Haile, who was unfortunate enough to have his Ford Coupe stolen from the street outside of the Rennett Hotel, Baltimore, some days ago, was fortunate enough to have it recovered by the Baltimore City police on Thursday, but had it not been for a few hidden identification marks, Mr. Haile would not have known his car for the camouflage. When called on the phone by the police to come to the Southwestern Station to identify the car, he was delighted, but when he went there and cast his eyes on the machine he promptly said to the captain "that is not my car." It had a different set of tires on it and other equipment unknown to Mr. Haile, but after telling the captain of the hidden identification marks they were looked for and found. The tires had been transferred to another car and the ones on some other car transferred to Mr. Haile's.

MOSES KAHN OF OLD TOWN

"The Good Maker of Kahn's Good Klothos."

COR. GAY and EAST STREETS

Just One Short Block South of Belair Market

"MOSE" HAS GOT 'EM ALL BEAT TO A "FRAZZLE"

THE "Big Fellows"—the silk-stockinged aristocrats of the clothing business—affect to be "moved" by the "Quaker Spirit," and announce a reduction of 20% on their prices. It's about time that these poor sinners had a change of heart. Their announcements sound very well and, indeed, they read very well, but do they mean anything? If they really are converted and want to do the right thing, "Mose" gives them right-hand of Christian fellowship. But it seems to "Mose" that if it's the right kind of "spirit" that is "moving" them they ought to "lop off" another 20%, and still another, to get down to fair and reasonable prices.

WITH all the reductions that are going on, "Mose's" prices are still 20 to 40 per cent. under others, and he backs them up the best clothing that can be made and a guarantee that they shall be as represented—or your money back. And "Mose" goes further and gives the most liberal prices ever offered by any clothing house in the city.

A Man Who Works For The Best Interests Of The Masses

"Charity Covereth a Multitude of Sins"

BUT if some of these high-priced clothiers are really penitent and want their old sins of extortion washed out, they'll have to come better than 20 per cent. and then "Mose" doubts if they'll be washed clean.

By buying his cloth by the bolt from the best woolen mills in the country and making his garments up right here on his own premises, "Mose" has a big advantage over other clothing houses that buy their goods, and that's the reason he undersells them.

Take the suits and trousers that "Mose" advertises today, and he'll give you the best in his stock if you can match them in any other store, big or little, in the city for less than a third to a half more money.

MOSES KAHN

"Proof of the Pudding Is In the Eating"

YOU can't eat clothes, of course, but you can prove them by wearing them, and there is no better way to prove values than by comparison.

"Kahn's Good Klothos" have stood the test for nearly 30 years. "Mose" was "moved" by the right spirit when he went into the clothing business this long time ago, and he's put the best of himself—his best years, his talents, his energy, his honesty and integrity—into his work—woven them into every garment that he's made—and he's proud and happy in the thought that he's able to stand up and testify that his labors have been awarded.

Over a half million of satisfied customers can testify to "Kahn's Good Klothos." And these same good clothes—same quality—honest materials and honest workmanship—"Mose" gives you today—the same as he always did—at the lowest prices.

MOTHERS AND FATHERS—ATTENTION! LESSONS LEARNED BY YOUR CHILDREN IN THEIR EARLY YOUTH ARE MOST LASTING. Your children are sent to school to learn, but the one thing MOST ESSENTIAL TO THEIR SUCCESS IS NEGLECTED.

THIS IS THE LESSON OF THRIFT. A START IS THE MOST NECESSARY MOVE TO MAKE. Will You Make It?

OUR BANK

will assist you in this start by opening an account with your baby by putting ONE DOLLAR to its credit, and giving him or her a Savings Bank Book, provided that the parent will also put in one dollar, making TWO Dollars. These two dollars are to remain untouched until after ten years. Interest will begin when the account amounts to five dollars. If withdrawn before ten years, the dollar contributed by the bank will revert to the child. This is done so that the child may learn thrift thro' his own efforts. If Our Bank will help your child, will not you?

We Believe That the SAVINGS HABIT once instilled in the child will bear untold fruit, and we are willing to back that belief with the Dollar placed to its credit.
