Service MOTOR TRUCKS BUILDERS of BUSINESS Mean Assured Transportation For The Farmers.

NOTE the increased number of FARMERS, who are now using SERVICE MOTOR TRUCKS to bring their products direct from the farm to the city markets. Every day you can see new faces driving up to the commission houses with a new truck, loaded heavily with fresh vegetables, getting exceptional prices for them, due to their quality.

The farmer with a horse and wagon is looked upon as one of the old days, when rapid transit meant practically nothing. This means transportation is steadily passing away and the SERVICE MOTOR TRUCK is taking its place. NOW IS YOUR TIME, MR. FARMER, to get into the new way of doing business and buy a truck.

We have one of the largest service stations in the East, which is at your disposal day and night. This department is well supplied with every part needed in adjusting your truck and in charge of only the very best motor experts.
