will steal the auto that offers the least resistance. Therefore, Mr. Auto Owner, why procrastinate? Go to you dealer today and buy protection.

### Why The "USA" Lock

Because

The

Clamps around gear-shift lever IN NEUTRAL. Auto-Jack can start your motor but can't move the car off.

Cross bar made of case hardened steel. Swings back against seat when not in use.

Attached to front of seat with steel split-bolts, impossible to remove with screw-driver or "jimmy."

USA cannot be sawed or filed. There is nothing to unscrew. It is operated inside the car. It cannot be left home. It securely locks your car.

Made In Baltimore—Locks Everywhere.

The "USA" Safety Lock sells for \$6 all over the U. S. A. complete with Yale Lock and Steel Split-Bolts, ready to put on your car.

## The Old and New Way

THE new way does away with hand pumping. You need never pump or haul water from now on. An electrically driven pump operates automatically—starts and stops itself. Plenty of water handy from faucets in house and barn. Hot and cold water in kitchen and bathroom; water in barns and stables. All this you get from a

### Western Electric Water System

This system is the one for your place. You should make a point to have us explain how simple it all is and how the electric motor operates the pump; how the automatic control starts and stops the pumping. We can figure out for you just what type of system is best; its capacity and all such matters that you will want to know. Make a point of seeing us soon about a Western Electric Water System.
