

OF INTEREST TO THE HOUSEWIFE

Towel Holders.—Either a spring-type clothespin, or the paper clamp from a loose-leaf notebook, properly nailed to the wall makes a satisfactory towel hanger for the basement.

For Tight-Fitting Lid.—To remove a tight-fitting lid from a coffee can, wrap a light wire around the can below the lid, insert a stick and twist it up tight.

Cooking Doughnuts.—Doughnuts will crack and brown before they are thoroughly cooked inside if they contain too much flour or if the fat in which they are fried is not hot enough.

Uses for Beef Marrow.—Beef marrow is very nutritious. Add it to the suet for meat puddings and forcemeat, and to stews and soups. Mixed with tinned tomato puree, or haricot bean puree, you get excellent mixture for a savory toast.

Keeping Boards From Warping.—Warping of long boards can be prevented to a considerable extent by standing them on end or on one edge so both sides are equally exposed to the weather.

When to Add Salt.—Salt will curdle new milk. In preparing porridge, gravies, etc., salt should not be added until the dish is prepared.

Filling for Tea Biscuits.—Sardines mixed with salad dressing and a few drops of lemon juice make excellent filling for tiny tea biscuits.

Save Stale Bread Crumbs.—Bread that has become hard and stale can be ground into crumbs, browned in the oven, and used for improving the flavor and appearance of many dishes. Store in an airtight tin.

THE REASON HEADACHES ARE RELIEVED SO FAST

THE REASON BAYER ASPIRIN WORKS SO FAST Drop a Bayer Aspirin tablet into a tumbler of water. By the time it hits the bottom of the glass it is disintegrating. This speed of disintegration enables genuine BAYER Aspirin tablets to start "taking hold" of headache and similar pain a few minutes after taking.

All people who suffer occasionally from headaches ought to know this way to quick relief.

At the first sign of such pain, take two Bayer Aspirin tablets with a half glass of water. Sometimes if the pain is more severe, another dose is necessary later, according to directions.

If headaches keep coming back we advise you to see your own physician. He will look for the cause in order to correct it.

The price now is only 15¢ for twelve tablets or two full dozen for 25 cents—virtually, only a cent apiece.

15¢ FOR 12 TABLETS Virtually 1 cent a tablet

Hold Secrets The truly wise man should have no keeper of his secret but himself.—Guizot.

Lazy, bored, grouchy You may feel this way as a result of constipation.

Constitution is an enemy of pleasure. It dulls your enjoyment of the best entertainment and the best friends.

To neglect constipation is to invite serious trouble. For your health's sake, take Black-Draught at the first sign of constipation. You'll soon feel better. Here's a laxative that is purely vegetable, prompt, reliable.

BLACK-DRAUGHT A GOOD LAXATIVE

All Serve It A brave soul is a thing which all things serve.—Alexander Smith.

Home Heating Hints

Building Furnace Fire Is Easy Operation When You Follow Few Simple Rules

IT'S really no trick to build a good furnace fire quickly and easily. Leave a layer of ashes about two inches deep spread on the grate. Spread about two inches of coal over this layer of ashes. Over the coal, place a generous amount of kindling—newspapers and light, dry wood.

The turn damper in the smoke pipe and the ashpit damper should be open wide.

When the kindling is burning well, add fresh coal gradually. In this way you get a deep fire in little time—the kindling burning the coal beneath it, and the fire, in turn, igniting the coal above it.

From time to time, add additional fuel until you have a solid, deep fire. When this is done, check your dampers and close the ashpit door.

Should the kindling while igniting smoke a bit through the furnace door crevices, it is due to the chimney being cold and not providing enough draft to carry off the smoke. This is easily overcome by wadding a bit of newspaper, lighting it, and inserting it into the check damper.

This heats the air, creating a draft in the flue pipe and chimney and carries the smoke away.

WNU Service.

YOU CAN THROW CARDS IN HIS FACE ONCE TOO OFTEN

WHEN you have those awful cramps, when your nerve are all on edge—don't take it out on the man you love.

