GARRISON.

Miss Mary Jones, of Pleasant Hill, was injured last week when she lost control of a sled while coasting, and crashed into a wagon.

Master David Warfel, Jr., was injured while sledding last Thursday, when he ran into a barbed wire fence, which tore his lips, and scratched him up pretty badly.

Due to the slippery condition of the roads there was no Sunday school last Sunday at St. Thomas.

Miss Craddock, who has been ill with a heavy cold, is able to be out again.

JACKSONVILLE.

Rev. J. N. Hauser, Miss Gussie Duval and Miss Marie Chaney, of Baltimore, spent Sunday with friends in this vicinity. They enjoyed themselves by sledding and skating.

We regret to lose our neighbor, Mr. John Dorn, who has disposed of his farm and will move to Phoenix.

Miss Mary Trapp, who has been ill for some time, is slowly improving.

Mrs. Henry Zinkhan and son, Carl, were the guests of her parents, Mr. and Mrs. Howard Troyer, of White Hall.

—Invitations have been sent out for the twenty-first birthday party of Mr. Thomas B. Butler, which will take place at the residence of his aunt, in Baltimore city.

—A load of hay on an auto truck created quite a bit of interest at Hotel Towson on Tuesday last, due to its excessive weight. It weighed 6 tons 550 pounds.

—Dr. Sargent, who has for a number of years been connected with the Sheppard-Pratt Hospital here, has acquired the old Alburgh Mansion, and will operate a private sanatorium there.

—Mrs. Lippincott, probation officer of the Juvenile Court, is spending the week-end with Miss Katherine Kirwan, of the Baltimore County Children's Aid Society, at her apartment, Washington and Alleghany avenues.

—For breaking jail, Frank H. Butler was sentenced to 60 days, by Judge Duncan one day this week, and 60 days in "the cut" on a larceny charge. Butler is one of the men who made a "get away" from the jail here in July.

Mr. Shea left his car standing on the road and while he was in the cemetery the hearse passing skidded and crashed into his machine.

—Mr. W. Gill Smith took a compulsory vacation when the sleet was on the ground and after four days absence from his office, "mustered up" nerve enough to be pulled to Towson behind a mule, but he only came that way, returning the little electric car to Lutherville. There is every indication that he is "sleet shy."

—Because of the unfavorable weather conditions and the lack of the supply of oysters, due to the freezing up of the bay, the oyster supper that was

—In the Circuit Court at Towson on Monday last, before Judge Frank I. Duncan, the will of George Miller, of Annapolis, this county, was sustained. A caveat to the will was filed by Ruth Ann Gardiner, a sister and Jacob Miller, a brother of the deceased.

—A marriage license was issued on Monday here to Roy W. Richards, of Winchester, Va., and upon this comes a suit docketed by Bernheimer Bros., claiming damages of \$750 to an auto truck alleged to have been caused by a machine driven by the prospective bride-groom. The collision occurred on the 17-Mile hill, on the Frederick road, this county. Mr. Richard's bride, according to the license, will be Miss Lolita G. Dalcour, of near Ellicott City.

—To be sure this is leap year, and little Dan Cupid is getting behind some of the old bachelors in the Court House. The latest "victim" is Mr. Moore Jenifer, for this week we are advised from a most reliable source that he received a little card from one of the fair sex, which read as follows:

Moore your hair is turning gray.
Will you a bachelor forever stay.
Can't you see my heart's grieving dear,
For you'll be never mine I fear.

Out on the lonely farm you stay,
Feeding the cattle and leading hay,
My, as your wife, I'd help you so,
But dear! you're so deucedly slow.

But lo! this is leap year
And it fills my heart with cheer.
I'll throw a rope around your neck,
And drag you to some preacher wreck.

Then when you're mine, you won't be such a lark,
I'll slap your pie right in the dark.
And make you jump through hoops and things,
Then you'll feel love's bitter stings.

While simplicity is paramount in Maccar construction, nothing necessary to strength and durability is sacrificed. A glance at either the front or rear of the Maccar Chassis is sufficient to impress the observer with its rugged and sturdy appearance, but it is only by close inspection that the real importance of Maccar construction is revealed. All units are arranged so as to work in perfect harmony, and no part performs more than the function for which it was originally intended. This is the basic essential which has made the Maccar the super-truck of today.

BRAINS VS. BRAWN.

Braints were formerly at a premium, until those who wished easier jobs in stores and offices so overcrowded those places that the law of supply and demand left the ranks of "Brawn" depleted, so that the wages of those so employed increased by leaps and bounds. Yet however much their incomes increase it is necessary to use BRAINS to hold that which they make.

OUT OF EACH PAY, RESERVE SOMETHING TO PLACE IN THE BANK.

Whether a rainy day or a good investment, it will always be better in bank than spent. Start at once.
