Feed Your Cows "PFO" DAIRY RATION

For More Milk and Better Health Cows in Good Physical Condition
Always Give Best Yearly Yield. "PFO" DAIRY RATION

will keep your cows in good physical condition with less attention in feeding.
PALATABILITY

No dairy cow ever did well on a feed she did not like. In selecting the ingredients for "PFO" DAIRY RATION we have paid most particular attention to the palatability of the mixture. Cows eat it eagerly and do not "go off feed" readily.

GUARANTEED ANALYSIS

PROTEIN, 20 per cent.; Fat, 3 per cent.;
Carbohydrates, 60 per cent.; Fibre, 15 per cent.

The above figures are not the real values to the feeder. It is the digestibility that counts and produces and just how much digestible nutrients in a dairy ration is what the feeder who knows his business wants to know. DIGESTIBLE PROTEIN 15½ per cent. FAT and CARBOHYDRATES 60 per cent.

SHOTS

Business grows by service that the public knows about.

Wake up you heathens, who don't know you're living in a live town!

Both the People's Modern Pharmacy and Hergenrather's Drug Store receive subscriptions to magazines and periodicals. Don't have your eyes and money to strangers. They may be fooled.

Wise men are instructed by reason. Men of less understanding by experience. The most ignorant by necessity. And beasts by nature.

Get yourself a thermometer at Hergenrather's so that you will know how cool you are. Price only 25 cents.

A weary traveler described eastern Colorado as: "The biggest section of country on this globe. You can look farther and less and cross more streams with less water, and more cows and less milk and go farther without getting anywhere, than any place else in the world."

After shaving, after bathing, you should always use talcum powder. At both stores there is a large variety—15, 20 and 25 cents.

Very Plucky.

The man who had made a huge fortune was speaking a few words to a number of students at a business class. Of course, the main theme of his address was himself.

"All my success in life, all my tremendous financial prestige," he said proudly, "I owe to one thing alone—pluck."

Here he made an impressive pause, but the effect was totally ruined by one student, who asked impressively: "Yes sir, but how are we to find the right place to pluck?"

The members of the Center York Presbyterian Church of York county, Pa., stopped with us a few minutes on Wednesday of last week. They were on their way to the big city for an outing in beautiful Druid Hill Park.

What's the matter with Baltimore county that it has no girls in the clubs? Girls, why don't you find the reason why you are being left out in the cold? Are the county fathers anti-suffragists?

At the People's Modern Pharmacy you'll find a few nice toys, such as garden sets, kiddie-cars, doll babies, trains, the kids. Keep them out of the sun and happy.

Extra! Just received a big shipment of fine stationery. Can be had at either store.

Boost, don't knock!
