MOSES KAHN OF OLD TOWN

"The Good Maker of Kahn's Good Klothes."
COR. GAY and EAST STREETS
Just One Short Block South of Belair Market
"Your Good Money's Worth Or Your Good Money Back"

DON'T BE "BAMBOOZLED" INTO PAYING TWO PRICES FOR YOUR CLOTHING

COME TO "MOSE" AND GET YOUR GOOD MONEY'S WORTH

UNTIL prices become normal—down to where they belong—there will be a lot of fluctuating. Dealers who bought heavily during the high market will, of course, charge high prices, or lose heavily.

Thank goodness, "Mose" wasn't caught in this trap. The cloth of some of the clothing that "Mose" is selling this Fall was contracted for long before the war.

He bought it when prices were normal, and it's been delivered to him as he needed it, and that's the reason he's been selling his good clothes at lower prices than others—giving you a good bargain.

MOSES KAHN OF OLD TOWN

BEST CLOTHES IN BALTIMORE AT THE LOWEST PRICES

AND now that "Mose" has started the lead in cutting prices, others are following.

But you may trot around this good "Old Town" until you're footsore and you'll not get the values—the "good money's worth"—that "Mose" gives you. "Kahn's Good Klothes" are as good as their name, and there are none better at any price.

"Mose" is giving you in his big sale of Suits and Overcoats the biggest bargains in Baltimore.

You positively cannot match them anywhere for less than twice the money.

And the good "boy" says to every honest and deserving man that he shall get these bargains.

THIS IS "MOSE'S" GOOD BILL OF FAIR FALL SUITS FALL OVERCOATS

Here's the Little Machine That Is Revolutionizing Wood Cutting

WADE'S Gasoline DRAG SAW
Cuts 25 Cords A Day

Has a capacity of 25 cords a day and will pay for itself in a season's work and leave you a handsome profit besides.

When loaded with gasoline and water it weighs only 285 pounds. One man can move it on a log and it only takes two to shift it from one log to another. Don't be fooled with rigs mounted on wheels. They could not be hauled otherwise on account of their weight. They have 4-cycle engines of only 3 horse power with valves and springs. Our 2-cycle engine is compact light weight (being 3/4 or only 285 pounds complete) 4 horse power and eliminates valve and spring trouble. We furnish 6 foot blade regular; 5 or 7 foot if desired. There is only ONE WADE and it has a half a century reputation behind it.

Cuts a 40-inch log in five minutes, about ten times as fast as two men with a cross-cut saw can do it in the old-fashioned way.

It's just as far ahead of hand power as the automobile is ahead of walking—in fact, it's the application of the auto principle to the saw.

The WADE SAW is equipped with a 4 horse power, 2-cycle gasoline engine, driving the saw with abundant power, while a safety clutch prevents the saw pinching in the cut. Saw has 20-inch stroke and one gallon of gasoline will cut about ten cords of wood.

The Addition of a Selden Farm Truck Will Make Your Farm Worth More.

Farm values increase immediately when Selden Farm Trucks are installed. A speeding-up of every operation begins—more work is done daily and at a lower cost than before.

More land can be planted, bigger crops can be raised and transported to the market or shipping point quicker and cheaper. Profits are multiplied. More is accomplished with fewer men about the place. Labor shortage ceases to be a handicap when Selden Farm Trucks go to work.

Selden Farm Trucks are equipped with pneumatic tires, which assure positive traction on any road or farm surface, and provide greater comfort for the driver and maximum protection to perishable crops and live stock.

The "In-Built Quality" construction of Selden Farm Trucks is perfectly adapted to farm requirements. Considering the long service rendered by these sturdy farm models and their comparatively low first cost, they are the lowest-priced trucks manufactured today.