Your husband can't possibly know how you feel for the simple reason that he is a man.

A three-quarter wife may be no wife at all if she nags her husband seven days out of every month.

For three generations one woman has told another how to "smile" through with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomfort from the functional disorders which women must endure in the three months of life: 1. Turning from girlhood to womanhood. 2. Preparation for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife! Take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

The Unattained Success is counted sweetest by those who ne'er succeed.—Dickinson.

From a MEDICAL JOURNAL THIS: ABOUT COLDS!

The researchers (of these doctors) led them to believe that colds result from an acid condition of the body. To overcome this they prescribe various alkalies. That's why, today—

Lifeboat Rescues Potomac Flood Victims

Victims of raging Potomac river flood waters are evacuated from their inundated homes by a rescue boat at Bladensburg, Md. More than 1,000 homeless persons waited for the waters to subside before returning to their dwellings.

STOCK SHOW JUDGE

Alexander Ritchie, manager of King George's royal farm at Windsor, England, who is judge of the steer classes this year at the International Live Stock exposition in Chicago. He succeeds Walter Biggar of Dalbeattie, Scotland, who has judged the steer classes at the show 12 times in past years. B. H. Heide, manager of the exposition, reports that cattle judges from foreign countries have officiated every year since the first show, in 1900.

Birth of New British Liner

First photograph of the new 32,000-ton Cunard White Star liner, as yet known only as No. 1029, shows a view of the hull skeleton, looking toward the stern on the stocks of the shipyard at Birkenhead, England. This is the largest ship ever laid down in England.

Aerial Preacher Spreads Gospel From Sky

"Sky pilot," a term sometimes used flippantly to describe a minister, is employed in a literal and serious sense when Rev. Al Waer of Whittier, Calif., takes to the air to preach the Four Square Gospel to congregations 1,500 feet beneath him. Waer preaches to throngs on the earth through a loud speaker system installed in the plane. He will also use the plane for gospel sky writing.

Huntsman Uses Gun and Camera

Armed with a big gun and a miniature camera, this duck hunter waits in his blind for some of the winged targets to come along. This snap of a snapping nimirid was taken on Tawas lake, far-flung preserve in the northern part of Michigan's lower peninsula.

MOVIES FOR MONTAGUE

A million-dollar contract for appearances in movies, radio broadcasts and professional golf matches was signed by John Montague, fabulous golfer friend of Hollywood notables after his acquittal recently of the seven-year-old first-degree robbery charge on which he was brought back to Elizabethtown, N. J. The real name of Montague is La Verne Moore.

Invents Gadget to Keep Motor Cars Slowed Down

Auburn, N. Y.—Police Chief Chester J. Bills took his National Safety council duties so seriously that he has perfected a device for automobiles which controls and regulates speed.

The gadget, a form of accessory, Palmer Page, chicken farmer, has equipped his Rhode Island Reds with tin disks punched with holes to limit their vision and prevent their fighting.

Bills, a member of the National Safety council, was assisted in perfecting the device by Leo Raessler, chief radio technician of the police department.

Hens Wear Spectacles

Marlboro, Mass.—Spectacles are being used here to decrease vision.

Palmer Page, chicken farmer, has equipped his Rhode Island Reds with tin disks punched with holes to limit their vision and prevent their fighting.

Ball Floats Into Goal

Sydney.—Scores were equal in a first grade hockey match here when the ball landed in a pool of water in the goal mouth.

It floated into the net, the score was allowed and the game was decided.

Snakes War on Snakes

Johnsontdale, Calif.—Bull snakes and king snakes are being imported into this section in an experiment to see if they can drive out the rattlesnakes.

HOW TO SEW

by Ruth Wyeth Spears

There May Be Many Reasons for Making Quilted Chair Pads.

IF ALL the reasons for quilted chair pads were lined up in order of their importance the most intangible reason of all might head the list. Yes, it is quite likely that any decorator, amateur or professional would place atmosphere at the top. But then it is also possible that first rating might be given to the reason that the pressure of slats across the backs of chairs is softened by quilted pads.

