

Democratic Headquarters were opened in the Masonic Temple at Towson.

Mr. and Mrs. S. W. Black are moving into their new home at Towson Heights.

Miss Lorena Hall, accompanied by Mrs. Etta Weiss and her children, are visiting friends in Lorain, Ohio.

The Board of Election Supervisors on Tuesday last issued transfers to voters who have moved since the last election.

Mr. and Mrs. John E. Williams, of Delaware, who have been the guests of Miss Mary Steiber, have returned to their home.

Mr. Logie Bennett, editor of The Jeffersonian, gave a "chalk talk" to the students of the Towson High School yesterday (Friday) afternoon.

When the bicycle upon which he was riding skidded, Harry Debaugh of this place, received cuts on the face and ears. He was attended by Dr. J. S. Green, Jr.

The Towson Garage, formerly operated by Harry T. Campbell & Son, has again changed hands. Holmer L. Davis has purchased the business and good will from Thomas W. Davis and Ralph F. Truitt.

The hostess corner gatherings are again in evidence in Towson. What is the matter with you town guards anyhow? If you've got "cold feet" throw up the "spigot."

Mr. William H. Cockey has been named chief clerk in the Office of the Clerk of the Court here, and Mr. Henry Dickinson, cashier. Both appointments were confirmed by the Court this week. Mr. Cockey succeeds the late Martin J. O'Hara.

Mr. Wm. P. Cole, Jr., and Mr. J. P. Crager are the only two members of the 35th Infantry from Maryland who will attend the reunion in Philadelphia. To commemorate it a banquet will be held in the "City of Brotherly Love" today.

Miss Ada May Playhart, who was compelled to give up teaching on account of her health, the latter part of last year, has been greatly improved by her long rest and resumed her duties at the Govans School at the opening of the term.

New rules of procedure in the Circuit Court for Baltimore County have been delivered from the printer, and can be secured for \$1.25 per copy, which represents the costs of publication. These rules were recommended by a committee of lawyers and adopted by the Court.

Letters of administration on the estate of the late Martin J. O'Hara were granted in the Orphans' Court here one day this week, to his widow, Mrs. Laura C. O'Hara. A bond for \$25,000 was filed as surety and the estate is estimated as being worth about \$50,000. Mr. O'Hara left no will.

Mr. George E. O'Dell, of this place, was chosen foreman of the September term of the county grand jury. He is a son of Mr. J. Dickinson O'Dell, who was a member of the first grand jury called in this county. Just recently Mr. O'Dell, Sr., celebrated his 90th birthday.

Mr. William B. Cockey, Supervisor of assessments for Baltimore County, and Miss Ida Homes were quietly married recently by the Rev. Arthur B. Kinsolving, of Baltimore. After a motor trip through the valley of Virginia Mr. and Mrs. Cockey are residing at the former's home, in the Green Spring Valley.

The condition of Wm. Schmidt, son of Patrolman John Schmidt, who had his collarbone broken when the motorcycle which he was riding crashed into an automobile on the York Road recently, is reported to be improved. Clarence Anderson, who was with young Schmidt, and who sustained a fracture of the jaw, is also reported as doing nicely.

On Friday of last week, in the Odd Fellows' Hall at Towson, Anoka Tribe No. 133, Improved Order of Red Men, was instituted. Three visiting tribes were present and put on the degree work. An enjoyable evening was spent by all present. Anoka Tribe starts out with thirty-seven charter members and has every prospect of increasing its membership to one hundred before the first of the year.

With so many newcomers in the town, this new order should be successful. After the installation of the Tribe, the following officers were elected: Prophet, C. Harris Dunphy, who was commissioned as past sache; sache, Chas. W. Held; senior sagamore, J. Howard Murray; junior sagamore, W. Carroll Van Horn; keeper of records, William K. Burns; collector of wampum, Harry O. Williams; keeper of wampum, J. Irving Cole. The Tribe will meet Friday evenings at 8 o'clock in the Odd Fellows' Hall here.

