THIS medicine is altogether from the Vege-L table Kingdom, and may be used by any one without injurious consequences, by a wise choice and combination of some of the best of each class of co-operative simple remedies. The fame of it spread; the people far and near sent to the doctor for his successful and wondorful combination of Indian remedies; which was freely given them, until the cases became so numerous and the demand so great, that the doctor was advised by his friends, and induced thro'
