ORDER OF PUBLICATION.

The object of this suit is to procure a divorce vinculo matrimonii by the plaintiff, Florence E. Canfield, from the defendant, Charles E. Canfield.

The Bill recites that the parties were married in the City of Chicago, in the State of Illinois, on April 3rd, 1915, by the Reverend Dr. Clemens, a Minister of the Gospel, and lived together up to the first day of September, 1915, when he deserted her in the City of Chicago, State of Illinois; that the plaintiff has been a resident of the State of Maryland for more than two years prior to the filing of this bill of complaint, while the defendant, Charles E. Canfield, is a nonresident of the State of Maryland and his last known place of residence being the City of Chicago, State of Illinois; that there was no issue as the result of the said marriage; that though the conduct of your oratrix toward her said husband has been affectionate and above reproach, the defendant, Charles E. Canfield, her husband, has without any just cause or reason abandoned and deserted her, and declared his intentions to live with her no longer; that said abandonment has continued uninterrupted for more than three years, is deliberate and final, and the separation of the parties is beyond any reasonable hope or expectation of reconciliation.

It is therefore ORDERED by the Circuit Court for Baltimore County, this 26th day of May, A. D., 1920, that the plaintiff by causing a copy of this Order to be inserted in some weekly newspaper, published in Baltimore County, once a week for four successive weeks before the 28th day of June, 1920, give notice to the said non-resident defendant, Charles E. Canfield, of the object and substance of this suit, and warn him to be and appear in this Honorable Court either in person or by solicitor

On or before the 15th day of July, 1920,

to show cause, if any he may have why a decree should not be passed as prayed.

WILLIAM P. COLE, Clerk.

On or before the 25th day of June, 1920.

Provided a copy of this order be inserted in some weekly newspaper, printed and published in Baltimore County, once in each of three successive weeks before the said 25th day of June, 1920.

fields are beginning to look yellow and the crop, in some instances, promises to be an average one.

Some of our farmers say there is more money in tomato raising than in any other crop. The canners at New Freedom have agreed to pay 75 cents a bushel for this year's crop.

The fruit crop in this section is not very promising, especially is this the case with stone fruit. With sugar at 25 cents a pound the housewife thinks that probably it will be well for less sweets for the table supply than formerly.

Some of our people took in Children's Day exercises on last Sunday night at Middletown M. E. Church and enjoyed it very much.

Mr. Eli S. Bortner has purchased six acres from James S. Zimmerman for \$800.

On the 18th inst. the Rev. James J. Resh, who has made the subject of buds quite a study, gave a very interesting lecture to the pupils of Oakland Public School on the topic. Prof. Resh

is quite a naturalist and has taken a very valuable medal along this line. He demonstrated how the buds develop and thus outlined to the pupils how the mind is susceptible of great development.

Service MOTOR TRUCKS

MEAN ASSURED TRANSPORTATION FOR THE FARMERS.

BUILDERS of BUSINESS

NOTE the increased number of FARMERS, who are now using SERVICE MOTOR TRUCKS to bring their products direct from the farm to the city markets. Every day you can see new faces driving up to the commission houses with a new truck, loaded heavily with fresh vegetables, getting exceptional prices for them, due to their quality.

The farmer with a horse and wagon is looked upon as one of the old days, when rapid transit meant practically nothing. This means of transportation is steadily passing away and the SERVICE MOTOR TRUCK is taking its place. NOW IS YOUR TIME, MR. FARMER, to get into the new way of doing business and buy a truck.

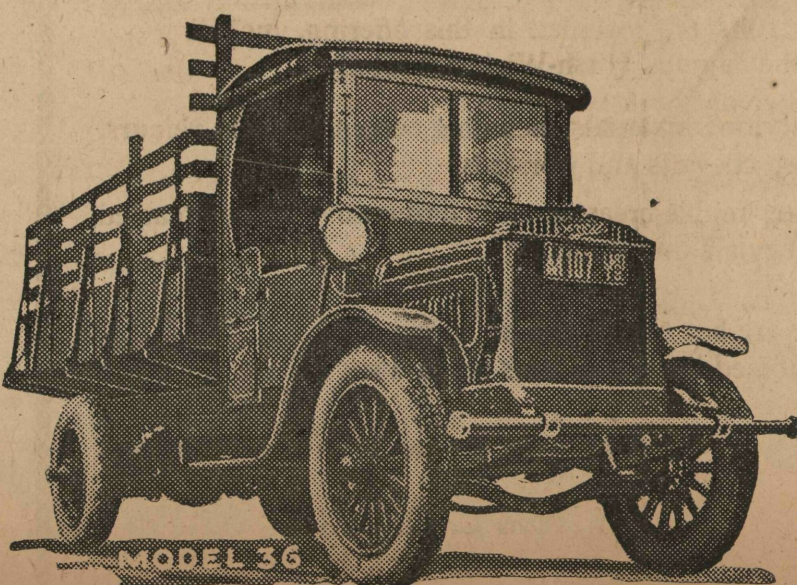

We have one of the largest service stations in the East, which is at your disposal day and night. This department is well supplied with every part needed in adjusting your truck and in charge of only the very best motor experts.

RAISE MORE HOGS AT LESS COST

BY USING

HOG FEED

The most valuable pig for a breeder to raise is the one that will give him the most money for the feed consumed.

Spring Garden Hog Feed is all food, no waste. The protein content is practically all digestible as compared with 70% digestibility in corn.

It is made from corn germ or hearts, corn oil meal, corn bran and part of the crown portion of the kernel. Thoroughly kiln-dried and sterilized; packed clean by machinery; free from dust and adulterants. Guaranteed to keep pure and sweet and do all we claim for it or money back.

Spring Garden Hog Feed is the most economical pork producer on the market. Superior feeding value proven by Agricultural Station tests.

Farmers who raise both cereal crops and stock can profitably sell their corn and use Spring Garden Hog Feed. This can be readily demonstrated by breeders who will compare results.

Write for samples and prices if your dealer cannot supply you with "Spring Garden" Brand.