Then, though it might not be mentioned, it is a known fact that worn out cane seats are sometimes replaced with inexpensive composition seats which may be disguised by gay quilted pads.

Chintz, calico or gingham chair pads are in fact one of the simplest and most inexpensive ways of adding color and charm as well as comfort to a room. Such pads are often used on the backs of chairs and not on the seats, and especially for side chairs, the seat pads used without any back covering. In making such small things as these it is quite easy to do the quilting on the machine. Or, if you wish to take the other point of view about it, the work of quilting them by hand would not

consume an unreasonable amount of time. There is no doubt that handwork has a certain quaintness that machine work lacks. The pads shown here are made with one layer of sheet wadding between the two layers of the chintz. The edge bindings and ties are made of bias tape. Cut the three layers of the pad material exactly the size and shape you want them to be when finished. Place the sheet wadding between the two layers of covering material as shown here at A. Either pin or baste in this position, and then quilt, either by hand or by machine, as is shown here at B. Make the ties by stitching the lengthwise edges of the bias tape together, and then tack them to the corners of the pad as at C before it is bound. Now, bind the edges, sewing the ties right in with the binding as shown here at D.

Every Homemaker should have a copy of Mrs. Spears' new book, SEWING. Forty-eight pages of step-by-step directions for making slipcovers and dressing tables; restoring and upholstering chairs, couches; making curtains for every type of room and purpose. Making lampshades, rugs, ottomans and other useful articles for the home. Ready to wish a copy should send name and address, enclosing 25 cents, to Mrs. Spears, 210 South Desplaines St., Chicago, Illinois.

Ask Me Another A General Quiz

- 1. What is the origin of the acre?
2. What is the difference between a Zeppelin and a dirigible?
3. What queen of a foreign country was married to an American citizen?
4. What is the length of the Great Wall of China?
5. What is the shortest verse in the Bible?
6. Have ships ever sailed through a northwest passage above Canada?
7. How large a navy has the Irish Free State?
8. Who is the best-known woman inventor?

Answers

- 1. Originally it was the area a yoke of oxen could plow in a day.
2. A dirigible is any aircraft lifted by gas which may be guided and propelled by mechanical means. A Zeppelin is a rigid dirigible of the type invented by Count von Zeppelin.
3. Queen Liliuokalani of Hawaii married John O. Dominis, a native of Boston.
4. The length of the Great Wall of China, including all its spurs and loops, is estimated to be 2,500 miles.
5. "Jesus wept," John 11:35.
6. Two ships recently met in Bellot strait, one from the east and one from the west, thus effecting intercommunication, which has been the object of navigators for four hundred years.
7. It has no navy. The name of this country has lately been changed by act of parliament to Eire, pronounced Air uh.
8. Miss Beulah Louise Henry of North Carolina is the most prolific inventor, with 82 patents registered.

Friendly Talk

BUT after all, the very best thing in the world to talk and the thing that helps it most is friendship. How it dissolves the barriers that divide us, and loosens all constraint—this feeling that we understand and trust each other, and wish each other heartily well. Everything into which it really comes is good. It transforms letter-writing from a task into a pleasure. It makes music a thousand times more sweet. The people who play and sing not at us, but to us—how delightful it is to listen to them. Yes, there is a talkability that can express itself even without words.—Van Dyke.

LIGHT THE NIGHT with a Coleman LANTERN

Light up your Coleman and enjoy the brightest night lantern. It "knocks out" darkness with its flood of powerful brilliance. Just the light for every after-dark job around farm, garage, shop. Fine for night hunting, moose and camping. The Coleman lights instantly. Prex globe protects mantle. Wind, rain or snow can't get out. Strongly built for years of service. Easy to operate. Gasoline and kerosene models to fit every need and purse. See them at your dealer's. FREE FOLDERS—Send postcard today. THE COLEMAN LAMP AND STOVE CO. Dept. WU118, Wichita, Kans.; Chicago, Ill.; Philadelphia, Pa.; Los Angeles, Calif. U.S.A.
