All Towson Shares Our Success

Not only does our plant afford pleasant and healthful employment for hundreds of Towsonites, but everyone in Towson is benefited by the additional money that is brought to Towson.

This money comes from all over the United States, and from many foreign countries as well. A considerable portion of it is spent in Towson, contributing largely to the general prosperity.

This is money which is brought into Towson from outside, not merely the circulation of money that is already here.
