

PLANNING SURVEY INCLUDES TWO AIR PORTS HERE

Long Range Plans For Baltimore Completed

The Baltimore City Planning Commission has just completed a survey of a long time building program for Baltimore City which includes, of course airports within a thirty mile radius. The plan includes the establishing of airports in five counties of the State, Kent, Harford, Baltimore, Carroll and Howard.

The Commissioners of Kent County received this week, a map showing the suggested location of the airports with the request that they either approve or reject the location.

The proposed locations in Kent County are at Napley Green on Greys Inn Creek, Kent County, the estate of Mr. Eugene Du Pont; and Andolet Farms located on Worton Creek and Chesapeake Bay, the property of Mr. Lamont Du Pont Copeland. In addition to the airfields the same two sites are considered desirable locations for seaplane anchorage one on Chester River and the other on Worton Creek.

This does not in anyway mean that air ports are to be established here in the near or far future. They have just been selected as desirable sites in the future plans for Baltimore City.

Would Establish Air Route To Baltimore

Mayor Wilmer reported on Wednesday that Carl Eck, of Middle River, was in Chestertown that day and stated that he was preparing to operate an air-passenger service between Chestertown and Baltimore. He stated that he will operate from the William Knight farm just north of Chestertown starting December 1st. It is understood that Eck is a licensed commercial pilot and has two planes, with capacities of two and four passengers.

13 PROJECTS NAMED IN SHORE DREDGING PROG.

Channel At Crumpton To Be Surveyed

Congress David J. Ward advises that the Rivers and Harbors Bill, reported to the Committee on Rivers and Harbors, House of Representatives, November 21, includes for the Eastern Shore of Maryland, six projects for adoption by Congress and provides for preliminary examinations and surveys of seven projects.

Among the projects for preliminary examinations and surveys is the dredging of the channel above Crumpton. About thirty years ago a channel was dug from Crumpton to Jones Landing at Millington which enabled sail and power boats to operate from that point. The lack of water travel and the general erosion of the soil has materially lessened the depth of that channel since it was dredged.

The six projects listed for adoption are:

Black Walnut Harbor, Talbot County—estimated cost \$21,000 with annual maintenance of \$1,000.

Town Creek, Oxford, Md.—estimated cost \$25,000 with annual maintenance of \$1,500.

Duck Point Cove, Dorchester County—estimated cost \$19,500 with annual maintenance of \$1,000.

Lower Thoroughfare, Deals Island—estimated cost of \$22,000 with annual maintenance of \$800.

Crisfield Harbor, modification of the existing project, to provide relocation of the authorized anchorage basin and connecting channel without change in the authorized cost for new work and maintenance.

Pocomoke River, modification of the existing project to extend channel above the bridge at Snow Hill—estimated cost of \$8,500 with annual maintenance of \$1,000.

Preliminary examinations and surveys are provided for the following projects:

Marumso Creek, lower Somerset County, Maryland.

Taylor's Landing, Worcester County.

Harbor at Public Landing, Worcester County.

Channel from Charlestown, North-east River, to Havre de Grace Honga River and Tar Bay, including channel into and harbor in Back Creek, Hoopers Island.

Channels from Rhodes Point to Tylerton, Smith Island.

Chester River Channel above Crumpton, Maryland.

MUCH EXPECTED OF NEW PAROLE POLICY IN STATE

Following a survey made at his request by the Chairman of the Department of Correction, the Director of the Department of Parole and Probation and other officials, Governor Herbert R. O'Connor has announced a new State policy to broaden the scope of the Maryland Parole System by aiding prisoners to secure employment when discharged.

The basis of the new plan is a much closer study of all possible parolés and of all who would be interested in their release, including prospective employers, plus an improved functioning of welfare activities at the penal institutions of the State.

To this end the Governor has made arrangements for additional personnel, and for the expedition of reviews of the cases as they are recommended to the Executive Department.

The great increase in the prison population in recent years, the Governor announced, prompted him to institute the survey, whose purpose is to lower the costs of prison maintenance, but primarily to restore to normal life in the State every worthwhile prisoner who could be proclaimed.

One of the important factors in the increased number of "repeaters" now in the institutions, the Governor declared, was the failure of the State to provide adequate means of supervising re-adjustments of prisoners upon their release from prison. This will be done very effectively under the new system, Governor O'Connor pointed out, and he expressed himself as most hopeful that a great number of prisoners would thus be enabled to become again worthwhile citizens of the State.

