MR. APPLEBY'S FOUL PLAY.

In a speech delivered Tuesday night before the Liberty Defense League, Baltimore City, Congressman Carville D. Benson, commencing upon the candidacy of Samuel C. Appleby, self-styled Independent candidate for Congress, said: "I want to say to you in all sincerity: When a man under our fair primary election laws..."

Men of all political creeds in Baltimore county will, we feel sure, commend Congressman Benson for his attack on Mr. Appleby. No matter what party a man may belong to, he likes to see fair play. Mr. Appleby is now attempting a very foul play. Having entered the Democratic primaries as a candidate for Congress, with no hope in the world of success, and with no other object in view than to bring about the defeat of the man who, if he were the right kind of a sportsman, he would now have his coat off trying to catch. Such a political game is revolting to all good citizens, and now that Mr. Appleby will be able to muster a "corporate guard" in this Congressional district.

Congressman Benson may have his faults, as do all men, but no one can justly accuse him of ever having "fouled" a political contest. He has always played the political game according to the well established rules and customs, and if Mr. Appleby had been chosen the party's nominee he would have no more loyal supporter today than the genial Congressman.

THE JEFFERSONIAN, therefore, appeals to Mr. Appleby's friends (if he has any left) to now do unto Mr. Benson as they would have expected Mr. Benson's friends to do unto Mr. Appleby, if the reverse were the case. No real Democrat would do otherwise.

RASPBURG.

On Monday evening last the degree staff of Garden Rebekah Lodge No. 33, was entertained by Miss Anna I. Grace at her home. A western meal feast was the treat of the occasion. Amusing games were played and song and music indulged in. Mrs. Anna I. Grace is captain of the staff. Miss Stella Biddison, daughter of ex-Senator John S. Biddison, is spending several weeks with friends at Tilton, New Hampshire. Mrs. John P. Latz and daughter, of Baltimore, have returned home after a visit to Mrs. H. Clifford McCormick, of Kenwood, Indiana.

ARMACOST.

The many friends of Judge James B. Bentz gathered at his home last Monday and cut his barn frame, to replace the one that was burned after being struck by lightning. The work was done in less than a day. "Adversity makes men brothers" quicker than prosperity. Joseph Armacost and family, who were visiting friends in Ohio, returned home the first part of the week. Mr. Wesley Royston of the West, made a hurried trip to Maryland to see his mother, who is quite ill. He who falls in love and not get hurt by the first fall is a lucky fellow. Some of the folks way up here in the "Barrens" would like for a good speaker to come to the "White House" to tell them the good and bad of the Charter Form of Government. If no one else can come, Uncle Jake will do.

HEREFORD.

Sunday School at 9:30 A. M.; preaching at 11 A. M., at both churches. Rev. G. Warren Hutchison is engaged to his new field of labor in Dover, Del. He has the good wishes of his friends. A very pretty wedding was held on last Saturday evening when Miss Alice M. Myers, only daughter of Mr. and Mrs. Richard Myers, and Mrs. L. Miller, youngest son of Mr. and Mrs. S. Howard Miller, were married at the home of the bride by Rev. Edward Minor, of Walbrook, a former pastor of the Baptist Church here. The bride was gown in ivory satin and carried white roses. Miss Bertha Esterline, a friend of the bride, played the wedding march. A supper preceded the ceremony. Only the immediate families and a few friends were present. After the ceremony the couple left for a northern trip. After their return they will reside here.

MOUNT ETNA.

Mr. and Mrs. Clarence Bosley and family spent the week end with relatives in Baltimore. Miss Iva Thompson, of Baltimore, spent the week end with her parents here. Mr. and Mrs. John Wilhelm, of Butler, were visitors at the home of Mr. and Mrs. Emory Wilhelm on Sunday. Mr. and Mrs. W. S. Thompson spent Sunday with the latter's parents, Mr. and Mrs. George Chittell. Miss Rose Thompson and Miss Gladys Thompson recently visited Miss Nellie Rosier.

Public Health And Nursing Service Will Have Educational Booth.

OWINGS MILLS.

It was reported in the daily Sun that St. Swithen died on Sunday night. If so, the one or two has been shuddering a large amount of tears for him, as it has been raining more or less since the death of the saint.

FORMER JUDGE BURKE DEMOLISHES ARGUMENTS ADVANCED BY MAJOR BARTON.

