By authority of WILLIAM J. PEACH, Trea surer

How much should I give
to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than one cent for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the missions of America are paid less than \$50 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 500,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because we can't ever give up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole work, on business could have done it better. They have budgeted their needs, on business could have a more accurate budget. They have agreed to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the man or woman who loves America —to you— that work asking you to see them on the plan through which a certain definite part of your income can be so applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good thing right now to answer that question. While passing through the world just when how much better will the world be because you passed through.