Washington Leads In Fraternity Standing

Fraternity life at Washington College received a boost this week when it was announced that this college led the entire country in scholastic standing of members of the three fraternities. The announcement was made following the annual survey conducted by National Interfraternity Council.

Contests Dog License Law

A dog lover is knocking at the door of the Supreme Court seeking a ruling that it is Un-American for cities to tax people for keeping dogs in their homes.

The dog lover is George F. Harrington, Los Angeles, who has gone to the expense of appealing to the high court from a ruling of California courts upholding constitutionality of the Los Angeles dog tax ordinance.

A dog in the home neither barks, bites nor destroys property of others, he says. Thus a dog in the home needs no regulation and a city has no right to regulate it, he says.

Baltimore Bowlers To Be Here Friday

At the time of going to press Mr. James Hadaway had a local all star bowling team lined up to meet the "Plaza 5" of Baltimore. The game was scheduled for 8 P. M. Friday night. The second ranking player of Baltimore, with an average of 130 is on the Baltimore team.

GET TERMS FOR ASSAULT ON DEPUTY SHERIFF

Three colored men were given terms ranging from 6 months to 15 months in the House of Correction Friday night by Judge Melvin as a result of an attack upon Deputy Sheriff Henry Gsell while he was endeavoring to arrest Howard (Shot) Wickes.

Wickes, who has a long record in the local court, was sentenced to the House of Correction for 15 months following conviction of resisting arrest and assault and battery.

Peck Scott, 6 months for assault and battery on Deputy Gsell and a colored man named Lindsay.

Henry White, 6 months for assault on Deputy Gsell.

Mr. Gsell is still suffering from blows delivered by the three men although he succeeded in making the arrest after being called to the uptown section of Chestertown to quiet a disorder.

LOCAL GUARD UNIT TO HOLD DANCE

The Headquarters Platoon of the Fifth Battalion of the Maryland Guard will hold a dance at the local armory on December 12. This dance will usher in the Christmas activities and a large attendance is expected. The newly organized "Frank Meade and His Orchestra" will furnish "the finest in aristocratic melody."

This orchestra is composed of fourteen instrumentalists and a vocalist.

Corporal Parks Rasin is chairman of the entertainment committee and tables to go around and that they will be served by Private Bill Bennett and his canteen crew.

The local guard unit hopes to have something in the entertainment line each month. The platoon is commanded by Capt. Harry W. Jarman with First Lieutenant F. W. Dum-schott second in command.

PRIZE DRAWINGS TO START IN STORES DEC. 12

Tickets To Be Given With Purchase

Through arrangements by the Chestertown Business Men's Association the merchants of Chestertown will conduct cash prize drawings this holiday season somewhat similar to that of last year but with a few changes.

A ticket will be given with each 25-cent purchase as before but the cash prizes will be larger.

Fifteen dollars will be given away each night from December 12th to 23rd inclusive. In case the person whose name is drawn is not present that person will receive a consolation prize of \$5.00 and the remaining \$10.00 will be added to the prize of the following night making it \$25.00, etc.

According to schedule, the light decorations will be turned on Monday night and merchants are now busy getting their Christmas merchandise on display.

SEAL SALE TO START MONDAY

The Annual Christmas Seal Sale to raise funds to fight tuberculosis in Maryland will open this coming Monday, November 24th, it was announced today by the Maryland Tuberculosis Association.

On that day many thousand homes will receive the 1941 Christmas Seal, through the kindness of Uncle Sam's Mailman. This year's Seal depicts a lighthouse throwing out rays of hope to all.

