The publishers offer this valuable historical work on the horse and horsemanship of this continent, as the most complete publication of the kind which has ever been issued in this country. The importance of the horse and horse breeding, in the broadest point of view, as a source of national wealth and an element of national greatness and power, is now generally recognized in all civilized communities; but in none has it been so fully admitted, or has the cultivation of the animal been carried to such perfection, as in the United States of America and the Mother Country. The author of the work—a true lover of the horse—stands pre-eminent for ability, experience and research, on the interesting subject on which it treats. He has been long engaged in collecting material, and has received the support and cordial assistance, in his task, of many of the first and most famous breeders in the country, and has been favored by them with the use of private family records and MSS., as well as printed works and documents equally valuable and difficult to obtain. No pains have been spared to render it correct and entirely reliable as an indispensable authentic history. The general view of the *contents* presented above, will show that it is intended to be a work of actual utility and interest to all classes. Neither a stud-book nor a turf-register, it will contain matter of the highest import to the turfman, as to the breeder, the ameteur, the hunter, the lady equestrian, the yokeman and the bold dragoon. A prospectus, inclosed in muslin covers, containing the quality of paper, *India proof* Engravings, Pedigrees, Tables, &c., with specimen pages of the Work, will be shown by the authorized agent, who presents this general circular. It will be found to correspond both in size and quality of paper to that elegant work, "The Republican Court." The Portraits accompanying the specimen pages are offered as representatives, both as regards the correctness of the paintings, and the fine artistic finish of the engravings, of the celebrated horses whose likenesses they perpetuate. It will be seen that no expense has been spared to make the whole work creditable to American Art, and fully satisfactory to amateurs of correct taste. This work will be elegantly printed on fine linen paper, in two imperial octavo volumes of eleven hundred pages; all the impressions from the steel-engraved portraits,* together with the vignette engravings, from Mr. DARLEY'S original designs, will be printed on *Indian Paper,* with the most scrupulous care, by Mr. WM. D. DUNBAR. The expense involved in this undertaking being very large, has induced the publishers to issue it by **Subscription Only;** and as the number of copies to be printed will be confined strictly to the number of subscribers, they earnestly invite all who are friends of the "noble animal," in all parts of the Union, to assist them in circulating this invaluable work, by promptly forwarding to them their subscriptions, or giving them to their Agents.—The work will be ready early in the coming summer—PRICE **$10** per copy.

STRINGER & TOWNSEND, Publishers,
No. 222 Broadway, New York.

☞ The above important work is to be published BY SUBSCRIPTION ONLY. It will not be obtained except through the AGENTS.

The undersigned has been appointed by the Publishers as their Agent for PRINCE GEORGE'S, CHARLES and ST. MARY'S Counties, and is now receiving subscriptions.

As the work is one of great interest to Agriculturists, and to all who take an interest in the Improvement of Stock, it will doubtless obtain a large sale in the country.

Persons in the above counties wishing to become subscribers, will do well to address the undersigned without delay. The price of the work (two volumes complete) will be **$10,** payable on delivery. THOMAS J. TURNER.

To the Tobacco Planters of Prince George's and Adjoining Counties.

KETTLEWELL'S

No. 1 Manipulated Guano.

THE high price of Tobacco, with every prospect of its remaining so, should stimulate every planter to grow the largest crop, and of the best quality. My No. 1 MANIPULATED GUANO, containing 8 per cent. of ammonia and 45 to 50 per cent. of phosphates, used in conjunction with my Potash and Plaster, will ensure this—a growth equal to Peruvian, and a quality equal to what is grown upon new and rich soil.

Peruvian Guano will produce a large, slim, flaggy leaf. The manipulated one equal in size, but strong and firm, with a rich greazy appearance. This is neither theory or fiction, but actual experience, and a statement upon which every man may rely.

Eight per cent. of ammonia is more than is necessary to fulfil the requirements of this element, whilst the excess of phosphates in the manipulated, gives the strength and the quality.

☞ Price **$48** per ton of 2000 pounds. Plaster and Potash **$3 50** per barrel.

Threshing Machines.

