HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

Burning, stinging or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer from backache, permanent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your druggist.

Mechanical Reville Supplants Bugler

Private Frank Kaufhold, of the Second air base at Mitchell field, N. Y., seems amazed as he hears Mitchell field's new mechanical bugle blow the familiar strains of "Reveille." His own bugle is now outmoded with the new contraption that has been adopted here. Although it takes some of the romance from army life, bugle calls, mechanical ones we mean, now have exceptional clarity and perfection.

Playing Hookey Lags in Schools Statistics Show

Philadelphia. — They don't play hookey any more.

Take it from the Pennsylvania State Education association, the boys and girls must like their lessons these days. . . if attendance records are any criterion.

The association has released a lot of statistics which proved that only nine-tenths of one per cent. . . if you can figure that one out. . . of the ab-

sentees in Philadelphia public schools might be classed as a case of hookey-itis.

Back in 1915, the percentage of attendance was 88.8 per cent. In 1925-26, it was 89.7, and last year the figure was 91.2.

Now, of the absent 8.8 per cent, only nine-tenths of one per cent failed to bring excuses from home.

Even in the rural districts about the little old red brick schoolhouse, the ancient practice of playing hookey is not blamed for vacant desks.

No, it's usually snow or bad roads in the spring or colds that keep the kids home from school.

Flaws in Diamonds

A diamond of the "first water" is invisible when submerged in water. A second-water stone has some slight imperfection. . . flawless, but tinged with color. . . or colorless with some slight flaw. The average person cannot recognize the common flaws found in ordinary diamonds.

A Two Piecer for Chic.

If he tells you you're just a nice armful you are the right size and type to wear the blouse 'n' skirt shown above, left. The waistcoat idea is very much the thing in blouses. The skirt is terribly young and figure flattering. What more could any little heart desire? You can have this smart ensemble for a song and a minimum of stitches. Think of the countless summer occasions ahead that all but specify this very outfit.

Not Smart Matron.

You should sue for slander anyone who calls you a Smart Matron when you don this graying new fashion (above center). You step into an entirely new size range when you step forth in this frock. So simple is its technique—merely a deftly designed feminine jabot, softly draped contours, and a meticulously slender skirt—yet so effective. It will thrill you in marquisette chiffon or lace, and it will keep you deliciously cool.

Snappy for Sports.

Play the net or the grandstand in the sports dress at the right and feel perfectly confident in any event. There isn't one among us who hasn't a real yen for a streamlined, all-of-a-piece sportster that's on and off in a jiffy, launders easily, and comes up smiling time after time. You can concoct something clever of seersucker or pique and complete the whole thing in an afternoon. Why not order your size today and have all-summer benefit of a really companionable sports dress?