Inhabitants of this town were shocked to learn of the sudden death of Paris L. Ruby, which occurred on Thursday evening, when he was working on the erection of a sleeping porch for his daughter, Susie, who has been in poor health for some time. Mr. Ruby lost his balance while doing some work on the structure and fell to the ground below, breaking his neck. For years he had been connected with the Union-News as linotype operator, before that having been a printer on the Maryland Journal.

Mr. Ruby was a native of Chambersburg, Pa. Mr. Ruby was a member of the official board of the Towson M. E. Church and was a member of Towson Lodge of Odd Fellows.

Feed Your Cows "PFO" DAIRY RATION

For More Milk and Better Health Cows in Good Physical Condition
Always Give Best Yearly Yield. "PFO" DAIRY RATION

will keep your cows in good physical condition with less attention in feeding.
PALATABILITY

No dairy cow ever did well on a feed she did not like. In selecting the ingredients for "PFO" DAIRY RATION we have paid most particular attention to the palatability of the mixture. Cows eat it eagerly and do not "go off feed" readily.

GUARANTEED ANALYSIS

PROTEIN, 20 per cent.;
Carbohydrates, 50 per cent.;

Fat, 3 per cent.;
Fibre, 15 per cent.

The above figures are not the real values to the feeder. It is the digestibility that counts and produces and just how much digestible nutrients in a dairy ration is what the feeder who knows his business wants to know. DIGESTIBLE PROTEIN 15½ per cent. FAT AND CARBOHYDRATES 60 per cent.

BALTIMORE, MARYLAND

He is survived by a widow, two daughters, Miss Susie Ruby, a public school teacher, and Miss Margaret Ruby, a pupil at the State Normal School, and one son, Paris L. Ruby, Jr., who attends the Towson High School.

RESOLUTIONS.

Whereas, In the dispensation of Providence it has pleased Almighty God to remove from our midst our friend and associate, Mr. Martin J. O'Hara; and whereas, he was identified with this bank as a director since its organization and contributed greatly by his energy and influence to its prosperity and growth, and whereas, his associates on the board who knew from constant association, the manner of man he was, desire that some minute shall be made in the records of the bank showing their esteem and regard.

Be it resolved, by the Board of Directors of the Baltimore County Bank that in the death of Mr. O'Hara this bank has lost a wise and conservative member of its board; society a Christian gentleman of sterling integrity and worth; this bank a genial companion and friend; and his wife and daughter a loving and considerate husband and father.

And be it resolved further, That a copy of these Resolutions be sent to his family and be published in the county papers.

FRANK L. DUNCAN,
CHAS. E. WEAKLEY,
ERNEST C. HATCH,
Committee.

9-25-11.

NOTICE IS HEREBY GIVEN

That a partnership heretofore existing between Thomas W. Davis, Ralph F. Truitt and Homer L. Davis, trading as Towson Garage, has this day been dissolved by mutual consent. Homer L. Davis has purchased the business and good will of said partnership and will continue the business under the name of The Towson Garage. He respectfully solicits a continuance of the favors accorded us in the past by our friends and patrons.

September 25, 1920.

FRAYS HIS PARTY

(Continued From Page 1, Col 1)

practically all Unitarian, the church in America has always had a deep interest in that little Eastern country. It has a population now of several millions, but not more than 75,000 are Unitarians.

"I visited 103 towns and villages and saw enough to convince me that the treaty which guarantees the rights of minorities cannot be upheld unless the League is in operation and is functioning properly and effectively.

Therefore, although I am a Republican, I am opposed to my party's position on the League, and will vote the Democratic ticket. I feel that the treaty, with the League covenant, ought to have been ratified long ago, and that if it had been a great deal of the trouble that has developed since the war closed never would have occurred.

The League cannot, to my mind, be effective without the United States. America had the opportunity to take the moral and spiritual leadership of the world. It may have lost that opportunity, but it still has a duty to the world that it can perform only by ratification of the treaty. With the League covenant. It ought to perform that duty as promptly as possible."

