen cents this year a greater reduction is promised for each of the next four years if the present policy of levying for all of the county expenses is continued. In 1941 Kent's road bond issue will have been retired. This issue is at the present time costing $80,000 a year plus interest. When it is retired the receipts from the State gasoline ax which is now being used to help pay this $80,000 will more than take care of Kent's road system relieving the present additional expense of $30,000 which has to be levied for. It is very gratifying to know that the Board of County Commissioners are not playing politics with the tax rate but are looking to the interests of the county for which they were elected to serve. In these days the policy of taxing to meet governmental expense is rather unique but one that requires nerve and determination but is to be praised. The result of the increase in assessment enabled a four cent of the seventeen cent reduction.

Old Timer Comments On Politics

all

Dear Mr. Editor:—

Seems as how the boys have started talkin politiks again en I expect as time goes on seating capacity on the benches outside the store is going to be a problem. Some of the boys seys that things are about to break and if they don't soon the ladies won't be able to get all the church suppers in before the primaries. The reports are that the Independant Democrats are figuring on a full ticket which they say will mean two full Democratic tickets in the field. It seems as how they are talking about Charlie Wheatley espiring for the Senate which if he does he will probably oppose Senator Arthur Brice. Then for Treasurer I hear that Jim Hadaway has his eye on it. I also hear that Frank Elliott out Fairlee way has his eye on that job and there maybe some more. Of course I don't need nobody to tell me. that Bob Shallcross, who they say is one of the leaders of the Independants, is going to run for Clerk of the Court but I ain't heard much about who might run against him if both sides fill the slate up. Now I ain't goin to try to remember all the boys that have got their eyes on the Orphans' Court jobs cause them is the jobs, like the sheriff, that most enybody thinks they can fill. Then the big job in that office, the Register of Wills, well I ain't heard enough about it to mention any names cause the job is such a nice one the boys are kinder holdin back to see what support they can get. Things seem pretty much in the dark about the County Commissioners jobs although I hear Sam Massey with another from the first and another from the sixth district is being talked about by the independants. Well when they start talkin about the Sheriff I just don't pay no attention cause I believe about half the boys around the store are just waiting for somebody to say "Why don't you run?" If the talk is kerrect things are going to start happening next week and I am looking forward to a real interesting summer and the store is laying in an extra supply of chewin tobakker cause with a big chew you can make a lot of noise without saying much which means holdin your own if you don't know much.

I hear that they are going to make up a Woman's Democratic Club in this county and thats where things are bound to wake up. I don't know what tis all about except that Herb O'Connor who is one of the boys that is out for the big job at Annapolis is going to speak at the first meeting on the 30th of this month. They say that he makes a big hit with the ladies and this being his first visit here in this campaign I bet its goin to start something. When the women start talkin I just listen cause it ain't no use trying to get a word in and when you do it don't mean nothing. Course when I was younger politicks is something that women didn't take no part in but now a man ain't got nothing to himself cept chewin tobakker en not talking but them two things suits me pretty well so I ain't kicking. Getting back to politicks, the Republicans make out they is tickled about this talked of squabble among the Democrats but they ain't fooling me none cause I hear as how there is a little bit of trouble in their ranks and some of them has woke up to the fact, probably caused by the Democrats, that everybody has a right to run for office.

The nxet thing in the line of politikal talk is about the getting the job of U. S. Senator. Dave Lewis from way out there in Western Maryland has thrown his hat in the ring against Millard Tydings for a fight to the finish. Now this don't promise to be just en ordinary politikal battle but one that is goin to bring in all the for's and against's what Millard has been doing down in Washington. It looks as if it is the only fight that has any definite issues back of it. It looks like the boys running for governor ain't taken up any real State issues except terrapins in every pot or something and my experienc in politicks is that the fewer issues taken up the better the candidates like it but with these days of everybody going in for higher education en knowing so much I wonder that the people don't make them stand somewhere on the things that they say is so important. I ain't out to make no more trouble than what is now on hand so I ain't goin to say no more this time about that. That's all.

HELP KIDNEYS
To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use *Doan's Pills*. A multitude of grateful people recommend *Doan's*. Ask your neighbor!

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.
