"Your Good Money's Worth Or Your Good Money Back"

"Mose's" Great Sale of Suits and Overcoats That Will Revolutionize The Clothing Business of Baltimore

SUITS AND OVERCOATS ALMOST GIVEN AWAY

THIS BIGGEST BARGAIN SALE OF THE SEASON

AND you must keep in mind that the suits and overcoats that "Mose" gives you in this Great Sale are his own good make.

Every garment was cut from the cloth in the bolt and tailored and made up right here on his own premises in "Old Town"—the home of "Kahn's Good Klothes."

They are so good that "Mose" says if you buy a suit or overcoat from him, and if it doesn't hold out to be as good as represented, or if you in any way become dissatisfied with it, you may return it and get your good money back.

That's the kind of a square business that "Mose" does, and that's the kind of business that made him the big clothing man in "Old Town" he is, and that's made him so many good friends and customers.

**WADE'S Gasoline DRAG SAW**  
Cuts 25 Cords A Day

Has a capacity of 25 cords a day and will pay for itself in a season's work and leave you a handsome profit besides.

When loaded with gasoline and water it weighs only 285 pounds. One man can move it one log and it only takes two to shift it from one log to another. Don't be fooled with rigs mounted on wheels. They could not be hauled otherwise on account of their weight. They have 4-cycle engines of only 3 horse power with valves and springs. Our 2-cycle engine is compact light weight (being 75 lbs.) or only 285 pounds complete! 4 horse power and eliminates valve and spring trouble. We furnish 6 foot blade regular, 5 or 7 foot if desired. There is only ONE WADE and it has half a century reputation behind it.

Cuts a 40-inch log in five minutes, about ten times as fast as two men with a cross-cut saw can do it in the old-fashioned way.

It's just as far ahead of hand power as the automobile is ahead of walking—in fact, it's the application of the auto principle to the saw.

The WADE SAW is equipped with a 4 horse power, 2-cycle gasoline engine, driving the saw with abundant power, while a safety clutch prevents the saw pinching in the cut. Saw has 20-inch stroke and one gallon of gasoline will cut about ten cords of wood.

The Addition of a Selden Farm Truck Will Make Your Farm Worth More.

Farm values increase immediately when Selden Farm Trucks are installed. A speeding-up of every operation begins—more work is done daily and at a lower cost than before.

More land can be planted, bigger crops can be raised and transported to the market or shipping point quicker and cheaper. Profits are multiplied. More is accomplished with fewer men about the place. Labor shortage ceases to be a handicap when Selden Farm Trucks go to work.

Selden Farm Trucks are equipped with pneumatic tires, which assure positive traction on any road or farm surface, and provide greater comfort for the driver and maximum protection to perishable crops and live stock.

The "In-Built Quality" construction of Selden Farm Trucks is perfectly adapted to farm requirements. Considering the long service rendered by these sturdy farm models and their comparatively low first cost, they are the lowest-priced trucks manufactured today.

WRITE for further information on the Selden FARM Truck and the Selden ALL-PURPOSE FARM BODY (five different types of bodies in one). Learn how to increase the value of your farm.
