FOR CONGRESS.

MR. EDITOR:—As the question of a change in our Congressional delegate has been agitated (although it appears to me we could hardly be more ably represented) I would suggest the name of one of our own countymen,

MAJOR SAMUEL H. BERRY.

It would be superfluous to mention anything here of Major BERRY's qualifications for the honorable station. Suffice it to say as to experience, energy, highmindedness, and the most pleasing and captivating eloquence, Major BERRY has hardly an equal in the district. His nomination would be hailed with pleasure—and his election certain—as Democrats and Old Line Whigs would support him to a man. R.

March 18, 1857—tf

AS the time is approaching when the National Union Democratic party of this Congressional District will again be called upon to select a standard bearer for the approaching Congressional contest, I would beg leave to suggest the name of our late distinguished Representative, General THOMAS F. BOWIE, as one that will be the most likely to harmonize all discordant views—unite all who not only profess but practice devotion to constitutional liberty and be certain to lead us to a second victory over a wily, dangerous and now desperate faction. It will be borne in mind that at the last Congressional canvass, the new Union party was but an experiment—an experiment, it is true, fraught with momentous consequences to our future political and social well-being—still, it was but an experiment, and under the leadership of General BOWIE, our cause prospered—our principles triumphed—our enemy was discomfited. Another such canvass, and the Union party would become a "fixed institution" in this Congressional District. Such another canvass can be had if we select as our leader the gentleman who has so satisfactorily to his constituents and so creditably to himself fulfilled all the duties and met all the responsibilities of our Representative in Congress. Under any other standard bearer, I foresee nothing but distraction—division and defeat—General BOWIE for himself, I am confidident, will acquiesce in whatever may be the will of the convention, and labor for its nominee with his accustomed energy and zeal—but he cannot control the voters of the District who think that justice, gratitude, honor, and the success of our principles demand that he shall not be pretermitted to gratify mere caprice or even individual ambition at the sacrifice of most important and vital interests of the district. Success now will make our party the permanently triumphant party of this district.—General BOWIE then would I am sure cheerfully give way to others if the voters of the district should desire a change. But let us make our party; and see the way clear before we presume too much on our own strength or our enemy's weakness.

Threshing Machines.

Linton's Iron Geared Threshing Machines—Warranted to be the very best in the Market.

THIS machine is driven with an iron rod in the place of a band. There is no slipping of bands about this machine, which has been a great trouble and expense by losing time to fix the bands, which often occurs to all machines worked with a band. This IRON GEARED MACHINE is warranted to thresh faster, with less horse power, than any band-machine. It is warranted to give perfect satisfaction. We sold last year **63** of these machines in Anne Arundel and Charles Counties. We give some few references:

Owen Cecil, George Claytor, Mathew Hardesty, N. L. Darnall, John Jones,	Anne Arundel County.
Dr. Jacobs, John T. Barber, W. P. Hardesty, Captain Stallings,	Calvert County.
Francis T. Soper,	Prince George's County.
H. L. Mudd, Josiah Hawkins, J. N. Harrison,	Charles County.

Any farmer wanting one of these machines will please call on H. M. LITCH, JOHN KEPLINGER, (our agent,) or GEORGE CLAYTOR, who will give all the information desired. The price of our best six horse machines, with PLATE, BARS, HORSE POWER and STRAW CARRIER, all complete for threshing is **$165,** delivered on board vessels in Baltimore. Four Horse Power and Machine, finished in the same style, **$150**—and fully warranted.

We have machines for less money, but it is the interest of the farmer to have the best, as it will last double as long. This machine was exhibited at Upper Marlborough at April Court, Annapolis and Port Tobacco, Charles County. When a farmer purchases one one of these machines, and is ready to use it, if he will let me know, I will send a man, free of charge, and set the machine up and start it, and if it does not give perfect satisfaction, he can return it again.

Farmers will please send in their orders at an early day, so that we can ship in good time.

This horse-power can be attached to any mill or corn sheller without any extra expense. Old horse-powers and every kind of old iron taken in exchange. All orders will be promptly attended to. ☞ Warehouse and Office No. 151 North High Street, between Hillen and Gay Streets, Baltimore.