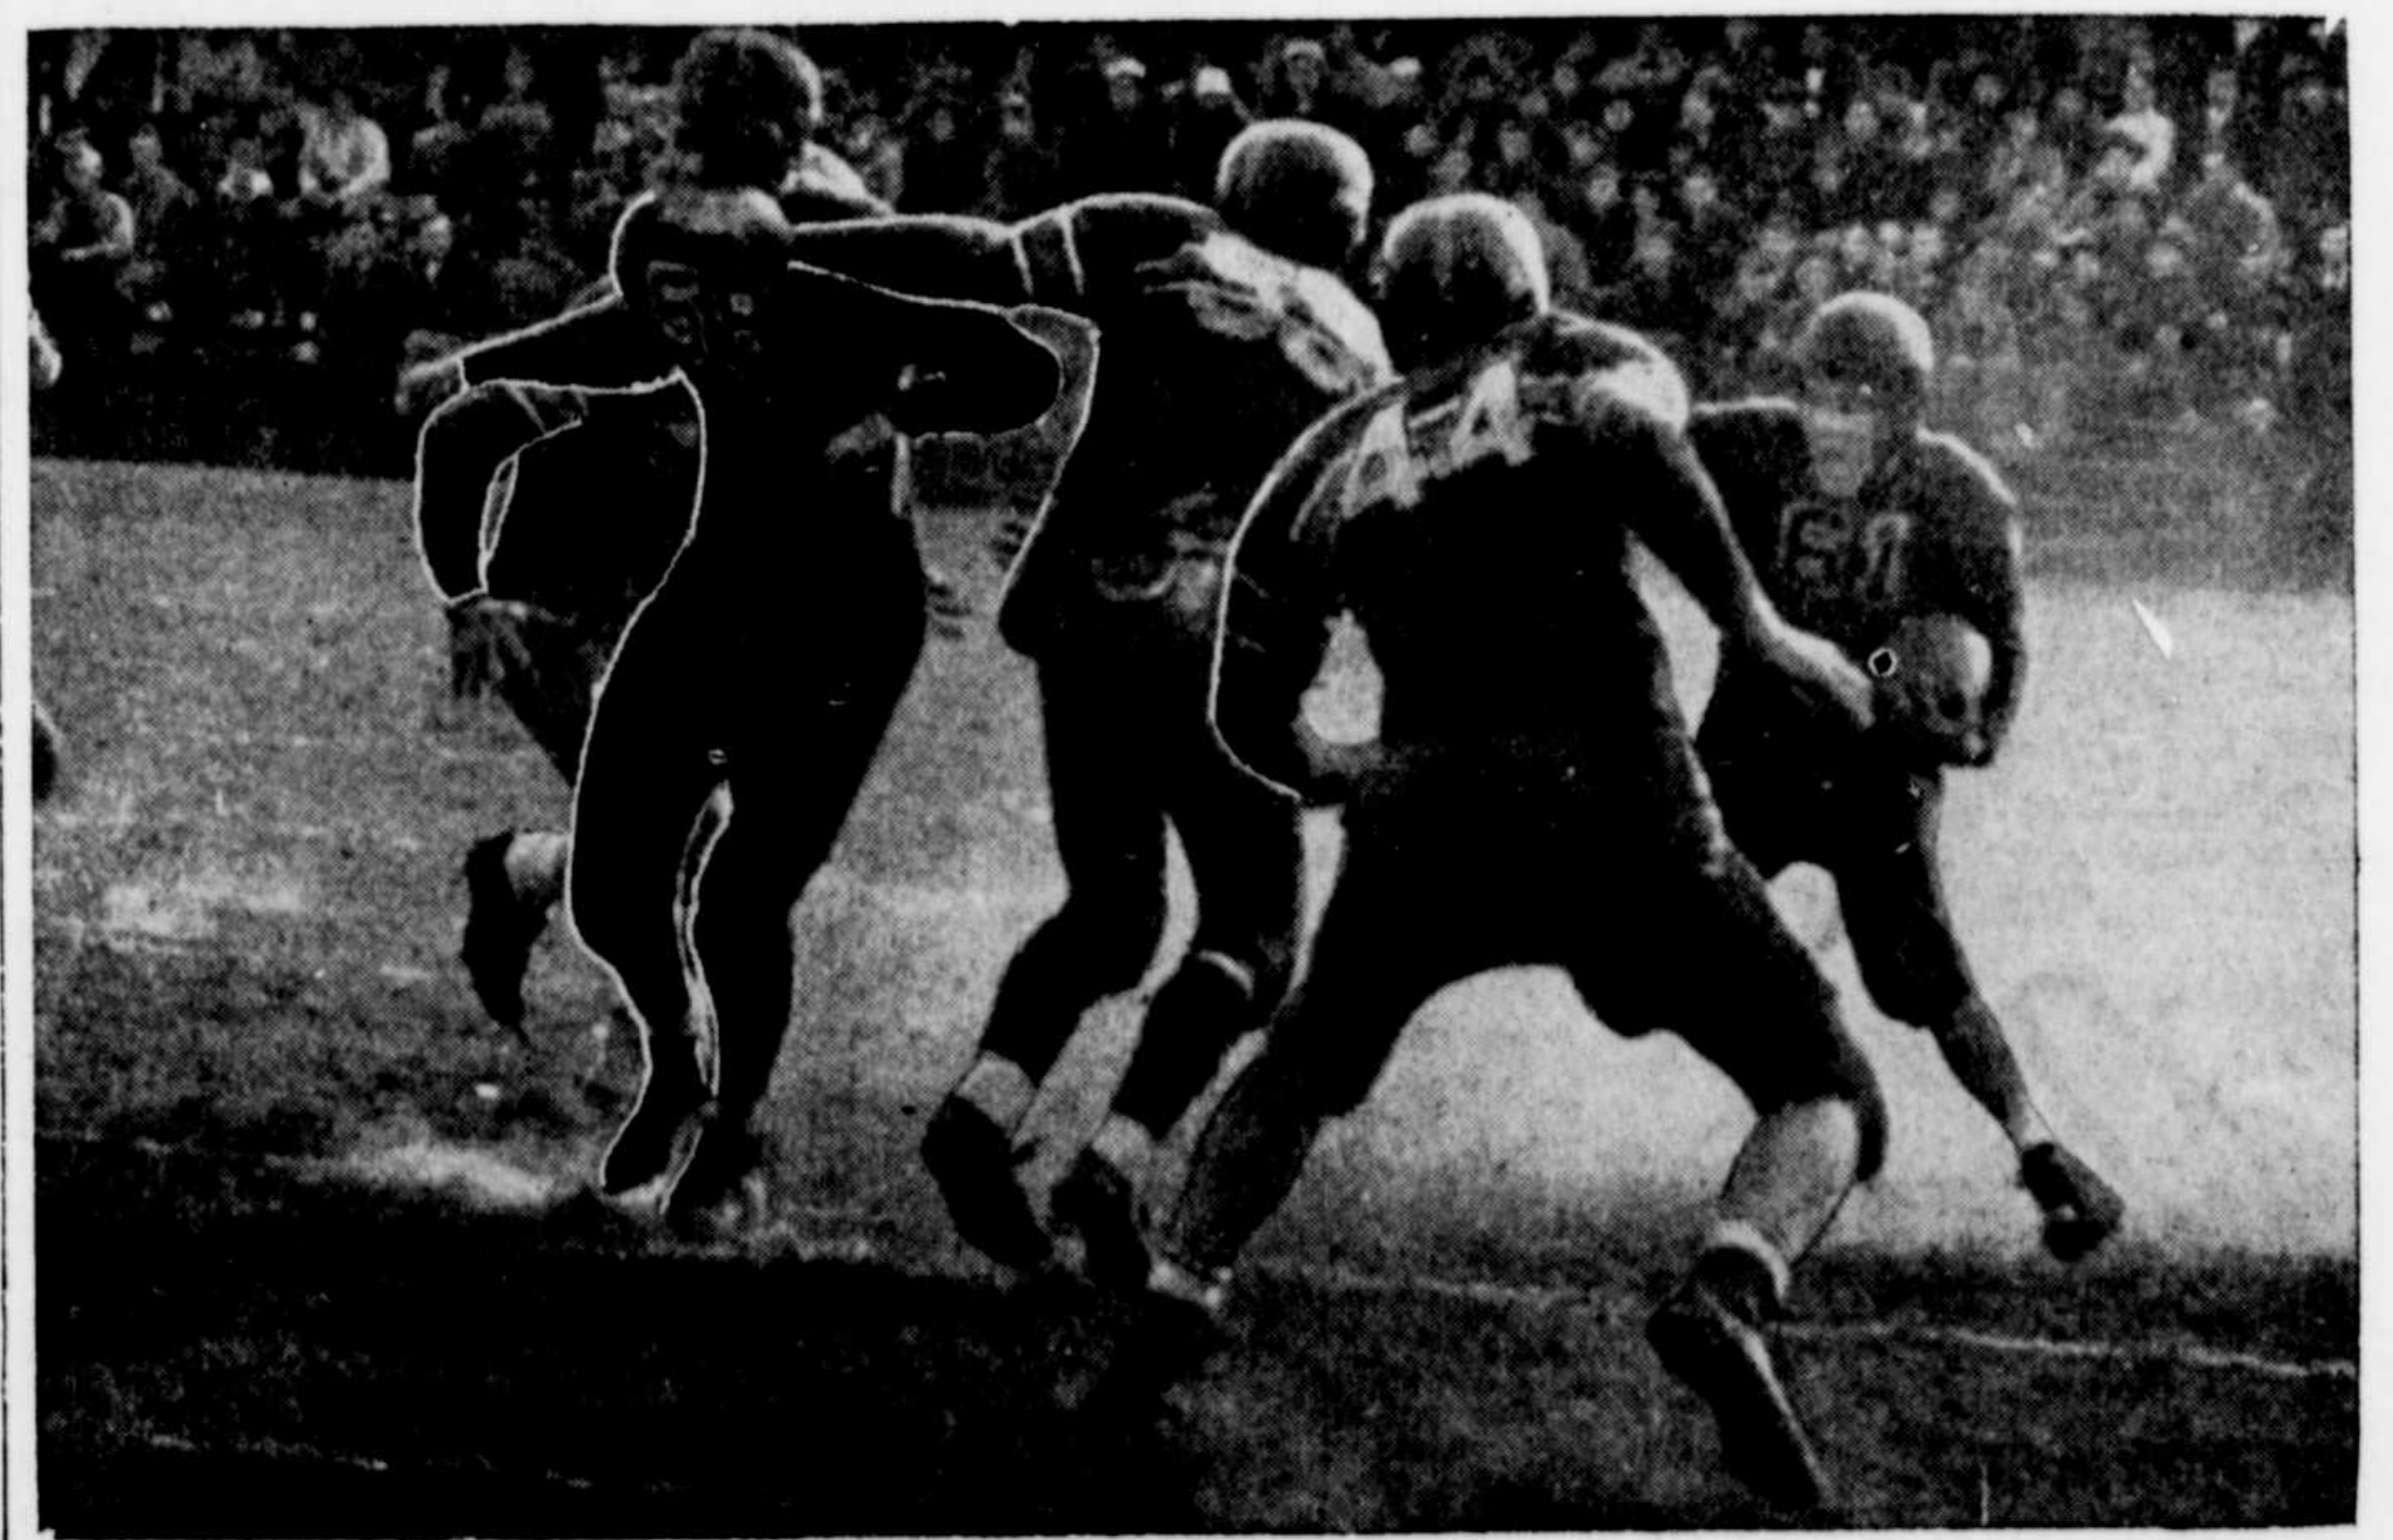

The citizens of Maryland will have an opportunity to aid in the fight against the "White Plague" by using these tokens of good health and happiness.

Christmas Seals enable the Maryland Tuberculosis Association to maintain a modern program of tuberculosis control. The program includes clinics, x-rays, tuberculin testing, the Miracle House, health education, medical research and Negro program.

The Maryland Association was founded in 1904 as a direct result of the great Tuberculosis Exhibit held in Baltimore the same year. Since it has been in operation, the death rate from tuberculosis in Maryland has been reduced 80%. However, it is still above the national average.

Mrs. J. D. Maxwell has again accepted the chairmanship for Kent County.

McLAUGHLIN CARRYING BALL IN LAST SATURDAY'S GAME

SHO'MEN LOSE FINAL TILT 18 TO 6

After being outplayed for three periods the Delaware Blue Hens came roaring back in the final period with a three touchdown assault to conquer a superior Washington College eleven 18-6. The Blue Hens closed their season undefeated and with but one tie which was with West Chester State Teacher's College.

Through most of the first three quarters the powerful Washington

team kept the Delawarians in their own backyard with the exceptional kicking of Lew Yerkes and the sterling defensive work of the Maroon line and backfield. Early in the third period after driving 43 yards into Delaware territory, Lew Yerkes hurled a pass over the goal line to quarterback "Stoney" McLaughlin for the score.

