

THE JEFFERSONIAN TOWSON, MARYLAND.

Entered as second-class matter at the Postoffice at Baltimore, Maryland, Telephone—Towson 289.

Published every Saturday at Towson, Baltimore County, Maryland, by The Baltimore County Jeffersonian Publishing Company, Incorporated.

W. Gill Smith, Elmer R. Halle, President, Secretary.

Wm. J. Peach, Martin J. O'Hara, Vice-President, Treasurer.

JOHN M. DENNIS, WILLIAM J. PEACH, MARTIN J. O'HARA, W. GILL SMITH, CARVILLE D. BENSON, ELMER R. HALLE, LOISIE BONNETT.

LOGIE BONNETT, Editor and Manager.

SATURDAY, AUGUST 21, 1920

For President JAMES M. COX.

For Vice-President FRANKLIN D. ROOSEVELT.

For United States Senate JOHN WALTER SMITH.

For Congressman CARVILLE D. BENSON.

Cox hits hard in his campaign punches.

All seems very quiet along our local political trenches.

Thank Heavens, one can still laugh and grow fat at the same old price.

If one thinks there's nothing in a name, what about Warsaw.

The pipe of peace seems to be one for soap bubbles only.

The laborer is worthy of his hire, and the labor should be also.

Now would be a good time for Marion, Ohio, to demand a census recount.

The Democrats intend to open the White House with a "Jimmy."

The last Republican Congress has been one of willful, wanton waste.

What a pity that some fool-killer is not as much in evidence as the time-killer.

The popular ditty with the moon-shiners is: "With all thy faults, I love thee, still."

Harding has no more chance of carrying Ohio than he has of carrying the country.

Even if we have prohibition, apparently too many men are trying to run automobiles on alcohol.

The new charter for Baltimore county remains one very much of the circus elephants. Clumsy and expensive.

Can it be true that the Taxpayers' League has divided down to Price, Watson and Dietz?

It has just gotten so that some folks think if you are fair minded you must be simple minded.

If we ever have another war Ponzi is the man the government should get to finance it.

At one time price was the indication of value—now it is an indication of nerve.

It was rather hard on Sir Thomas Lipton, but the Eighteenth Amendment forbids lifting a cup in the United States.

The opinion of big financiers is that if the country does not sink it will remain afloat.

If you can't find a house, you might sleep out of doors on some political bench.

Benson's man for Congress. He's had the experience and legislative training.

United States Senator John Walter Smith deserves the support of the people for re-election, and will get it.

Those folks of Towson who drove to Elk recently liked the situation of the road so well that they brought at least half back with them.

It is hard to blame Jack Johnson, the negro prize-fighter, for preferring fall in the United States to freedom in Mexico.

Sugar went down this week. Yes! 1,000,000 pounds went down in the East River, New York. It was on a barge that was rammed by a large ship.

Judging from the tone of the editorial in the last issue of The Morning News, the stand-pat, old Republican organ is "dussy-footing" just a bit.

The president of a pulp and paper mill was attacked in his home by a masked burglar. Perhaps it was only a publisher bent on revenge.

The County Commissioners here have gone away on their vacation, and the Factory Site Commission still remains in the "pigeon-hole" of the desk.

Escapes from the Baltimore county Jail are too numerous. There is either something wrong with the bars in the windows or the attendants.

Perhaps the reason the present generation has no regard for age is because it has made an acquaintance with cold storage products.

Tennessee has ratified suffrage. This assures the entrance of the rolling pin into politics, but the men, the usual, will be called upon to furnish the dough.

A news dispatch says that Harding will discontinue his front porch campaign and "hit the stump." Can it be that Cox is making things a bit too warm for the Senator?

Baltimore county is recovering rapidly from the effects of annexation. We cannot believe the people are going to give it another set-back by supporting the new charter.

If all the energy exerted to sell oil stocks were concentrated in digging oil wells there might soon be enough of good stocks to go around without pushing.

Hello! Hello! Hello-o-o-o! If the exchange girl would take that wad of chewing gum out of her mouth she might be able to answer more promptly.

Some resignations among registration officials may be expected. They're a little timid already about popping the question. "How old are you?" to the feminine candidate for suffrage.

The Board of Election Supervisors had better provide more decent quarters for registration, than they now have in some sections of the county, or else take to the tall timbers.

The toboggan erected and greased for the descent of prices some months ago is still waiting, and the few articles that did start down made that peculiar noise which indicated that most of the grease had dried up.

Woman's suffrage has already raised some vexatious problems. Suppose a single woman should register and before the general election enter into the bonds of matrimony. Would she be entitled to vote as Miss or Mrs.?