Linton's Iron Geared Threshing Machines--Warranted to be the very best in the Market.

THIS machine is driven with an iron rod in the place of a band. There is no slipping of bands about this machine, which has been a great trouble and expense by losing time to fix the bands, which often occurs to all machines worked with a band. This IRON GEARED MACHINE is warranted to thresh faster, with less horse power, than any band-machine. It is warranted to give perfect satisfaction. We sold last year **63** of these machines in Anne Arundel and Charles Counties. We give some few references:

Owen Cecil, George Claytor, Mathew Hardesty, N. L. Darnall, John Jones, Dr. Jacobs, — Anne Arundel County.
John T. Barber, W. P. Hardesty, Captain Stallings, — Calvert County.
Francis T. Soper, Prince George's County.
H. L. Mudd, Josiah Hawkins, J. N. Harrison, — Charles County.

Any farmer wanting one of these machines will please call on H. M. LITCH, JOHN KEPLINGER, (our agent,) or GEORGE CLAYTOR, who will give all the information desired. The price of our best six horse machines, with PLATE, BARS, HORSE POWER and STRAW CARRIER, all complete for threshing is **$165,** delivered on board vessels in Baltimore. Four Horse Power and Machine, finished in the same style, **$150**—and fully warranted.

We have machines for less money, but it is the interest of the farmer to have the best, as it will last double as long. This machine was exhibited at Upper Marlborough at April Court, Annapolis and Port Tobacco, Charles County. When a farmer purchases one of these machines, and is ready to use it, if he will let me know, I will send a man, free of charge, and set the machine up and start it, and if it does not give perfect satisfaction, he can return it again.

Farmers will please send in their orders at an early day, so that we can ship in good time.

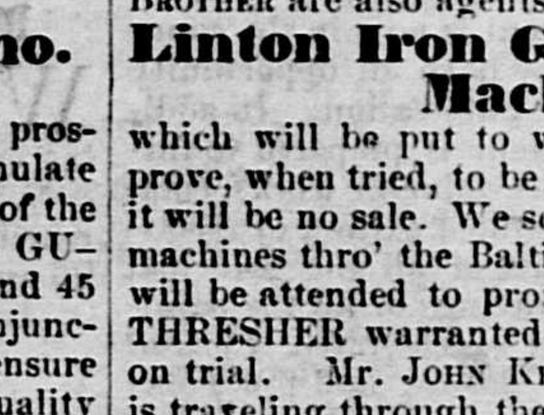

This horse-power can be attached to any mill or corn sheller without any extra expense. Old horse-powers and every kind of old iron taken in exchange. All orders will be promptly attended to. ☞ Warehouse and Office No. 151 North High Street, between Hillen and Gay Streets, Baltimore.

FOR CONGRESS.

AS the time is approaching when the National Union Democratic party of this Congressional District will again be called upon to select a standard bearer for the approaching Congressional contest, I would beg leave to suggest the name of our late distinguished Representative, General THOMAS F. BOWIE, as one that will be the most likely to harmonize all discordant views—unite all who not only profess but practice devotion to constitutional liberty and be certain to lead us to a second victory over a wily, dangerous and now desperate faction. It will be borne in mind that at the last Congressional canvass, the new Union party was but an experiment—an experiment, it is true, fraught with momentous consequences to our future political and social well-being—still, it was but an experiment, and under the leadership of General BOWIE, our cause prospered—our principles triumphed—our enemy was discomfited. Another such canvass, and the Union party would become a "fixed institution" in this Congressional District. Such another canvass can be had if we select as our leader the gentleman who has so satisfactorily to his constituents and so creditably to himself fulfiled all the duties and met all the responsibilities of our Representative in Congress. Under any other standard bearer, I foresee nothing but distraction—division and defeat—General BOWIE for himself, I am confidident, will acquiesce in whatever may be the will of the convention, and labor for its nominee with his accustomed energy and zeal—but he cannot control the voters of the District who think that justice, gratitude, honor, and the success of our principles demand that he shall not be pretermitted to gratify mere caprice or even individual ambition at the sacrifice of most important and vital interests of the district. Success now will make our party the permanently triumphant party of this district.—General BOWIE then would I am sure cheerfully give way to others if the voters of the district should desire a change. But let us make our party; and see the way clear before we presume too much on our own strength or our enemy's weakness.