In the early minutes of the fourth quarter, with the help of a 41-yard pass from Hogan to Thompson, Delaware marched 81 yards for a touchdown. Shortly following this, Sloan intercepted a Washington pass and dashed from his own 20 to the Washington 20 before he was finally stopped. From here, the Blue Hens bucked the ball to the 2-yard line where Hogan plunged over for the score. In the closing minutes, Buck

Thompson snared another Washington pass and raced 40 yards for the final score.

Delaware sports an 9-5 edge in the Washington College series which dates back to 1912.

Results are as follows:

1912 Washington 7—Delaware 0

1913 Washington 13—Delaware 0

1912 Delaware 47—Washington 0

1922 Delaware 7—Washington 3

1922 Delaware 8—Washington 0

1933 Delaware 8—Washington 0

1934 Washington 27—Delaware 7

1935 Delaware 33—Washington 13

1920 Washington 21—Delaware 6

1937 Washington 14—Delaware 6

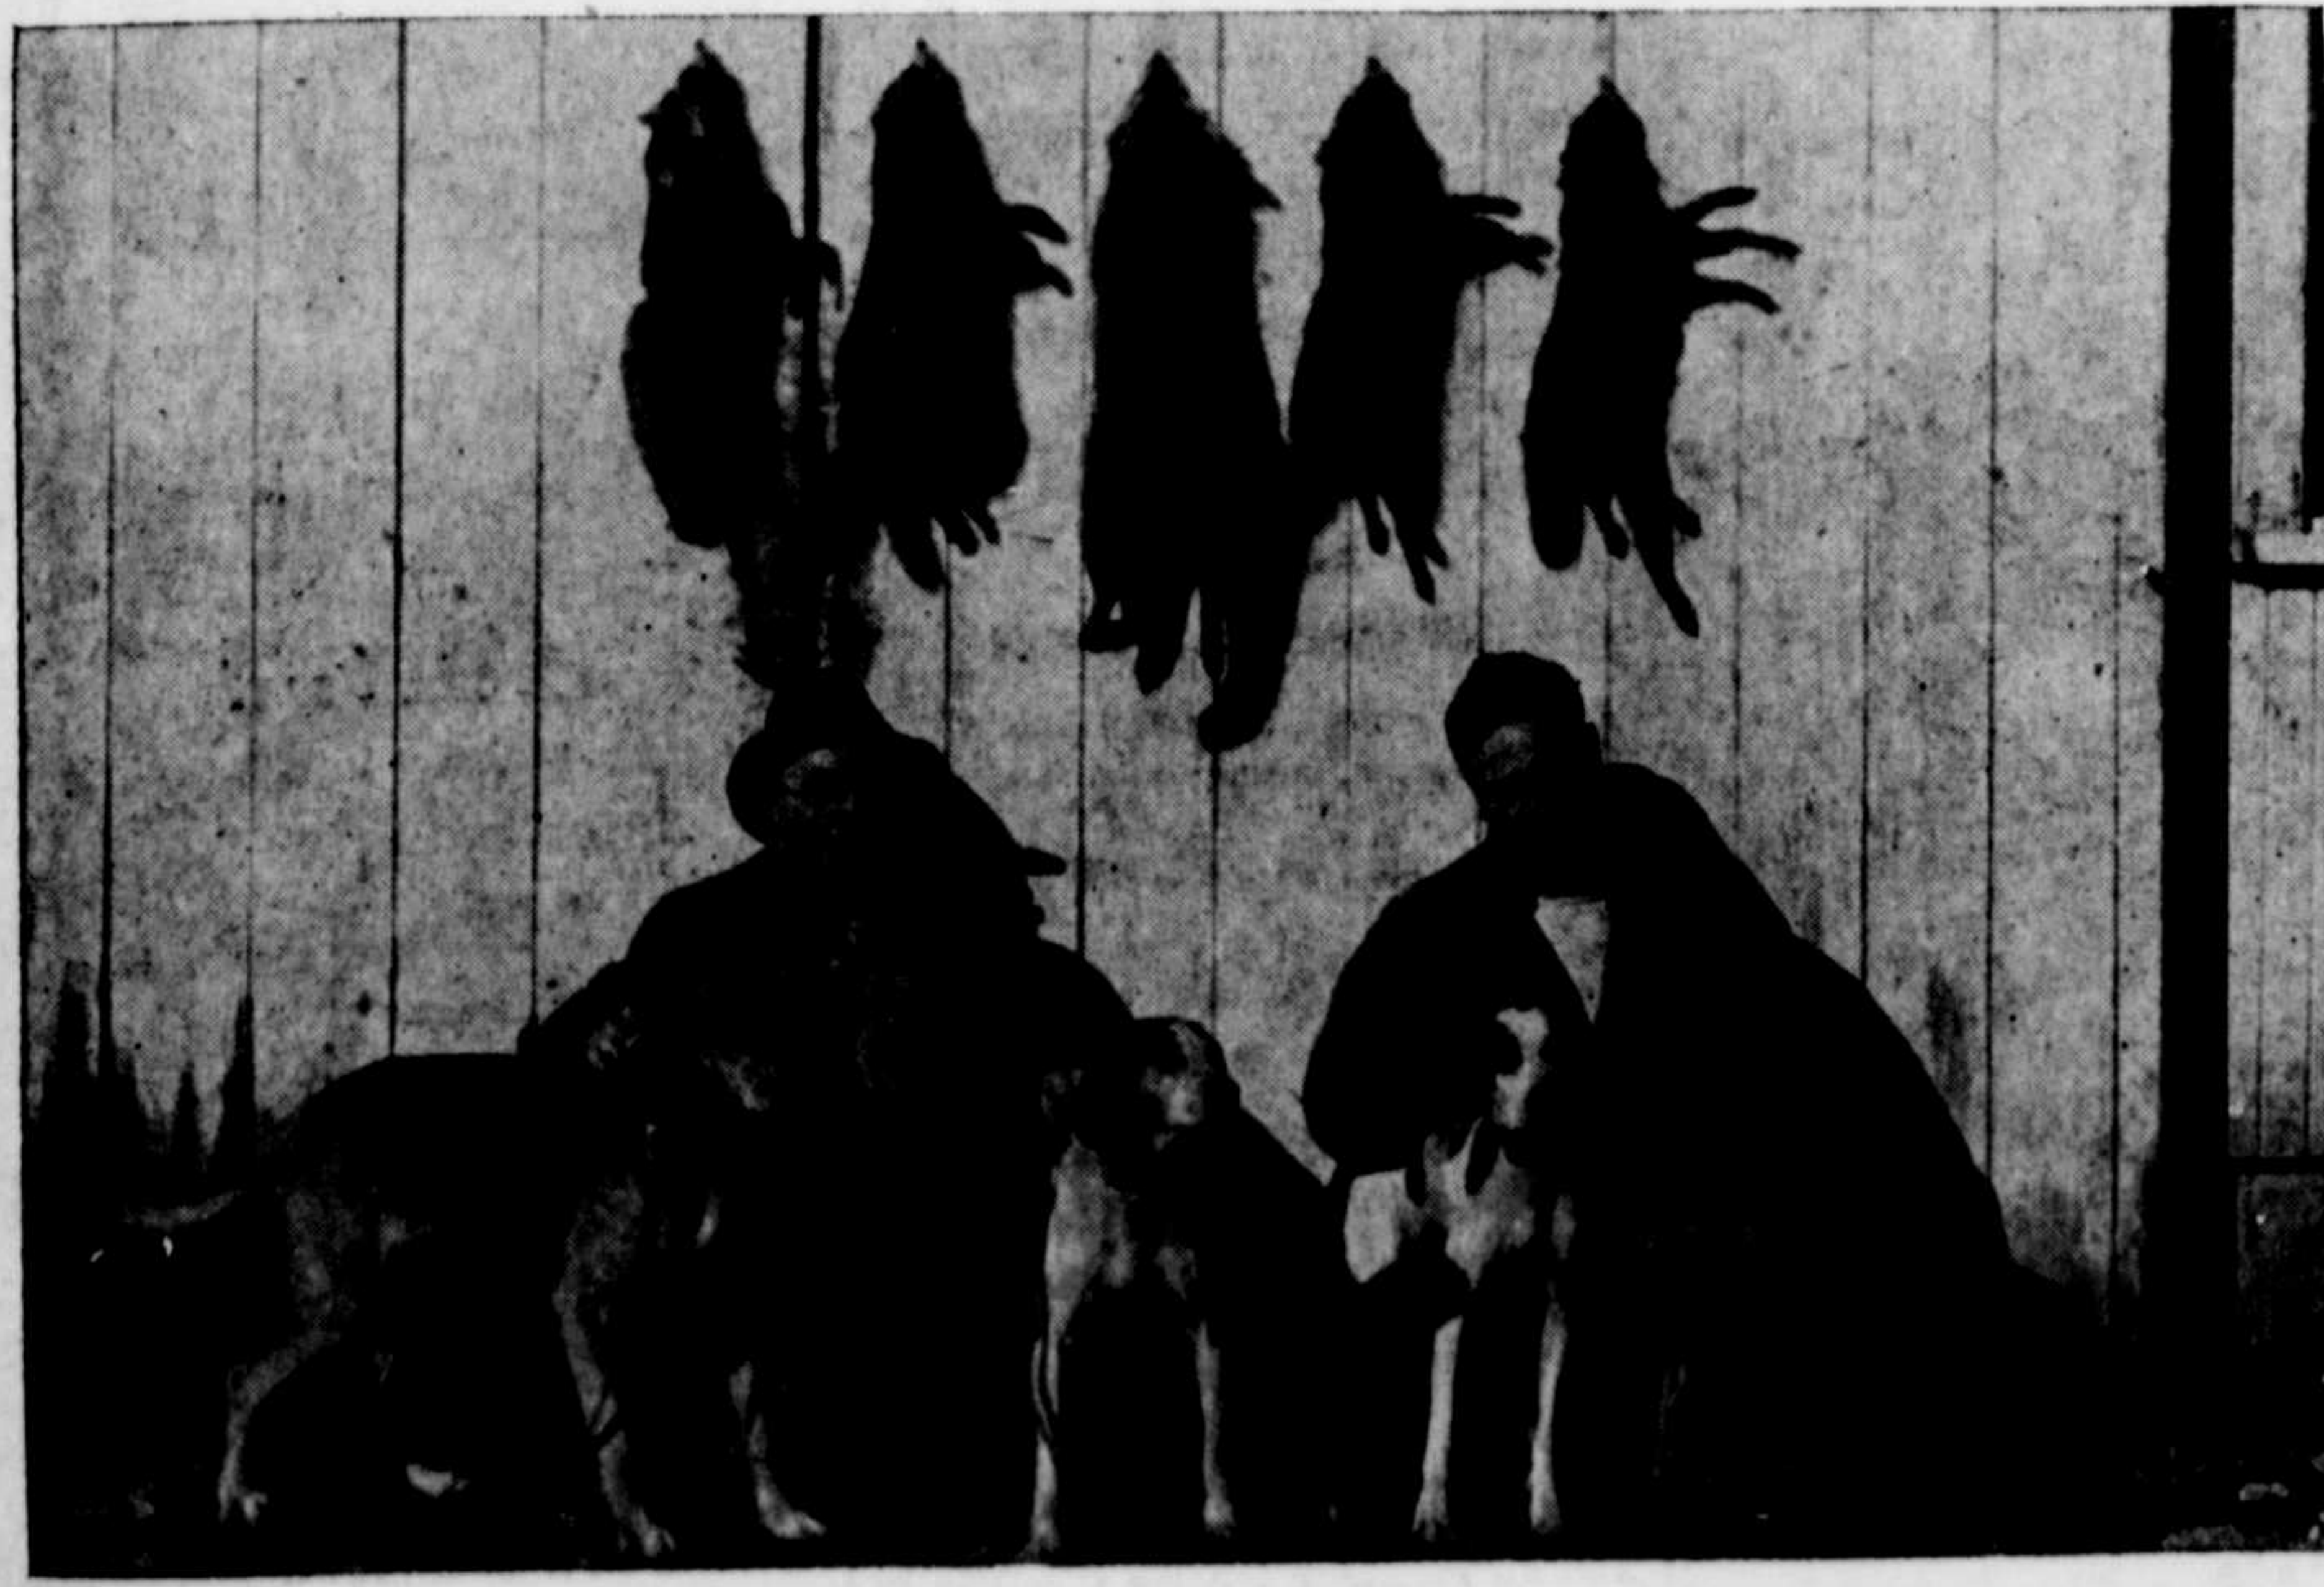

1938 Delaware 2—Washington 0

1939 Delaware 21—Washington 0

1940 Delaware 13—Washington 9

1941 Delaware 18—Washington 6