It is probably a good thing that the invention which enabled one to see the person on the other end of a telephone was never put to use. It would no doubt make our temper less quicker.

The United Railways showed a disposition to treat Towson fairly, in fixing the obnoxious nuisance, but it will be a case of "loves labors lost," for the recent rains are playing havoc with the improvement.

Every Baltimore county resident should take enough interest in Timonium fair to send some sort of an exhibit there this season. Don't growl about the display unless you are willing to help swell the entries.

Are you going to sanction at the polls a measure as drastic as the new charter? We cannot believe that the people of this county will vote for a change in government unless they are willing when it is a "pig in the bag" so to speak.

We knew the fellow battler for the right, Warren G. Harding, would rise to the occasion when the time came and unequivocally called out for the Philistine farmers in his interview with the phonograph.

Are the people of the richest and best governed county in the State going to allow the substantial form of government now in vogue to be cast aside for an experiment? It has always been proven experiments are very costly.

Congressman Benson has never drawn political lines in assisting those who were going to him for help. He has truly been a representative of all the people, regardless of creed or politics, and this is the type of man the Second District wants to again serve it.

Baltimore county wants no Bolshevism here, yet the advocates of the new charter are ready and willing to experiment with and revolutionize our present form of government until the gods send down a meteor to dash and destroy. This is no time for experiments.

The Taxpayers' League through its secretary, says that the new charter was unanimously adopted by the League and that the more intelligent members, over 400 have failed to pay their dues and the unanimous adoption was made by non-members at the convention assembled. Unanimous! How does the esteemed secretary get that way?

If labor gave eight hours work for eight hours pay and the telephone company rendered good service—the street cars did not jam, pass, us, and the profiteer not jamming his nose into our pockets while we are looking at him, these hot days would not be so uncomfortable, but as it is, electric fans are now selling at a 50 per cent. increase.

He's off again! The Republican Mayor of Baltimore City, the "good fellow" is in Minneapolis "on a frolic." The Republicans of Baltimore county say Albert A. Blakeney, their candidate for Congress, is a good fellow, but the people don't want this sort to represent them at Washington. They prefer a man like Carville D. Benson, who does things.

It is pertinent to inquire of Senator Harding which element of his party he would train with in the event of his election to the Presidency. He failed to make his position clear in his speech of acceptance, and the public is still waiting to hear from him whether he would align himself with the irreconcilable enemies of the treaty and the League of Nations, such as Senators Johnson and Borah, or such pro-league Republicans as former President Taft, who, in writing in the Philadelphia Public Ledger about the time of the Senator's return from Versailles with the treaty, said, "Now that President Wilson brings back to us a real league and a fully guaranteed good his announced purpose, it would greatly please this country if the Senators could give him unanimous support," and expressed the hope "that a forward-looking Senate will not seek to defeat this grand advance of mankind toward a just and lasting peace."

THE PEOPLE'S REUNION. Every man, woman and child in Baltimore county should make it a point to spend at least one day at the great annual People's Reunion, to be held at Timonium during the week beginning August 31 and ending September 6.

Barring unfavorable weather, the People's Reunion this year ought to be the greatest in the history of the county, for the Managers have spared neither pains nor money to make it a bang-up affair. It has been their special aim, it seems, to provide some of the attractions for amusement for every member of the family, so that there may be no excuse for leaving anyone home.

The racing will be up to the usual high standard, but racing this year will by no means be the whole show. Practically every breed of pure stock will be represented in the various exhibits, as well as all kinds of farm and household products. Farming implements and machinery of all kinds will be exhibited, thus affording the farmer opportunity to familiarize himself with the latest inventions designed to lighten his burdens and to increase his efficiency. The latest household appliances will be exhibited, of particular interest to the housewife. So it may readily be seen that something more than mere amusement can be had by spending a day at Timonium this year.

But the greatest feature of all, perhaps, is the opportunity that Timonium always affords to meet old acquaintances and to make new ones. There are thousands of people in the county and city that rarely ever meet one another except at the fair grounds. It is like unto a great family reunion, a home-coming if you please.

And then, again, what a fine opportunity it will be for the politicians. While the familiar figure of "Marce Fred" Talbot, who was always a lion on these occasions, will be missed, his successor, Congressman Benson, will surely be there to greet his old friends and supporters. Governor Ritchie, Mayor Broening, Senator Smith and other "big guns," as well as "guns of smaller caliber," will be there in force, endeavoring to find out which way the political winds are blowing, and incidentally to stir up as favorable a breeze in their own particular direction as is possible by vigorous hand-shaking, back-slapping, joke-cracking and other familiar political stunts.

