HAMPTON'S VEGETABLE TINCTURE,

AND CURE FOR Rheumatism, Dyspepsia, Scrofula, &c. THIS medicine is altogether from the Vege-L. table Kingdom, and may be used by any one without injurious consequences, by a wise choice and combination of some of the best of each class of co-operative simple remedies. It fully reaches all the essential organs of the human system, and thus it has proved itself so effectually curative of the whole round of curo-NIC AFFECTIONS.

This article was discovered by Dr. JESSE HAMPTON, now in fine health in the 79th year of his age. He was born in Virginia in 1775, emigrated to Kentucky-then a wildernesswith his father in 1779. In early manhood be was so reduced by disease as to be almost wrecked in constitution. He spentmuch of his living for medical advice and attention, and grew nothing better, but worse. Finding no relief from his physicians, he resolved to try the restorative power of the roots, barks, leaves. plants, &c., of the forest. He then dwelt in the midst of the Red Men of the Western Wilds. Having heard much of their skill in the use of Wharf, and at the same hour every succeeding tucky, had obtained from the "medicine men"

of the Indians. He carefully studied the nature of the medicines used by them, combined them according to the light he had received, used them as he had been taught, and had the cheering satisfaction of finding disease driven from his emaciated body and vigorous health given in its stead. His case was of ne ordinary kind, but astonishing to his friends and neighbors. The fame of it spread; the people far and near sent to the doctor for his successful and wondorful combiher route in a few days. Due notice will be nation of Indian remedies; which was freely given them, until the cases became so numerous and the demand so great, that the doctor was advised by his friends, and induced thro'