AN ORIGINAL DEMOCRAT.

April 8, 1857—tf

MR. EDITOR:—As the question of a change in our Congressional delegate has been agitated (although it appears to me we could hardly be more ably represented) I would suggest the name of one of our own countrymen,

MAJOR SAMUEL H. BERRY.

It would be superfluous to mention anything here of Major BERRY'S qualifications for the honorable station. Suffice it to say as to experience, energy, highmindedness, and the most pleasing and captivating eloquence, Major BERRY has hardly an equal in the district. His nomination would be hailed with pleasure—and his election certain—as Democrats and Old Line Whigs would support him to a man. R.

$100 REWARD.

RANAWAY from the subscriber, living near Upper Marlborough, Prince George's County, Maryland, negro man

ISAAC.

He is about fifty-five years of age; about five feet ten or eleven inches high; very black. One of his legs bend—but which one not recollected. There is one peculiarity about him, and that is, when spoken to, he is apt to raise his hand and scratch his head. He has a wife belonging to Samuel B. Anderson, Esq., living near Tenally Town, Montgomery County, where, I have no doubt, he is lurking. He has also relations belonging to the estate of the late Col. Trueman Cross, on his plantation, near Upper Marlborough.

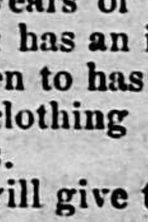

I will give the above reward for his apprehension,—no matter where taken,—provided he is brought home or secured in jail, so that I get him again.

SIR HENRY CLINTON.

THIS thorough-bred Horse, and celebrated Trotter, will be let to mares the present season, at the low price of Ten Dollars. If more than two mares are sent by one owner, Eight Dollars each will only be charged. No insurance under any circumstanece.

☞ Fifty Cents to the Groom in every case.

This fine Northern bred trotter was purchased by his present owner with the sole view of improving the breed of draft horses in this section of country, and, looking to his own performances as a fast trotter, and to those of his stock on Long Island, it is believed that no more suitable horse for that purpose could have been selected. SIR HENRY CLINTON has proved himself to be a sure foal getter—as his last season's standing most fully attests.

PEDIGREE:

Sir Henry Clinton was foaled on Long Island, and was got by HENRY DUROC, (a fine race horse,) his dam by imported ROMAN. Through his sire he traces to the celebrated Henry, Eclipse, Old Duroc and Messenger—all fast horses as well as the fastest of trotters. Flying Dutchman, Lady Suffolk, Taconi, and nearly all the fastest trotters of the North are of this family of horses.

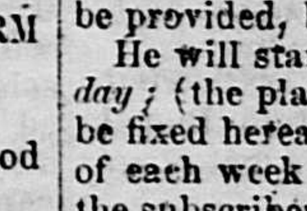

He will stand at the stables of his owner, in Upper Marlborough, on *Mondays, Tuesdays* and *Wednesdays.*

On the other days of the week he will visit the plantations of those who may be disposed to patronize him.

☞ The season will commence on the first of April and end on the first of July.

He will stand at Upper Marlborough on *Monday;* (the place for standing on *Wednesday* will be fixed hereafter;) at Queen Anne on *Saturday* of each week; and the remainder of the week at the subscriber's farm.

☞ Where there are three or more mares to be let on one farm the horse will be sent, if the distance be convenient.

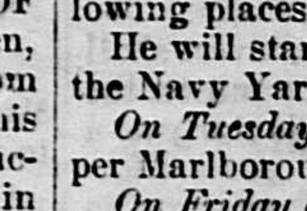

BEN BOLT

is a chestnut sorrel, full sixteen hands high, finely formed, and is one of the best saddle and harness horses in the county. He will stand the present season at the following places:

Mondays and Tuesdays—At the Plantation of Col. John D. Bowling, near Woodville.

Wednesdays and Thursdays—At the Plantation of Col. John Henry Waring.