Take from us, a day at Timonium this year will be well worth your while. So "pack up your troubles," etc., with some "spring chicken" and "pumpkin pies" and come prepared to "smile, smile, smile." The change will do you good.

CAMPAIGN PLANNED (Continued from Page 1)

will lead the great galaxy of speakers and the great parade of candidates immediately after the speeches of acceptance of the candidates have been made. The Democratic nominees believe in going direct to the people with their appeals. They have no sympathy with "front-porch" campaigns and will submit their cause and themselves to the public for judgment.

The people only have to be reminded that the Democratic party has demonstrated its efficiency and its respect for its pledges, and that it had not been for the obstructive tactics of a reactionary Senatorial oligarchy, we would now be in peace. Nor will the country be allowed to forget that the pledge of progressive legislation made by the Democratic party in its campaign of false pretense in 1918 were mere political puffs, with little or no attempt upon their part to make good their promises.

The Republican party in this campaign must, of necessity, be on the defensive. The Democratic party has fulfilled the trust reposed in it and seeks only the opportunity to give a truthful account of its stewardship. The Republican party, on the other hand, cannot point with justifiable pride to its record and may only view with alarm what the electorate will do in November.

The Democratic success is now assured, its certainty will become more apparent as the campaign progresses and the true story is unfolded.

BALTIMORE COUNTY WILL STILL CONTINUE TO SEND SIX DELEGATES TO ANNAPOLIS

One Senator Will Also Represent It, Notwithstanding Fact Charter May Be Adopted—Taxpayer Says Proponents Of New Scheme Admit It Is Defective And Propose To Amend It.

[Editor's Note:—The following communication was received by The Jeffersonian from a prominent citizen of Baltimore county, who has asked that his name be withheld at this time.]

To the Editor of The Jeffersonian:—I have been reading the articles by Judge Burke in your issue of the 14th for Baltimore county. The point raised by him against the Charter are no doubt well taken from a legal point of view. His quotations from the Constitution of the State, from the Enabling Act and from the Charter convince me that it is impossible to abolish the office of County Commissioner or to take from the County Commissioners the powers they now have and exercise under the public general laws of the State. Not only are the County Commissioners beyond the reach of the Charter and the County Council but so also are the Constables, the Sheriff, the County General, the Court, the election officials, the Clerk of the Court, his deputies, the State's attorney, the health officials and the like, because all these officers are either appointed or elected in pursuance of the Constitution or of the general law of the State, and the Enabling Act expressly excepts such officers when it gives the Chartered form of government. It is therefore impossible to appoint and removal of county officers.

The proponents of the Charter admit it is defective and propose to amend it. But it cannot be amended so as to abolish the office of County Commissioner without amending the Enabling Act. Who can tell when this will be done? In the meantime shall Baltimore county be saddled with a dual government, one to be chosen by the voters for five County Commissioners, fifteen County Councilmen, one Manager and three assistants, in addition to the clerks and stenographers, assessors, etc., who do the actual work?

But the proponents of the Charter say that the county will have the power to enact local legislation. "Home Rule" is their attractive slogan. But if we are to have "Home Rule" in Baltimore county means under the proposed Charter we will be required to pay for the same out of our empty pockets and a phase designed to attract voters.

In the first place, whether the Charter is adopted or not, Baltimore county will continue to send six delegates and one senator to the General Assembly of Maryland every year. Baltimore county will continue to bear her part of the expenses of the General Assembly. The expenses of the session of the General Assembly were approximately \$175,000 and this amount was collected through the State tax on the assessed value of the real estate in Baltimore county and the several counties of the State. Baltimore county's share being in the proportion of the population of the County to that of the State.

Further, on we will meet Mr. F. S. Jones, whose wonderful efforts have been made to bring this county into show which is worth going miles to see. The visitor is now ready for the Midway, anxious to view the tank into which Miss Margaret Stanton will do her famous high dive, and we wonder how many of the Baltimore society ladies are going to take advantage of her offer to instruct them in diving on the morning of the Fair.

Surrounding Miss Stanton, is group of the Agricultural Implement Department which contains everything one could want to aid them in the cultivation of the soil.

There will be plenty of music. The famous Baby Band of St. Mary's Industrial School will give concerts during the Fair, and the Maryland Training School for Boys' Band will also be on hand, as well as a number of the best musical organizations that can be found in the county.

The Fair will open on Tuesday, August 21, and on this day the Judging will be done, so that there will be no more waiting and anxiety as to what is what. On Wednesday, Mayor's Day, Mayor Broening, of Baltimore, and his staff will be present, and will be present on Thursday, the Governor's Day, Governor Ritchie and his staff will inspect the products of the State in the different departments.

