

NEWS GATHERED ON THE PENINSULA

Soccer League Complete

Two more teams were added to the Eastern Shore Soccer League this past week. Teams from St. Michaels and Federalsburg were admitted, and the schedule is being revised to accommodate these two teams.

Sunday's games were scheduled as follows: Chestertown at Denton, Ridgely at Greensboro, Vienna A. C. at St. Michaels, Easton at Vienna C. C. and Federalsburg at Cambridge.

The officers of the league promise to have the schedule revised ready for this week, so the teams can know ahead of time where they play.

Free Work At Easton Hospital On Increase

A report of the State Board shows that the Easton Hospital received from the State \$15,300 for the fiscal year ending September 30, and did \$45,167 actual free work, making \$29,867 to be absorbed by the Hospital.

Of course this huge amount only helps to swell the deficit. Easton Hospital is fifth in the whole state in the amount of free work done, only three hospitals in Baltimore being greater and one in the counties.

According to the report just made by Mrs. Harriette Keasfoot, of the Board of State Aid and Charities for the Governor, just issued, it cost Emory Hospital to do its free work exactly \$65,041, and it had the third lowest per capita cost, or operating cost of all the county hospitals in the State.

Preparations To Harvest Holly Crop

Preparations are now underway for the annual harvest of the holly crop in lower Delaware, an industry which in recent years has almost reached the half million dollar mark and provides seasonal employment for several thousand persons.

Following several surveys State Forester W. S. Taber reports that there is a large abundance of holly available this year but that the little red berries on the trees are very scarce.

This shortage of the holly berries is quite a contrast with the situation of last year when the berries were very numerous through the holly growth in all sections.

While there are various reasons for failure of the holly berries to appear in abundance, Mr. Taber pointed out that it is most probably the result of unfavorable weather conditions at the time the berry blossoms were forming.

To Put Easton Electric System Underground

Five bids were received for the construction of underground conduits for electric system of Easton. These bids were opened on Saturday in the Mayor's office and the contracts will be awarded to Contracting & Construction Co., Inc., of Philadelphia at their bid of \$26,215.58.

The contract will be awarded when the PWA approves it, and this is expected daily. Engineer Kastenhuber says the work will be commenced by November 15th, and possibly earlier. The highest bid received was for \$44,379, and one next to lowest was for \$27,368.

To Hold Farewell Banquet For Bishop Davenport

On November 10th the clergy and parishes of the Diocese of Easton will give a farewell dinner to Bishop George W. Davenport, who retires. The dinner will be held at Hotel Avon. It will be attended by at least ten persons from each parish, and the clergy, besides members of the Women's Auxiliary, making in all about two hundred. The details of the dinner are now being arranged by several members of the Clergy.
