FAIRLAND FOR SALE.

The subscriber offers to sell that well known and highly
VALUABLE ESTATE,
Whereon he resides, containing about 1000 acres of Land, which for fertility of soil and other estimable advantages can be equalled by few tracts of the same dimensions in the state of Maryland.
More than 400 acres of this farm are meadow land; a large proportion of which is of the very first quality and in a state of good cultivation, producing annually luxuriant crops of most excellent Hay. The Patuxent, a large, gentle and constant stream, runs through the land, and by its occasional overflowings renders the beautiful and extensive meadows on its banks perpetually fertile.
On this stream are erected a Stone Merchant Mill and Saw Mill now in operation, and in good repair Their distance from Baltimore and Washington are respectively 18 mites. The new Turnpike road connecting those cities runs by these mills, divides this farm very handsomely, and affords eligible scites for dwelling houses
The upland is admirably well situated, part thereof highly improved, and the residue well adapted to farming, planting or grazing. There is Woodland amply sufficient for timber, fencing and fuel. It is well supplied with springs of excellent water, and for healthiness of situation cannot be exceeded in this part of the country. The terms may be known and other information had on application to