Then comes THE DAY—Friday. All the children of the State are invited to be there. They are to be the guests of the Fair Management. No charge will be made for them. There will be athletic games, and under the direction of Dr. William Burdick, Prizes and medals will be awarded for the contestants in all sorts of athletic sports. Maryland Training School for Boys, 200 strong, under the leadership of Lauria Faulkner, will give an exhibition drill. At 4 P. M. the Horse Show

will be held in the afternoon. The Fair will close on Saturday, August 28, at 10 P. M. The gates will be open at 6 A. M. and close at 10 P. M. so it will be possible for visitors to bring luncheon and put in a full day. There ought not to be a dull moment for anybody, in view of the diversity of attractions and amusements arranged by the management.

The jumps in the steeplechase course have all been filled with cedars. The grandstands, fences and other buildings have been newly painted. All the fence rails are glistening white.

The gates will be open at 6 A. M. and close at 10 P. M. so it will be possible for visitors to bring luncheon and put in a full day. There ought not to be a dull moment for anybody, in view of the diversity of attractions and amusements arranged by the management.

Special arrangements have been made with the Northern Central Railway. In addition to the regular train service, special trains will leave Union and Calver Stations daily at 10 A. M., 12:30 P. M. and 1:30 P. M., returning immediately after the races.

UNCLE JAKE BACK (Continued from Page 1, Col. 3.)

society reporter, while Ole Judas Limp-legged will report all murders, suicides, accidents and wife beatings. The Sandpaper has secured their services for the fair, and the "Jett" office, as foreman for keep himself in order. They won't be much for little Amy ter due, cause ole Ceasar's former, one of the Knob's vendors, rigged up an express what's operated by mule power and as the Sandpaper'll be er strong phonyat phonyat, they mule working their thing is all O. K. Ter turn their gold drum press their mule Ole Ceasar's rigged up er hook what's tached to his tail and all little Amy will have ter do is ter tickle the critter in their ribs so's he'll wag his tail and thusly the hook catches inter the paper, chuckle inter the press and one copy of their Sandpaper is printed full of red-hot reading.

ANALYZES RECORD (Continued from Page 1)

attacks on the President or members of the Cabinet; apparently to his mind regardless to the fact, or the Wilson administration.

A careful perusal of the Congressional Record says that when Mr. Harding entered the Senate, he revealed these things: "I was surprised as 'not voting' on many important measures, when he either absented himself from the Senate or failed to record his vote. During his first year he was not present on 144 quorum calls and failed to vote on 60 or so bills. The next year he missed 60 roll calls.

"He was always ready to take the floor on any subject of interest to support Penrose or Lodge propositions. He proved himself a standpat dependable.

He was called an 'artful dodger' by the suffragists and prohibitionists for his way of preaching one thing and practicing another. He spoke against prohibition but voted for it, and criticised suffrage but supported the proposition to give women the power to enact local legislation. "Home Rule" is their attractive slogan. But if we are to have "Home Rule" in Baltimore county means under the proposed Charter we will be required to pay for the same out of our empty pockets and a phase designed to attract voters.

will be ushered in under the direction of Mr. D. Sterrett Gittings. Saturday will be Baltimore County Day. The County Commissioners will be present, and will assist in welcoming all the different County Agents. The Fair will wind up on Monday, Labor Day. On this day quite a number of labor organizations have made arrangements to meet at the Fair.

The Race Track has been put in splendid condition and there will be six running races and one steeplechase each day, starting at 2:30 P. M. Mr. William P. Riggs will be the presiding judge and true lovers of the sport are assured of fine racing.

The jumps in the steeplechase course have all been filled with cedars. The grandstands, fences and other buildings have been newly painted. All the fence rails are glistening white.

The gates will be open at 6 A. M. and close at 10 P. M. so it will be possible for visitors to bring luncheon and put in a full day. There ought not to be a dull moment for anybody, in view of the diversity of attractions and amusements arranged by the management.

CONVENTION THURSDAY

Baltimore County Volunteer Firemen's Association Will Assemble At Reisterstown.

The Thirteenth Annual Convention of the Baltimore County Volunteer Firemen's Association will be held at Reisterstown, this county, on Thursday next. It will be a big event in the history of the town, for from early morning until late at night there will be something doing.

Twelve volunteer fire companies of this county will be in the parade with their rapparatus, as will also some of the county's paid departments and visiting organizations. The formation will be marshaled, officers of the association, invited guests, St. Mary's Industrial School Band, Baltimore county paid departments, volunteer companies, visiting fire companies, Conway's Carroll county band, decorated auto division, McDonough School for Boys' band and the Industrial Auto Section.