ANNUAL GATHERING at MT. CARMEL

Mr. Carmel, the historic picnic ground in the "upper end" of Baltimore county, came into its own again on Saturday last, when the annual frolic of the county was held. As at all such affairs, there was plenty of public speaking, the principal orator of the day being Congressman Carville D. Benson, candidate for re-election.

After giving a history of good roads building and explaining how the main arteries were the first to be improved, Mr. Benson said the State had taken up the improvement of lateral roads and that the Hereford-Hampstead road would be the first to benefit under the lateral road law. He said bids had been opened but as yet no one had found it would cost \$50,000 a mile at present.

the authorities decided to give out the contract for the grading of a portion of the road this year and to wait until spring to again advertise for bids.

Mr. Benson said two miles of the road will be constructed under the first contract and that no other road will be built until after this work is completed. He pointed to the benefits derived by the rural sections of the county from the improvement of York road and said greater benefits would follow the construction of improved lateral roads.

Wm. R. Price, secretary of the Tax-Payers' League was on hand and had something to say about the new charter.

The other speakers were former Judge Benjamin G. Miller, of the Orphans' Court, who also presided, and D. Fred Shamberger, of the Federal Land Bank, who called the meeting to order. The Hereford-Hampstead Association was organized for the improvement of the Hereford-Hampstead road, from the York road to Hampstead, and for the improvement of all lateral roads in the farming section of the county.

The picnic was held under the auspices of the Hereford-Hampstead Good Roads Association.

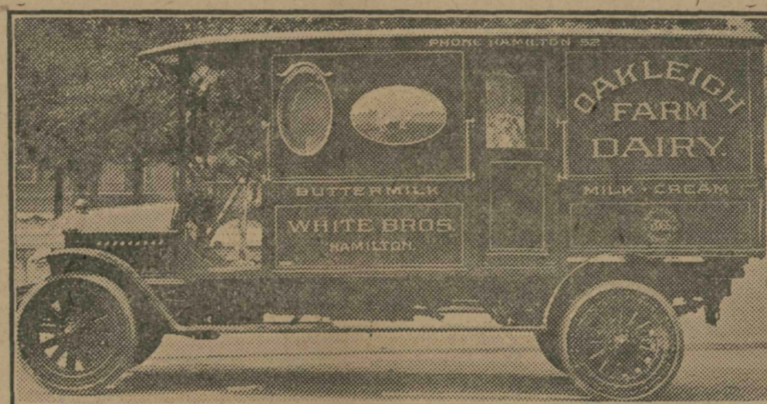

Have you any last request to make? I know it, but my wife will think I told him to say so.

But you will be better off.

The self-made man proclaims the fact. Repeats it every day. The self-made woman tries to act as if she grew that way.

The Irish nightwatchman at the observatory was new. He paused to watch a man peering through a large telescope. Just then a star fell. "Man alive," he exclaimed in amazement. "You're sure a fine shot."

IT MEANS BIGGER PROFIT
FOR YOU!

Larro-feed
Shows Its Value
On The Milk Check

Yes, Larro may cost you more money per ton—more money per feeding than some dairy feeds, but you must remember that Larro is not made to sell at a price; it has always been offered as a better dairy feed—a feed that would make your cows give you more milk and result in a bigger milk check for you at the end of the month.

Some of the best friends we have today are dairymen who at one time thought they couldn't afford Larro because it cost more money per ton than the feed they were using. Now these same fellows (thousands of them) tell us no feed ever paid them so big a profit as Larro.

They tell us that not only do their cows give more milk but they milk for a much longer period and always seem to be in so much better health than before.

Maybe you are one of those dairymen who have already tried and found out for yourself what a wonderful feed Larro really is. If so, you will surely be glad to tell your farmer friends about it. But if you aren't now using Larro, then we are both missing something.

Get your supply of Larro today.

Let this be the beginning of increased profits for you.
