RADIANT VOYAGE

A TRAGIC VOYAGE

By Rev. C. M. Griffith
Methodist Pastor of
Deals Island, Md.

The doubter is always searching after truth. As the Scripture says, he is "ever learning and never able to come to the knowledge of the truth." On the other hand, the man of faith lives contentedly and radiantly because he needs not search for the truth. He possesses it! And in possessing truth he is made secure by the truth.

To a man given to intellectualism there is some charm of venture in launching forth upon the sea of doubt in search for some beautiful island of truth. But the sea of skepticism is a vast uncharted expanse. Not a harbor is listed anywhere. And what lies beyond the horizon of earthly life, no doubter knows.

Yet toward that horizon the doubter must sail on and on. He is already far out on a lonely sea. The homeland is swallowed up astern. Yet he sails on and on and on, seeking north and south, east and west, for the land of truth which never appears along his distant gloomy horizon.

At last, under the strain of the long voyage, something gives way, perhaps the rudder of confidence. There is nothing to do but to drift, hoping for the best, but unknowingly doomed to see no more the sight of land or the gleam of a harbor light.

For there comes a day when the barometer rapidly falls, gray oily clouds shut out the sky. Heavy weather brews fast, and with the burst of the hurricane of some sudden tragedy in his life, the night of nights settles down—the night of which there shall be no dawn.

And in that night the doubting soul of the skeptic goes down like a battered wreck, and in his plunge to the depths there comes to him a realization that the beautiful island of truth for which he ventured forth but never found, was no other than the old Mainland which he left when he put out upon the Sea of Skepticism.

Special Week of Services At The Methodist Episcopal Church

Beginning on Sunday evening, November 13, there will be held a week of Fellowship meetings, closing Sunday evening, November 20. The purpose of these meetings is to help the membership and friends of the church to become better acquainted with the church, its organizations and their functioning. The more we can know about the organization of which we are a part and the purpose and plans by which it carries on its work, the better we will serve as a member. The organizations will be present in a body on the following evenings:

Monday evening, the Official Board.

Tuesday evening, the Missionary Societies and Ladies Aid.

Wednesday evening, the Men's Bible Class and Soldiers of the Cross.

Thursday evening, the By-Kota Club.

NEWS GATHERED ON THE PENINSULA

Bus Kills Deer

On Monday of last week the Greyhound Bus passing through North East on Route 40, about opposite Abel Cameron's home, ran down and killed a 250 lb. buck deer. No one seems to know whether the buck came down from Penna., or up from the Elk Neck district. The matter was reported to the police and the carcass was allowed to be cut and distributed to the jail and almshouse.

Easton To Build Sewerage Plant

One of the largest projects ever undertaken in Talbot County, the construction of a new sewerage treatment plant for Easton at a cost of \$105,000, will involve digging a ditch approximately four miles long, from Easton to the Choptank river. The project, for which a Federal Public Works Administration grant of \$47,250 (forty-five per cent. of the total cost) was obtained, is expected to be completed during the coming winter, providing needed employment for a large number of skilled and unskilled laborers.

Oysters Bars To Remain Closed

Bars and rocks planted with seed oysters last spring and the spring of the preceding year will remain closed indefinitely, it was announced this week by Robert F. Duer, chairman of the State Conservation Commission. The announcement came as Maryland dredgers were preparing for the opening of the dredging season on Tuesday.

Red Star Lines Sold

Tentative sale of the Red Star Lines, Inc., since September 1 operated under a receiver, Edgar F. Bennett, of Maryland Springs, superintendent of transportation for the line, was announced by Charles A. McClure, of Philadelphia, and Lee Webster Seale, of Salisbury, receivers. The sale is subject to court approval.

The tentative sale price, as revealed in the papers filed in the Circuit Court for Wicomico county by Miles, Bailey and Williams, of Salisbury, and Miles and O'Brien, Baltimore, attorneys for the receivers, is \$26,000 and includes purchase of all physical equipment, franchise and contracts.

Oyster Dredgers At Work

At daybreak Tuesday morning of last week one hundred-odd dredgers dropped grapplars over bars and rocks in the bay to inaugurate the oyster dredging season in Maryland. Prospects are described as fair, warm weather through October being responsible to a poor demand for tonged oysters. Normally the month is one which brings good business to the tongers, at a time when they face no competition from dredgers.

NOTICE TO THE PUBLIC

I am in a position to lend money in sums to suit on mortgages on farm lands in Kent and Queen Anne's counties at low rates of interest over a long term of years, either for refinancing existing mortgages, aiding you in purchasing a farm, or in making improvements to your farm buildings. There are no appraisal fees or excessive charges in securing one of these very desirable first mortgage loans. If you are interested in buying a farm, or in refinancing your present mortgage, I shall be very glad to confer with you at my office on Court street.

THOMAS D. BOWERS,

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks dull. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmonious, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

NOTICE OF RESERVATION OF NATURAL OYSTER BARS FOR CONSERVATION PURPOSES

In pursuance of the authority vested in the undersigned by law, notice is hereby given that all the natural oyster bars included in the area hereinafter mentioned are reserved for Conservation purposes, as set forth in the Annotated Code of Maryland, Article 72, Section 161:

All that area in the Upper Chester River on which oysters have been transplanted is hereby closed from October 1, 1938, until further notice.

All persons are warned not to catch or disturb oysters on the above dates above mentioned, under penalty provided for in Section 156 of said Article 72.

Crisfield Plans Paving Program

Possibility that every principal street in Crisfield will be paved by next year was held forth this week by Mayor William E. Ward.

The program, he estimated, will cost approximately \$50,000, and will cover the principal streets in every section of the city.

Game License Net \$120,648

The game division of the conservation department announced last week that it had collected \$120,648.40 in license fees during the fiscal year ended September 30th, or \$30,241.10 more than the receipts realized for the fiscal year 1936-37.

A total of 69,600 hunters' permits which were issued netted the State \$116,890.20, and 814 duck blind, pushers and sneak-boat licenses, yielded \$3,758.20. Ducking the previous fiscal year \$87,372.05 was realized from hunters' licenses and \$3,034.75 from the other permits.

The game division collected \$7,095 from the game and fish fines in the last fiscal year. There was a total of 709 cases taken before magistrates; in twenty-nine of them defendants were sent to jail, 359 cases resulted in fines, 3 in permits being revoked, 138 in suspended sentences, 11 in paroles, 9 in non prosee and 123 in acquittals. Thirty-seven cases were appealed.

No Holiday for TB

Every 7 1/2 minutes, one person dies of tuberculosis in the United States. In 1908 this disease took a life every 3 1/2 minutes. Christmas Seals enable tuberculosis associations to help the medical profession to wipe out the disease from this nation.