(Continued from Page 1)

Major Barton is clearly wrong in his contention. The Council is obliged, under the Charter, to sit 26 days in December each year, and a majority of the body, but lawmaking constitutes only a small part of the numerous duties imposed upon the Council, and there is absolutely no limit fixed in the Charter as to the number of days the Council may sit to discharge these numerous other duties. Judge Burke contends that the Council, in order to meet about as often as the County Commission, should meet, that is, 150 days in a year, and in making this contention he would seem to be right. Nowhere in the Grant or Powers from the Legislature is the County Manager mentioned. No powers whatever are reposed in him. All the powers granted are reposed in the Council, and it is difficult to see how the Council can exercise these powers without holding regular meetings every day. If it is to do for the councilmen to simply fold their hands and leave the government to the County Commissioners, for instance, who are not elected for exclusive governmental powers in the county, should decide to hire a "manager" to get the county for them. The idea would be ridiculous, and yet that is exactly what Major Barton evidently thinks the County Council will do.

Another thing. The several districts in the county may not send "rascals" to the Council as Major Barton suggests, nor politicians, yet they are apt to be ordinary human beings, and the disposition of ordinary human beings is to get together just as often as the law permits to exercise political powers, especially when they are assured of getting at least \$5 a day and traveling expenses every time they meet. So no one is disposed to take seriously the Major's contention that the Council will meet only 26 days. There is nothing in the Charter to prevent the Council from meeting every day, if it should see fit to do so, and as the Councilmen are to be paid so much per diem instead of so much per year, they may be expected, as human beings to meet as often as the proper discharge of their duties should require, and in all probability they would meet at least three days a week, as Judge Burke contends. And every day the Council meets the county will be put to an expense of at least \$100 for salaries and traveling expenses.

The contention of Judge Burke that the office of County Commissioner will not be abolished upon the adoption of the Charter is a legal question upon which there has been some difference of opinion among lawyers, but the reasons which the Judge gives for his contention seems to be sound and convincing, and certainly no man in Maryland is better qualified to give a correct opinion on the question than he. At any rate, it is a question that will ultimately be decided by the courts, in the event of the adoption of the Charter, thus creating unnecessary confusion and expense in the administration of county affairs.

HAS PROGRESSIVE IDEALS.

(Continued from Page 1) The support of only a few independent voters, but of Republican voters as well who want to see the peace treaty ratified and the League of Nations established. His election means the ratification of the treaty and America's entrance into the League of Nations. The election of Senator Harding means that the peace treaty will not be ratified and that the United States will not enter the League of Nations. We need not inquire what reservations will be attached to the treaty. It is sufficient to know that such reservations will be attached as will carry out the will of the American people in the event of their ratification. To make ratification possible and that these reservations will not destroy the vitality of the league covenant.

"JOKER" IN BILL.

(Continued from Page 1) These disabled men with an impatient, hell. The principal complaint the American Legion makes, however, is that Senator Warren has introduced a "joker" in the form of an amendment to the Darrow bill for the benefit of disabled men who are obliged to learn new vocations before they can earn an independent livelihood. Among other things, the Darrow bill provided for a flat increase of \$20 a month to these men, then receiving only \$80 a month, with which to meet the high living cost of the country.

The amendment of seventeen words provided that the increase should go to only those men "engaged in congested centers of population where maintenance and support is above the average and comparatively high." This "joker" was included at his instance and insistence," the article says of Senator Warren. With the passing of this amendment, it became necessary for the Vocational Board having these men and the expenditures of this money in charge, to launch a campaign to find out in what communities this discrimination should be applied, resulting in months of delay in meeting the necessities of these needy soldiers.

The article reads: They have placed upon the Federal Board of Vocational Training the responsibility of interpretation and a new burden of administration which cannot be seriously hampered by its work. They have denied to thousands of disabled veterans a fair increase in the allowance given them by their Government. They have caused delays of weeks in the payment of these increased allowances to the men who are granted them by the law. They have hurled a wrench into the whole vocational training system, with the result that the heartbreaking distresses that have marked America's treatment of her wounded for the past two years will be continued for many months to come. And this just as the agencies concerning themselves with the care of the wounded men were beginning to breathe easy in the belief that most of the difficulties they had been meeting were passed."
