RAISE MORE HOGS AT LESS COST
BY USING

FEED

The most valuable pig for a breeder to raise is the one that will give him the most money for the feed consumed.

Spring Garden Hog Feed is all food, no waste. The protein content is practically all digestible as compared with 70% digestibility in corn.

It is made from corn germ or hearts, corn oil meal, corn bran and part of the crown portion of the kernel. Thoroughly kiln-dried and sterilized; packed clean by machinery; free from dust and adulterants. Guaranteed to keep pure and sweet and do all we claim for it or money back.

Resin-Clear as Amber

From the heart of the pine forest flows the clear amber resin used in Kirkman's Borax Soap.

It is healthful, cleansing and helps to make the rich lasting suds which quickly remove the dirt when clothes are washed with

KIRKMAN'S BORAX SOAP

All Towson Shares Our Success

- Not only does our plant afford pleasant and healthful employment for hundreds of Towsonites, but everyone in Towson is benefited by the additional money that is brought to Towson.
- This money comes from all over the United States, and from many foreign countries as well. A considerable portion of it is spent in Towson, contributing largely to the general prosperity.
- This is money which is brought into Towson from outside, not merely the circulation of money that is already here.
